An accessible exploration of best-selling author's most famous work, *The Map of Consciousness*, that helps readers experience healing and transcendence. We are all born with a level of consciousness, an energetic frequency within the vast field of consciousness. And with *The Map of Consciousness*, we can truly understand the total spectrum of human consciousness. Using a unique muscle-testing method, Dr. David R. Hawkins conducted more than 250,000 calibrations during 20 years of research to define a range of values, attitudes, and emotions that correspond to levels of consciousness. This range of values—along with a logarithmic scale of 1 to 1,000—became the *Map of Consciousness*, which Dr. Hawkins first wrote about in his best-selling book, *Power vs. Force*. With the *Map*, Dr. David R. Hawkins laid out the entire spectrum of consciousness, from the lower levels of Shame, Guilt, Apathy, Fear, Anger, and Pride; to Courage, Acceptance, and Reason; all the way up to the more expanded levels of Love, Ecstasy, Peace, and Enlightenment. These "higher" energy fields are a carrier wave of immense life energy. An essential primer on the late Dr.

David R. Hawkins's teachings on human consciousness and their associated energy fields, *The Map of Consciousness Explained* offers readers an introduction and deeper understanding of the *Map*, with visual charts and practical applications to help them heal, recover, and evolve to higher levels of consciousness and energy. This book is a light unto the path of any individual who wants to become more effective in any area of life.
