MATLAB PARTE1.mp4

As we approach video number three hundred on this blog, I thought it was time to remake the original video that got this all started. I still refer people to it on a weekly basis. This shows you how to make a simple GUI in MATLAB. The basics of GUIDE

MATLAB Tutorial - Tutorialspoint
GUIDE saves both the FIG-file and the code file using this name. If the folder in which you save the files is

not on the MATLAB path, GUIDE opens a dialog box that allows you to change the current folder.

GUIDE saves the files simple_gui.fig and simple_gui.m, and then runs the program. It also opens the code file in your default editor.
