Rayman, named platformer of the year and winner of multiple artistic and musical achievements, is coming to the Nintendo Switch with Rayman® Legends: Definitive Edition. This edition contains the acclaimed game Rayman® Legends – 92 metacritic on Wii U – as well as new exclusive content.

Why in the H E double hockey sticks would Nintendo release a brand new game for only the Switch and the Wii, but not the Wii U?! I could maybe understand if

they decided not to make anything but Switch games, but why Wii??? The menu and navigation of the game for the Wii is a pain in the butt and the graphics are terrible! Not even worth it.
