The Silent Patient Cassell  
The subject of leadership raises many questions: What is it? How does it differ from management and command? Are leaders born or bred? Who are the leaders? Do we actually need leaders? Inevitably, the answers are provocative and partial; leadership is a hugely important topic of debate. There are constant calls for 'greater' or 'stronger' leadership, but what this actually means, how we can evaluate it, and why it's important are not very clear. In this Very Short Introduction Keith Grint prompts the reader to rethink their understanding of what leadership is. He examines the way leadership has evolved from its earliest manifestations in ancient societies, highlighting the beginnings of leadership writings through Plato, Sun Tzu, Machiavelli and others, to consider the role of the social, economic, and political context undermining particular modes of leadership. Exploring the idea that leaders cannot exist without followers, and recognising that we all have diverse experiences and assumptions of leadership, Grint looks at the practice of management, its history, future, and influence on all aspects of society. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our

expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable. Docker in Practice, Second Edition QuickRead.com  
Discover your Authentic Leadership. How do you become an authentic leader? How is it that some people are born natural leaders while others struggle to make the right decisions? Well, Bill George interviewed 125 great leaders and learned that they all share one thing in common: they make the right decisions based on what 's important to them. This might seem vague, so let 's explain. Each leader follows their True North or their internal compass. Your True North represents who you are as a human being, it is the fixed point that helps you stay on track as a leader. It is based on your values, your passions, and your motivations. When you follow your True North, your leadership will be authentic, and people will naturally want to associate with you and follow you. So whenever you feel overwhelmed and as if the world is spinning uncontrollably around you, following your True North can put you back on track. As you read, you 'll learn how to become self-aware, how to set your leadership and ethical boundaries, and whether or not you fall into one of the five archetypal leaders. Turn the Ship Around! Independently Published  
Do you consider yourself to be a successful leader, or do you aspire to be so? If so then this book is for you. Do you wish to lead your teams in the most effective and energising way? Are you a follower seeking to be well led? Are you in the business of helping others to improve their performance? If you answer yes to any of these questions

then you'll find much to help you in these pages. From the authors own practical experience, from his observation of other leaders and from his wide research he found that people who have become highly respected usually display the eight characteristics described within the inspiring leadership philosophy. Employing these qualities is how they manage to get others to follow them willingly. You could do the same. A coaching client, Sarah Jane Mills, who critically reviewed a draft of this book, described the benefits as follows: "This is a fresh approach to leadership and it is named perfectly. It brings together a wealth of different ideas and concepts under a very clear and simple set of 8 principles. This is about leadership based on relationship. It gives people permission to be inspiring leaders. You can analyse your own strengths, weaknesses, opportunities and threats using the compass and you will be given a set of tools to develop your skill so you become a better inspiring leader. If you focus on these principles you will affect others in a highly positive way."

Rituals for Work OUP Oxford

"Former U.S. Navy Captain David Marquet introduced a bold new approach to leadership, based on his experiences turning around the troubled submarine USS Santa Fe. He gave up the traditional command-and-control model and instead inspired his crew to assume responsibility for every individual action. Santa Fe rapidly improved its dismal performance record, and started winning awards as the best ship in its class.

The Art of Action Bloomsbury Publishing USA

A master class in achieving and sustaining excellence, even in the most challenging of times—from the host of The Learning Leader Show and author of Welcome to Management Millions of business professionals aspire to become effective leaders. But for hardworking, growth-oriented top performers who are always looking to improve and for rigorous thinkers who are never quite satisfied with the status quo, the true goal is the lifelong pursuit of excellence. Leadership advisor Ryan Hawk has interviewed hundreds of the most productive achievers in the world on his acclaimed podcast, The Learning Leader Show, to discover the best practices for pursuing and sustaining excellence. He found a pattern of uncommon behaviors that set these stellar individuals apart. By following their examples, you will learn how to: Commit to yourself and the process and build purpose, focus, and discipline Develop resilience to face new challenges and find inspiration for the long haul Seek guidance and lead others to new heights Meet the moment and make the most of every opportunity to excel Create a trusted group of advisors and become a lifelong learner

Packed with specific actions to take, experiments to run, and tools to analyze what works best for you, this uncompromisingly practical guide will inspire, challenge, support, and empower you to become your very best. Put mindsets into action and turn behaviors into habits with The Pursuit of Excellence.

