When American Jewish men intermarry, goes the common assumption, they and their families are "lost" to the Jewish religion. In this provocative book, Keren R. McGinity shows that it is not necessarily so. She looks at intermarriage and parenthood through the eyes of a post-World War II cohort of Jewish men and discovers what intermarriage has meant to them and their families. She finds that these husbands strive to bring up their children as Jewish without losing their heritage. *Marrying Out* argues that the "gendered

ethnicity" of intermarried Jewish men, growing out of their religious and cultural background, enables them to raise Jewish children. McGinity's book is a major breakthrough in understanding Jewish men's experiences as husbands and fathers, how Christian women navigate their roles and identities while married to them, and what needs to change for American Jewry to flourish. *Marrying Out* is a must read for Jewish men and all the women who love them. *Gladiators in Suits* Oxford University Press In *The History of Music Production*, Richard James Burgess draws on his experience as a producer, musician, and author. Beginning in 1860 with the first known recording of an acoustic sound and moving forward chronologically, Burgess charts the highs and lows of the industry throughout the decades and concludes with a discussion on the present state of music production. Throughout, he tells the story of the music producer as both artist and professional, including biographical sketches of key figures in the history of the industry, including Fred Gaisberg, Phil Spector, and Dr. Dre. Burgess argues that while technology has defined the nature of music production, the drive toward greater control over the process, end result, and overall artistry come from producers. The result is a deeply knowledgeable book that sketches a critical path in the evolution of the field, and analyzes the impact that recording and disseminative

technologies have had on music production. A key and handy reference book for students and scholars alike, it stands as an ideal companion to Burgess's noted, multi-edition book *The Art of Music Production*.

First published in 2013. Have you written the script for the next box office blockbuster or hit TV show and just need the right agent to sell it? Not sure whether to accept an offer to come deal or a script commitment? Debating which manager is the right choice to steer your career? Well, worry no more...*How to Manage Your Agent* is a fun, friendly guide to the world of literary representation. Enter the inner sanctums of Hollywood's power-brokers and learn how they influence what pitches get bought, what projects get sold, and which writers get hired. Find tips from top-level executives, agents, managers, producers, and writers to help you maximize your own representation and kick your career into overdrive! You'll learn: How agents prioritize their client list... and ways to guarantee you're at the top; When to approach new representation... and what you need to capture their interest; Hollywood's secret buying schedule... and how to ensure you're on it; The truth about packaging... where it helps and when it hurts; Which agents are best for you... and

where to find them; Advice on acing your first agent meeting... and why so many writers just blow it; Managers' tricks for creating buzz... and when to use them yourself; How to fire your agent... without killing your career; When you don't need representation... and how to succeed without it. The value of good representation is undeniable—especially in a world where agents and managers control which projects (and careers) live or die. *How to Manage Your Agent* puts you on the inside track to get your work the attention it deserves!

Whether it's Sherlock Holmes solving crimes or Sheldon and Leonard geeking out over sci-fi, geniuses are central figures on many of television's most popular series. They are often enigmatic, displaying superhuman intellect while struggling with mundane aspects of daily life. This collection of new essays explores why TV geniuses fascinate us and how they shape our perceptions of what it means to be highly intelligent. Examining series like *Criminal Minds*, *The Big Bang Theory*, *Bones*, *Elementary*, *Fringe*, *House*, *The Mentalist*, *Monk*, *Sherlock*, *Leverage* and others, scholars from a variety of disciplines discuss how television

both reflects and informs our cultural understanding of genius. Social TV e-artnow sro "When Andy Griffith went to Hollywood in 1960 to film a TV pilot about a small-town sheriff, his friend Don Knotts called to ask if his sheriff could use a deputy. Together, Sheriff Andy Taylor and Deputy Barney Fife elevated The Andy Griffith Show from a folksy sitcom into a timeless study of human friendship. The program was fiction, but the friendship was powerful and real."--Book jacket.

