Network World Haynes
Publishing
Written specifically
with service
technicians and
engineers in mind, this

book is designed as a
bench-side companion
and guide to the
principles involved in
repairing and adjusting
CD players. Engineers
will find this a helpful
companion to the
various service
manuals. The text
takes a problem solving
approach with
numerous examples,
circuit diagrams and
line drawings.
Engineers who need to
achieve a better
understanding of CD
technology will find this
book an essential tool
for fault diagnosis,
adjustment and repair.
This book not only
covers the mechanical
design but also the
integrated circuits
within a CD player. It is
written for immediate

application and is well illustrated, so it should become a welcome addition to the rack of tools available to the service engineer. Ken Clements has extensive experience of the service industry both as a service manager and later in technical training with Sony and Pioneer. It is his hands-on knowledge that makes the book so valuable, not only as a wide-ranging reference but also as a benchtop manual to be kept within reach at all times when working with CD players.

The Startup Owner's Manual John Wiley & Sons

More than 100,000 entrepreneurs rely on this book. The National Science Foundation pays

hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and more than 100 other leading universities worldwide. Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help

you: Avoid the 9 deadly sins that destroy startups' chances for success Use the Customer Development method to bring your business idea to life Incorporate the Business Model Canvas as the organizing principle for startup hypotheses Identify your customers and determine how to "get, keep and grow" customers profitably Compute how you'll drive your startup to repeatable, scalable profits. The Startup Owners Manual was originally published by K&S Ranch Publishing Inc. and is now available from Wiley. The cover, design, and content are the same as the prior release and should not be considered a new or updated product. Popular Mechanics