Encyclopaedia Britannica Penguin Torture in Abu Ghraib prison.

Corporate fraud. Falsified records at Veterans Administration hospitals. Teachers pressured to feed test answers to students. These scandals could have been prevented if, early on, people had said no to their higher-ups. Ira Chaleff discusses when and how to disobey inappropriate orders, reduce unacceptable risk, and find better ways to achieve legitimate goals. He delves into the psychological dynamics of obedience, drawing in particular on what Stanley Milgram's seminal Yale experiments—in which volunteers were induced to administer shocks to innocent people—teach us about how to reduce compliance with harmful orders. Using vivid examples of historical events and everyday situations, he offers advice on judging whether intelligent disobedience is called for, how to express opposition, and how to create a culture where citizens are educated and encouraged to think about whether orders make sense.

Welcome to Management: How to Grow From Top Performer to Excellent Leader Greenleaf Book Group

A new epic fantasy series from the New York Times bestselling author chosen to complete Robert Jordan's The Wheel of Time® Series Piranesi Berrett-Koehler Publishers New York Times Bestseller Winner of the Women's Prize for Fiction World Fantasy Awards Finalist The instant New York Times bestselling novel from the author of Jonathan Strange & Mr Norrell, an intoxicating, hypnotic book set in a dreamlike alternative reality. Piranesi's house is no ordinary building: its rooms are infinite, its corridors endless, its walls are lined with thousands upon thousands of statues, each one different from all the others. Within the labyrinth of halls an ocean is imprisoned; waves thunder up staircases, rooms are flooded in an instant. But Piranesi is

not afraid; he understands the tides as he understands the pattern of the labyrinth itself. He lives to explore the house. There is one other person in the house—a man called The Other, who visits Piranesi twice a week and asks for help with research into A Great and Secret Knowledge. But as Piranesi explores, evidence emerges of another person, and a terrible truth begins to unravel, revealing a world beyond the one Piranesi has always known. For readers of Neil Gaiman's The Ocean at the End of the Lane and fans of Madeline Miller's Circe, Piranesi introduces an astonishing new world, an infinite labyrinth, full of startling images and surreal beauty, haunted by the tides and the clouds. Five Alarm Leadership Nicholas Brealey

The follow-on to Time to Think and Living with Time to Think. - 'As we make sense of change in the 21st century, a deep understanding of the Thinking Environment should be part of every leadership development programme. It intrinsically values the contribution and humanity of each person, and drives team effectiveness. Its power is evident in higher quality relationships, as well as in shorter, smarter meetings. Bravo!' - Rosemary Grant, Statutory Director, Johnson & Johnson Medical UK The quality of everything we do depends on the quality of the thinking we do first. The leaders, professionals, parents and teachers who understand this are at the top of their fields and inspire some of the finest independent thinking in their environments. In More Time to Think, Nancy Kline shares ten effective ways to help people think for themselves with rigour, imagination, courage and grace. From learning that the mind works best in the presence of a question (so never be afraid to risk being wrong) and that a key factor in the quality of a person's thinking is how they are treated by the people with them while they are thinking, to the importance of appreciation and of facing what you have been denying, Nancy Kline shows how to create a successful Thinking Environment, whether for two people or a larger group. - Praise for Time to Think 'Do not be fooled by the simplicity

of this process. It will unleash the power of your whole organisation.' - British Telecom 'This process is not just a set of techniques. It's a way of being in the world.' - Shirley Edwards, Xerox Corporation Praise for Living with Time to Think 'A beautiful book. Every page is a gift. Its compassionate wisdom illuminates your life and invites you to greater intimacy with your best and truest self. Nancy Kline writes to her god-daughters, and in so doing, offers timeless wisdom for us all.' - Mark Williams, co-author of Mindfulness