Shirley Booth e-artnow sro Reversing a common science fiction cliché, Farscape follows the adventures of the human astronaut John Crichton after he is shot through a wormhole into another part of the universe. Here Crichton is the only human being, going from being a member of the most intelligent species on our planet to being frequently considered mentally deficient by the beings he encounters in his new environment. John Crichton befriends a group of beings from various species attempting to escape from imprisonment aboard a living spaceship. The series, which broke many of the so-called "rules" of science fiction, follows Crichton's attempts to survive in worlds

that are often hostile to him and his friends. Their adventures center on each being's attempt to find a way home. The essays in this volume explore themes running throughout the series, such as good and evil, love and sex, and what it means to be a hero, as well as the various characters populating the series, including the villains and even the ship itself.

The Complete Guide to Article Writing Univ. Press of Mississippi Media Criticism in a Digital Age introduces readers to a variety of critical approaches to audio and video discourse on radio, television and the Internet. It is intended for those preparing for electronic media careers as well as for anyone seeking to enhance their media literacy. This book takes the unequivocal view that the material heard and seen over digital media is worthy of serious consideration. Media Criticism in a Digital Age applies key aesthetic, sociological, philosophical, psychological, structural and economic principles to arrive at a comprehensive evaluation of programming and advertising content. It offers a rich blend of insights from both industry

and academic authorities. These insights range from the observations of Plato and Aristotle to the research that motivates twenty-first century marketing and advertising. Key features of the book are comprised of: multiple video examples including commercials, cartoons and custom graphics to illustrate core critical concepts; chapters reflecting today's media world, including coverage of broadband and social media issues; fifty perceptive critiques penned by a variety of widely respected media observers and; a supplementary website for professors that provides suggested exercises to accompany each chapter (www.routledge.com/cw/orlik) Media Criticism in a Digital Age equips emerging media professionals as well as perceptive consumers with the evaluative tools to maximize their media understanding and enjoyment.

The 25 Sitcoms that Changed Television: Turning Points in American Culture Simon and Schuster

This carefully crafted ebook is formatted for your eReader with a functional and detailed table of contents. Captain America: Civil War is a 2016 American

superhero film based on the Marvel Comics character Captain America, produced by Marvel Studios and distributed by Walt Disney Studios Motion Pictures. It is the sequel to 2011's *Captain America: The First Avenger* and 2014's *Captain America: The Winter Soldier*, and the thirteenth film of the Marvel Cinematic Universe (MCU). The film is directed by Anthony and Joe Russo, with a screenplay by Christopher Markus & Stephen McFeely, and features an ensemble cast, including Chris Evans, Robert Downey Jr., Scarlett Johansson, Sebastian Stan, Anthony Mackie, Don Cheadle, Jeremy Renner, Chadwick Boseman, Paul Bettany, Elizabeth Olsen, Paul Rudd, Emily VanCamp, Tom Holland, Frank Grillo, William Hurt, and Daniel Brühl. In *Captain America: Civil War*, disagreement over international oversight of the Avengers fractures them into opposing factions—one led by Steve Rogers and the other by Tony Stark. Springer

The first biography of a great television writer and the story of his magnum opus. In early 1957, a low-budget black-and-white movie opened across the United States. Consisting of

little more than a dozen men arguing in a dingy room, it was a failure at the box office and soon faded from view. Today, *12 Angry Men* is acclaimed as a movie classic, revered by the critics, beloved by the public, and widely performed as a stage play, touching audiences around the world. It is also a favorite of the legal profession for its portrayal of ordinary citizens reaching a just verdict and widely taught for its depiction of group dynamics and human relations. Few twentieth-century American dramatic works have had the acclaim and impact of *12 Angry Men*. Reginald Rose and the Journey of “*12 Angry Men*” tells two stories: the life of a great writer and the journey of his most famous work, one that ultimately outshined its author. More than any writer in the Golden Age of Television, Reginald Rose took up vital social issues of the day—from racial prejudice to juvenile delinquency to civil liberties—and made them accessible to a wide audience. His 1960s series, *The Defenders*, was the finest drama of its age and set the standard for legal dramas. This book brings Reginald Rose’s long and successful career, its origins and accomplishments, into view at long last. By placing *12 Angry Men* in its historical and social context—the rise of television, the blacklist, and the struggle

