Transfer students are an integral and welcome addition to the Biological and Systems Engineering

program. In order to ensure that students are well prepared for the program, UC Davis has established the following classes as required prerequisites to entry into the program.

University of California, Davis - Richard T. Scalettar
 9C covers electromagnetism. 9D covers various topics in modern physics, including quantum mechanics and special relativity. SISweb requires that you sign up for both lab and lecture at the same time (i.e. put in two CRNs in Add/Drop Classes) or you will get a cryptic "LINK ERROR". 9H series - "Honors Physics" Honors Physics. Consists of 9HA-9HE.