Leading with Purpose McGraw Hill Professional

Winning from Within by leadership and negotiation expert Erica Ariel Fox presents a contemporary approach for getting more of what you want, improving relationships, and enjoying life's deeper rewards. With principles developed while teaching negotiation at Harvard Law School and coaching executives around the world, Fox provides a map for understanding your inner world and a method for sorting yourself out. Fox uses insights from Western psychology and Eastern philosophy to resolve the gap between what people know they should say and what they actually do. She explains how to master your "inner negotiators," whether working with a difficult client, struggling with a stubborn spouse, or developing your highest leadership potential. With a Foreword by William Ury, coauthor of the classic bestseller Getting to Yes, Winning from Within: A Breakthrough Method for Leading, Living, and Lasting Change is your guide to greatness.

For the Love of a Son Penguin

If you've ever found yourself wondering how to motivate a group of people who just don't care or you'd simply like to improve your own leadership qualities, Turn the Ship Around (2013) is just the book for you! Following the story of United States Navy captain L. David Marquet, Turn the Ship Around will show you how to unlock the leadership potential that lies in each and every one of us. By watching how David turned his unmotivated submarine crew into a world-renowned team, you'll learn how achieving success is as simple as changing the way you think about leadership. Inspiring Leadership Simon and Schuster  
THE ESSENTIAL WORK IN TRAVEL MEDICINE -- NOW COMPLETELY UPDATED FOR 2018 As unprecedented numbers of travelers cross international borders each day, the need for up-to-date, practical information about the health challenges posed by travel has never been greater. For both international travelers and the health professionals who care for them, the CDC Yellow Book 2018: Health Information for International Travel is the definitive guide to staying safe and healthy anywhere in the world. The fully revised and updated 2018 edition codifies the U.S. government's most current health guidelines and information for international travelers, including pretravel vaccine recommendations, destination-specific health advice, and easy-to-reference maps, tables, and charts. The 2018 Yellow Book also addresses the needs of specific types of travelers, with dedicated sections on: • Precautions for pregnant travelers, immunocompromised travelers, and travelers with disabilities • Special considerations for newly arrived adoptees, immigrants, and refugees • Practical tips for last-minute or resource-limited travelers • Advice for air crews, humanitarian workers, missionaries, and others who provide care and support overseas Authored by a team of the world's most esteemed travel medicine experts, the Yellow Book is an essential resource for travelers -- and the clinicians overseeing their care -- at home and abroad.

Agile Conversations Macmillan

'David Marquet is the kind of leader who comes around only once in a generation . . . his ideas and lessons are invaluable' Simon Sinek, author of Start With Why Captain David Marquet was used to giving orders. In the high-stress environment of the USS Santa Fe, a nuclear-powered submarine, it was crucial his men did their job well. But the ship was dogged by poor morale, poor performance and the worst retention in the fleet. One day, Marquet unknowingly gave an impossible order, and his crew tried to follow it anyway. He realized he was

leading in a culture of followers, so he upended the traditional leadership model and put control in the hands of his crew. Before long, his team became fully engaged and the Santa Fe skyrocketed from worst to first in the fleet. No matter your business or position, you can apply Marquet's approach to create a workplace where everyone takes responsibility for their actions, people are healthier, happier - and everyone is a leader. \_\_\_\_\_

WHAT READERS ARE SAYING ABOUT TURN THE SHIP AROUND: 'I have bought this book for my entire senior team' Amazon Review 'Putting in place the ideas and practices has transformed my work life balance, engaged my teams and improved performance' Amazon Review 'Love this book. The most practical actionable advice I can remember reading' Amazon Review 'As an owner of a small business I found Marquet's book inspirational' Amazon Review IN HIS LATEST BOOK, LEADERSHIP IS LANGUAGE, MARQUET BUILDS ON HIS TEACHING, SHOWING US HOW TO LEAD OUR TEAMS TO SUCCESS THROUGH THE LANGUAGE THAT WE USE.

