Ohio's small towns have great stories. Little Ohio presents 100 of the state's tiniest towns and most miniature villages. With populations under 500, these charming and unique locations dot the entire state—from Lake Seneca in the Northwest corner to Neville, bordering the Ohio River and the state of Kentucky. Little Ohio even ventures into Lake Erie, telling the story of Put-in-Bay. The selected locations help readers to appreciate the broader history of small-town life in Ohio. Yet each featured town boasts a distinct narrative, as unique as the citizens who call these places home. Some villages offer hundreds of years of history, such as Tarlton, laid out before Ohio had even gained statehood. Others were built with more

expedience, such as Yankee Lake, a town that was incorporated simply so its founder could host dances on Sundays without breaking state law. With full-color photographs, fun facts, and fascinating details about every locale, it's almost as if you're walking down Main Street, waving hello to folks who know you by name. These residents are innovators, hard workers, and—most of all—good neighbors. They're people who have piled into small school houses to wait out roaring flood waters, rebuilt after disastrous fires took their homes, and captured bandits straight out of the Wild West. Little Ohio, written by lifelong resident Karen Robertson, is for anyone who grew up in a small town and for everyone who takes pride in being called an Ohioan. It's one book with one hundred places to love. Practical Advice for the Simple Life Adventure Publications Featuring more than 250 favorite TV Guide crossword puzzles, this colossal collection is guaranteed to provide hours of mind-puzzling fun.

Instant New York Times bestseller "Howard Zinn on acid or some bullsh*t like that." —Tim Heidecker
The creators of the cult-hit podcast Chapo Trap House deliver a manifesto for everyone who feels orphaned and alienated—politically, culturally, and economically—by the lanyard-wearing Wall Street centrism of the left and the lizard-brained atavism of the right: there is a better way, the Chapo Way. In a guide that reads like "a weirder, smarter, and deliciously meaner version of The Daily Show's 2004 America (The Book)" (Paste), Chapo Trap House shows you that you don't have to side with either sinking ships. These self-described "assholes from the internet" offer a fully ironic ideology for all who feel politically hopeless and prefer broadsides and tirades to reasoned debate. Learn the "secret" history of the world, politics, media, and everything in-between that THEY don't want you to know and chart a course

from our wretched present to a utopian future where one can post in the morning, game in the afternoon, and podcast after dinner without ever becoming a poster, gamer, or podcaster. A book that's "as intellectually serious and analytically original as it is irreverent and funny" (Glenn Greenwald, New York Times bestselling author of No Place to Hide) The Chapo Guide to Revolution features illustrated taxonomies of contemporary liberal and conservative characters, biographies of important thought leaders, "never before seen" drafts of Aaron Sorkin's Newsroom manga, and the ten new laws that govern Chapo Year Zero (everyone gets a dog, billionaires are turned into Soylent, and logic is outlawed). If you're a fan of sacred cows, prisoners being taken, and holds being barred, then this book is NOT for you. However, if you feel disenfranchised from the political and cultural nightmare we're in, then Chapo, let's go...

OBAMA, Obama's Summer

Reading List At 28, Stephanie

Land's dreams of attending a university and becoming a writer quickly dissolved when a summer fling turned into an unplanned pregnancy. Before long, she found herself a single mother, scraping by as a housekeeper to make ends meet. Maid is an emotionally raw, masterful account of Stephanie's years spent in service to upper middle class America as a "nameless ghost" who quietly shared in her clients' triumphs, tragedies, and deepest secrets. Driven to carve out a better life for her family, she cleaned by day and took online classes by night, writing relentlessly as she worked toward earning a college degree. She wrote of the true stories that weren't being told: of living on food stamps and WIC coupons, of government programs that barely provided housing, of aloof government employees who shamed her for receiving what little assistance she did. Above all else, she wrote about pursuing the myth of the American Dream from the poverty line, all the while slashing through deep-rooted stigmas of the working poor. Maid is Stephanie's story, but it's not hers alone. It is an inspiring testament to the courage, determination, and ultimate strength of the human spirit.

In these pages you will find the story of my life, an average shmuck who's looking for that special formula to make life meaningful. In a very haphazard way, I explored the different avenues to fulfillment, or perhaps more exactly, I willingly responded to the blow of the wind. It cost me several years of my life, my only chance at education, my relationship with my parents and my formerly acute senses, but it is my belief that God himself had a plan for my life, and I was just thick-skulled enough to need those times to learn how wrong my choices could be. In the end, He directed me to Himself, and I've never been the same since...

TV Guide Teacher Created Resources

In his secluded bedroom-studio, young filmmaker Tom DeFrank builds models of fantastic creatures, and brings them to life through the old-Hollywood technique of stop-motion animation. In this cinematic 'netherworld', Tom reigns supreme, unlike in the real world, beset with loneliness, peer rivalry, and parental neglect. But when Tom constructs a new model in the likeness of a demon, he unwittingly creates a subliminal bond with an ancient entity. Now, when he animates, he summons a sinister force that wreaks the terrible vengeance of his repressed inner-rage. With every flare of the boy's passion, a strange creature is sent rampaging through the countryside, and it bears an eerie resemblance to Tom's miniature beast! Terror ensues! Only reclusive psychic Stephen Parrish, and his teen daughter Julie know of the evil awakened in their little town. Will he be able to solve the mystery in time? Will Tom learn to control this monster he's unleashed,

through his astonishing ability to create ...or destroy?

Backwoods Survival Guide Penguin

The definitive guide to living off the land. Even as the world seems to move faster and faster each day, many people are becoming ever more interested in self-reliance. They are spending more time outdoors, hiking and camping. They are growing and preserving their own food. Exploring self-reliance topics is how more and more people are staying grounded in a busy world. Homesteading is one area that falls under the self-reliance umbrella: This book explains how to raise chickens in your backyard, harvest rainwater and make it safe for consumption, save seeds from your garden harvest, and preserve food from one season to the next. The outdoor skills chapter discusses the basics of tracking, wild plants that have medicinal uses, and how to keep clean while in the field. DIY projects are always popular with the self-reliance audience: This chapter explains

how to make a homemade waterproof oilcloth tarp from a thrift store bed sheet, how to build and use a vacucanner for food storage, and, perhaps most importantly, how to roast and brew coffee while off the grid. Survival planning is certainly part of self-reliance as well, and information on caching supplies for emergencies, how to use a bow and arrow to acquire food, and why cotton clothing is a horrible choice for outdoor pursuits are all covered in this book. For everyone who is looking for ways to be more self-sufficient, the Backwoods Survival Guide is here to help.