for civil rights—author Phil Rosenzweig traces the story of this brilliant courtroom drama, beginning with the chance experience that inspired Rose, to its performance on CBS’s Westinghouse Studio One in 1954, to the feature film with Henry Fonda. The book describes Sidney Lumet’s casting, the sudden death of one actor, and the contribution of cinematographer Boris Kaufman. It explores the various drafts of the drama, with characters modified and scenes added and deleted, with Rose settling on the shattering climax only days before filming began. Drawing on extensive research and brimming with insight, this book casts new light on one of America’s great dramas—and about its author, a man of immense talent and courage. Author royalties will be donated equally to the Feerick Center for Social Justice at Fordham Law School and the Justice John Paul Stevens Jury Center at Chicago-Kent College of Law.

The word 'prepper' seems to have burst onto the scene within the last 10 years, and has increasingly become associated with "fringe" extremists. They have been labeled by some as "domestic terrorists." But is prepping a new phenomenon? Or is it a manifestation of a growing collective psyche that has learned, from traumatic events throughout our history, that preparedness is critical to human survival? For new preppers who think the worst is yet to come, this book offers a walk through history that shows the worst has been here before. For those who wonder why so many people are concerned about being prepared, this book will show that when the worst has made an appearance, those who weathered it best were those who were prepared. For those already familiar with history's worst who think, "THAT will never happen again!"—this book offers a reminder of the Wall Street adage: "Past performance is no guarantee of future results." For those who wonder what a prepper is, this book offers a look at what they used to be—and what they are today.

The sixth season of the fantasy drama television series *Game of Thrones* premiered on HBO on April 24, 2016, and concluded on June 26, 2016. It consists of ten episodes, each of approximately 50–60 minutes, largely of original content not found in George R. R. Martin's *A Song of Ice and Fire* series. Some material is adapted from the upcoming sixth novel *The Winds of Winter* and the fourth and fifth novels, *A Feast for Crows* and *A Dance with Dragons*. The series was adapted for television by David Benioff and D. B. Weiss. HBO ordered the season on April 8, 2014, together with the fifth season, which began filming in July 2015 primarily in Northern Ireland, Spain, Croatia, Iceland and Canada. Each episode cost over \$10 million. Master the art of article writing! The world of journalism is changing rapidly, and the modern journalist needs more than a basic knowledge of article writing to navigate it. *The Complete Guide to Article Writing* provides a compass for freelancers and students of journalism looking to write successfully on a wide variety of topics and for many different markets--both in print and online. From researching and interviewing to writing features, reviews, news articles, opinion pieces, and even blog posts, this one-stop guide will illuminate the intricacies of article writing so you can produce entertaining, informative, and salable articles.

- Learn how to write coherently, cohesively, and concisely.
- Choose the proper structure for the article you want to write.
- Weave narrative and fact seamlessly into your pieces.
- Develop your freelance platform with the latest in social media outlets.
- Pitch your ideas like a pro.
- Develop a professional relationship with editors.
- And much more! Modern

journalism can be a treacherous terrain, but with *The Complete Guide to Article Writing* as your companion, you'll not only survive the journey--you'll be able to write pieces that inform, entertain, inspire, delight--and sell!

McFarland

Today's media, cinema and TV screens are host to new manifestations of myth, their modes of storytelling radically transformed from those of ancient Greece. They present us with narratives of contemporary customs and belief systems: our modern-day myths. This book argues that the tools of transmedia merchandising and promotional material shape viewers' experiences of the hit television series *Star Trek*, to reinforce the mythology of the gargantuan franchise. Media marketing utilises the show's method of recycling the narratives of classical heritage, yet it also looks forward to the future. In this way, it reminds consumers of the *Star Trek* story's ongoing centrality within popular culture, whether in the form of the original 1960s series, the later additions such as *Voyager* and *Discovery* or J. J. Abrams' 'reboot' films. Chapters examine how oral and literary traditions have influenced the series structure and its commercial image, how the cosmological role of humanity and the Earth are explored in title sequences across various *Star Trek* media platforms, and the multi-faceted way in which Internet, video game and event spin-offs create rituals to consolidate the space

opera's fan base. Fusing key theory from film, TV, media and folklore studies, as well as anthropology and other specialisms, *To Boldly Go* is an authoritative guide to the function of myth across the whole *Star Trek* enterprise.