It Worked for Me (Enhanced Edition) Penguin UK

Following a Problem/Solution/Discussion format, you'll walk through specific examples that you can use immediately, and you'll get expert guidance on techniques that you can apply to a whole range of scenarios. Purchase of the print book includes a free eBook in PDF, Kindle, and ePub formats from Manning Publications. About the Technology Docker's simple idea-wrapping an application and its dependencies into a single deployable container-created a buzz in the software industry. Now, containers are essential to enterprise infrastructure, and Docker is the undisputed industry standard. So what do you do after you've mastered the basics? To really streamline your applications and transform your dev process, you need relevant examples and experts who can walk you through them. You need this book. About the Book Docker in Practice, Second Edition teaches you rock-solid, tested Docker techniques, such as replacing VMs, enabling microservices architecture, efficient network

modeling, offline productivity, and establishing a container-driven continuous delivery process. Following a cookbook-style problem/solution format, you'll explore real-world use cases and learn how to apply the lessons to your own dev projects. What's inside Continuous integration and delivery The Kubernetes orchestration tool Streamlining your cloud workflow Docker in swarm mode Emerging best practices and techniques About the Reader Written for developers and engineers using Docker in production. About the Author Ian Miell and Aidan Hobson Sayers are seasoned infrastructure architects working in the UK. Together, they used Docker to transform DevOps at one of the UK's largest gaming companies. Table of Contents PART 1 - DOCKER FUNDAMENTALS Discovering Docker Understanding Docker: Inside the engine room PART 2 - DOCKER AND DEVELOPMENT Using Docker as a lightweight virtual machine Building images Running containers Day-to-day Docker Configuration management: Getting your house in order PART 3 - DOCKER AND DEVOPS Continuous integration: Speeding up your development pipeline Continuous delivery: A perfect fit for Docker principles Network simulation: Realistic environment testing without the pain PART 4 - ORCHESTRATION FROM A SINGLE MACHINE TO THE CLOUD A primer on container orchestration The data center as an OS with Docker Docker platforms PART 5 - DOCKER IN PRODUCTION Docker and security Plain sailing: Running Docker in production Docker in production: Dealing with challenges Tiny Beautiful Things John Wiley & Sons A fast-paced and engaging story that takes the reader on a remarkable family journey from the flatlands of suburbia to the top of the world. Climbing Mount Everest is one of humanity's greatest feats of physical, emotional and psychological endurance. In 2008 Alan Mallory and his family took on the challenge and became the first family of four to set foot on the summit of the world's highest peak. It was a two-month journey filled with emotion, loyalty, adventure and terror. From staggering across ladders spanning seemingly bottomless crevasses and fighting exhausting bouts of altitude-related sickness to climbing through a blizzard in the dead of night and almost losing two family members' lives, every segment of the climb was an exhilarating and unforgettable challenge. This particular expedition is a fantastic example of the importance of strong family values and

maintaining a deep level of trust between team members. The story highlights many of the background experiences and adventures that prepared the Mallorys to take on such a challenge, and explores the key traits that are essential for a safe and successful outcome to any team endeavour.

