Introduction to GUI Building with GUIDE in MATLAB - Video ...

For assistance in migrating your apps, use the add-on GUIDE to App Designer Migration Tool for MATLAB. The migration tool reads in FIG-files created with GUIDE and automatically generates an App Designer MLAPP-file. The MLAPP-file contains configured components and a copy of the GUIDE callback code.

Tutorial De Guide Matlab

GUIDE saves both the FIG-file and the code file using this name. If the folder in which you save the files is not on the MATLAB path, GUIDE opens a dialog box that allows you to change the current folder. GUIDE saves the files simple_gui.fig and simple_gui.m, and then runs the program. It also opens the code file in your default editor.