21st-Century TV Dramas: Exploring the New Golden

Age e-artnow sro

On March 15, 2011, Donald Trump changed television forever. The Comedy Central Roast of Trump was the first major live broadcast to place a hashtag in the corner of the screen to encourage real-time reactions on Twitter, generating more than 25,000 tweets and making the broadcast the most-watched Roast in Comedy Central history. The #trumproast initiative personified the media and tech industries' utopian vision for a multi-screen and communal live TV experience. In *Social TV: Multi-Screen Content and Ephemeral Culture*, author Cory Barker reveals how the US television industry promised—but failed to deliver—a social media revolution in the 2010s to combat the imminent threat of on-demand streaming video. Barker examines the rise and fall of Social TV across press coverage, corporate documents, and an array of digital ephemera. He demonstrates that, despite the talk of disruption, the movement merely aimed to exploit social media to reinforce the value of live TV

in the modern attention economy. Case studies from broadcast networks to tech start-ups uncover a persistent focus on community that aimed to monetize consumer behavior in a transitional industry period. To trace these unfulfilled promises and flopped ideas, Barker draws upon a unique mix of personal Social TV experiences and curated archives of material that were intentionally marginalized amid pivots to the next big thing. Yet in placing this now-forgotten material in recent historical context, Social TV shows how the era altered how the industry pursues audiences. Multi-screen campaigns have shifted away from a focus on live TV and toward all-day "content" streams. The legacy of Social TV, then, is the further embedding of media and promotional material onto every screen and into every moment of life.

Pictures Television e-artnow sro

An Oscar-winning Best Actress for her tour-de-force role in *Come Back, Little Sheba*, Shirley Booth would ultimately win every major acting award that could be bestowed on an actress. Awarded three Tony Awards, two Emmys, and a Golden Globe, Booth was described by the judges at the Cannes Film Festival as "The World's Best Actress." Yet today fans know her best as the warm-hearted, busybody maid of television's Hazel. This, the first biography of the beloved star,

provides complete coverage of a career that encompassed theater, film, radio, and television, and co-stars such as Humphrey Bogart and Katharine Hepburn. It begins with Shirley's childhood in Brooklyn, and her rebellious decision to become an actress against the wishes of her strict father. Included is complete coverage of her tumultuous marriage to radio comedian Ed Gardner (of "Duffy's Tavern" fame), and a second, happier union that ended abruptly with her husband's death of a heart attack. Readers of this exhaustively researched biography will come to know a versatile and gifted star whose career spanned almost 60 years. Appendices provide extensive details of her Broadway, film, radio and television (episode-by-episode) credits.

Media Criticism in a Digital Age e-artnow sro

This new book by the well-known anthropologists Jean and John L. Comaroff explores the global preoccupation with criminality in the early twenty-first century, a preoccupation strikingly disproportionate, in most

places and for most people, to the risks posed by lawlessness to the conduct of everyday life. Ours in an epoch in which law-making, law-breaking, and law-enforcement are ever more critical registers in which societies construct, contest, and confront truths about themselves, an epoch in which criminology, broadly defined, has displaced sociology as the privileged means by which the social world knows itself. They also argue that as the result of a tectonic shift in the triangulation of capital, the state, and governance, the meanings attached to crime and, with it, the nature of policing, have undergone significant change; also, that there has been a palpable muddying of the lines between legality and illegality, between corruption and conventional business; even between crime-and-policing, which exist, nowadays, in ever greater, hyphenated complicity. Thinking through Crime and Policing is, therefore, an excursion into the contemporary Order of Things; or, rather, into the metaphysic of disorder that saturates the late modern world, indeed, has become its leitmotif. It is also a

meditation on sovereignty and citizenship, on civility, class, and race, on the law and its transgression, on the political economy of representation.