“ One of the 12 best business books of all time.... Timeless principles of empowering leadership.” – USA Today "The best how-to manual anywhere for managers on delegating, training, and driving flawless execution.” —FORTUNE Since Turn the Ship Around! was published in 2013, hundreds of thousands of readers have been inspired by former Navy captain David Marquet's true story. Many have applied his insights to their own organizations, creating workplaces where everyone takes responsibility for his or her actions, where followers grow to become leaders, and where happier teams drive dramatically better results. Marquet was a Naval Academy graduate and an experienced officer when selected for submarine command. Trained to give orders in the traditional model of “ know all – tell all ” leadership, he faced a new wrinkle when he was shifted to the Santa Fe, a nuclear-powered submarine. Facing the high-stress environment of a sub where there's little margin for error, he was determined to reverse the trends he found on the Santa Fe: poor morale, poor performance, and the worst retention rate in the fleet. Almost immediately, Marquet ran into trouble when he unknowingly gave an impossible order, and his crew tried to follow it anyway. When he asked why, the answer was: “ Because you told me to. ” Marquet realized that while he had been trained for a different submarine, his crew had been trained to do what they were told—a deadly combination. That's when Marquet flipped the leadership model on its head and pushed for leadership at every level. Turn the Ship Around! reveals how the Santa Fe skyrocketed from worst to first in the fleet by challenging the U.S. Navy's traditional leader-follower approach. Struggling against his

own instincts to take control, he instead achieved the vastly more powerful model of giving control to his subordinates, and creating leaders. Before long, each member of Marquet's crew became a leader and assumed responsibility for everything he did, from clerical tasks to crucial combat decisions.

The crew became completely engaged, contributing their full intellectual capacity every day. The Santa Fe set records for performance, morale, and retention. And over the next decade, a highly disproportionate number of the officers of the Santa Fe were selected to become submarine commanders. Whether you need a major change of course or just a tweak of the rudder, you can apply Marquet's methods to turn your own ship around.

Summary of Turn the Ship Around by L. David Marquet Melbourne Univ. Publishing

The 10th Anniversary Edition of the Leadership Classic The surprisingly common sense approach to leading a global company, based on a theoretical framework first used by the nineteenth-century Prussian Army. For over a decade the approach known as 'mission command' has been taught at the leading HULT Ashridge International Business School and has been applied in transforming businesses as diverse as

spharmaceuticals and F1 racing. What do you want me to do? This question is the enduring management issue, a perennial problem that Stephen Bungay shows has an old solution that is counter-intuitive and yet highly practical. The Art of Action is a thought-provoking and fresh look at how managers can turn planning into execution, and execution into results. Drawing on his experience as a consultant, senior manager and a highly respected military historian, Stephen Bungay takes a close look at the army which built its agility on the initiative of its highly empowered junior officers, to show business leaders how they can build more effective, productive organizations. CDC Yellow Book 2018: Health Information for International Travel Vintage

From former nuclear submarine officer, turnaround CEO, and Elite Leadership keynote speaker Marc Koehler comes Leading With

---

Purpose: Declassified -- the updated and expanded step-by-step leadership guide for getting everyone on the same page, passionate about what they are doing, and focused on what matters most. In this Declassified version, Marc Koehler shares powerful never-before-heard submarine stories and shows you how to create and use your One-Page Purpose Plan to develop an engaged, empowered, and encouraged team that collectively drives success, solves problems, and manages change. Leading with Purpose has a foreword by L. David Marquet, author of the business bestseller Turn the Ship Around! The book directly coordinates with the Lead With Purpose online platform and mobile app where leaders at every level can stay connected to their company's inspiring story through their One-Page Purpose Plan for FREE.

"Leading With Purpose has transformed how we manage our company, alleviating the weight I had of feeling I had to carry all the goals and vision on my shoulders. The One-Page Purpose Plan ties long-term, annual, and quarterly goals together, empowering our team to take ownership. This book has brought clarity, motivation, and a sense of shared purpose, allowing me to breathe easier and spend more time with my family." - Jaime Prevost, CEO, Prevost

"I used to feel the need to micromanage everyone's day. Now, I am out of the minutia because each person understands our long-term vision along with their top three goals. Employees are learning and growing, and I have more time to spend leading the business." - Gregg Schneider, CEO, Caseworx Inc.
