You ' ll Never Blue Ball in This Town Again is the laugh-out-loud story of an attractive Los Angeles woman who found herself in the predicament of being an unwilling virgin. As an actress, writer, and stand-up comedienne, Heather McDonald passed up ample opportunities to have her V-card revoked by handsome, rich, and sometimes even fabulously famous men, but she could not bring herself to do " it " until well after her friends had been deflowered. As Chelsea Handler so lovingly puts it, " Thank God Heather waited twenty-seven years to lose her virginity or she wouldn ' t have any

Unlike " putting out, " blue balling might not have paid her rent or landed her free trips to Hawaii, but it did provide her with hilarious stories and adventures in her search for true love—and, ultimately, her very own happy ending. Now, Heather McDonald will never blue ball in this town again.

From the creator of the hugely popular @thefatjewish Instagram comes an outlandish collection of hilarious personal essays and images, which might be the most ridiculous book in the history of arts and letters. If Steven Seagal and Barbara Streisand had drunken sex and conceived a baby boy, he would have show business chops and be proficient in martial arts. That boy would become Josh Ostrovsky, often known as "The Fat Jew." Born and bred in New York City, Ostrovsky's

overbearing mother entered him into "the biz" as an 8-year old with exquisite cheekbones and the singing voice of an angel. He appeared in a plethora of television commercials, and after his child-acting career fizzled, Ostrovsky took 20 years away from the limelight to focus on finding himself, eventually opening a yoga center in Toronto, and receiving his MFA in pottery at Middlebury College. JK, he mostly just did drugs. But in 2009, when social media became a thing, he triumphantly returned to a life in the spotlight. He exfoliates daily, plays the harp, bakes his own croutons for every salad he eats, once saved a baby

deer with a broken leg who had fallen into a stream, and speaks fluent Portuguese. With an army of followers on social media that often border on fanatical and creepy, he is a "rising" "star" whose backup plan is to marry Suri Cruise when she's of legal consenting age. Channeling the brilliance of his online presence, MONEY PIZZA RESPECT rolls out one ludicrous story after another—from puking on his grandfather after a debauchorous drunken night to saving his deaf neighbor from a burning building, to hiring prostitutes for the sole purpose of reenacting scenes from Mel Gibson's Braveheart. In this, the next milestone of his glorious life,

As a young kid growing up in a farm town, Ross Mathews might as well have wished for a pet unicorn or a calorie-free cookie tree to grow in his front yard. Either of those far-fetched fantasies would have been more likely to come true than his real dream: working in

television in Hollywood, California. Seriously, that stuff just doesn't happen to people like Ross. But guess what. It totally did. Now, with his first book, Ross takes us inside his journey as a super-fan, revealing the most embarrassing and hilarious moments of his small-town life and big-city adventures. From learning to swear like a hardened trucker to that time in high school when had to face down the most frightening opponent of all (his girlfriend's

lady bits), Ross holds nothing back. Oh, then there's his surprisingly shady past involving the cutest pair of plus-sized women's pajama bottoms, deliciously dangerous pot butter, and embezzled sandwiches. And, of course, how he's managed to turn an obsession with pop-culture into one-on-one interactions with celebrities like Gwyneth Paltrow, Tiffani-Amber Theissen, Madonna, Michelle Kwan, and countless more without ever having a single

journalist Sarah Macdonald backpacked around India and came away with a lasting impression of heat, pollution and poverty. So when an airport beggar read her palm and told her she would return to India—and for love—she screamed, “Never!” and gave the country, and him, the finger. But eleven years later, the prophecy comes true. When the love of Sarah’s life is posted to India, she quits her dream job to move to the most polluted city on earth, New Delhi. For Sarah this seems like the ultimate sacrifice for love, and it almost kills her, literally. Just

settled, she falls dangerously ill with double pneumonia, an experience that compels her to face some serious questions about her own fragile mortality and inner spiritual void. “I must find peace in the only place possible in India,” she concludes. “Within.” Thus begins her journey of discovery through India in search of the meaning of life and death. Holy Cow is Macdonald’s often hilarious chronicle of her adventures in a land of chaos and contradiction, of encounters with Hinduism, Islam and Jainism, Sufis, Sikhs, Parsis and

Christians and a kaleidoscope of yogis, swamis and Bollywood stars. From spiritual retreats and crumbling nirvanas to war zones and New Delhi nightclubs, it is a journey that only a woman on a mission to save her soul, her love life—and her sanity—can survive.

absurd and hilarious stories ever. On safari in Africa, it's anyone's guess as to what's more dangerous: the wildlife or Chelsea. But whether she's fumbling the seduction of a guide by not knowing where tigers live (Asia, duh) or wearing a bathrobe into the bush because her clothes stopped fitting seven margaritas ago, she's always game for the next misadventure. The situation gets down and dirty as she defiles a kayak in the Bahamas, and outright sweaty as she escapes from a German hospital on crutches. When things get truly scary, like finding herself stuck next to a passenger with bad breath, she knows she can rely on her family to make matters even worse. Thank

goodness she has the devoted Chunk by her side—except for the time she loses him in Telluride. Complete with answers to the most frequently asked traveler's questions, hot travel trips, and travel etiquette, none of which should be believed, Uganda Be Kidding Me has Chelsea taking on the world, one laugh-out-loud incident at a time.

with a peace of mind not easily attainable in this economic climate."--Chelsea Handler, from Chapter 10 of *Chelsea Chelsea Bang Bang* It's no lie: Chelsea Handler loves to smoke out "dumbassness," the condition people suffer from that allows them to fall prey to her brand of complete and utter nonsense. Friends, family, co-workers--they've all been tricked by Chelsea into believing stories of total foolishness and into behaving like total fools. Luckily, they've

world by storm with her winning blend of smart, satirical humor. Now, Amy Schumer has written a refreshingly candid and uproariously funny collection of (extremely) personal and observational essays. Ranging from the raucous to the romantic, the heartfelt to the harrowing, this highly entertaining and universally appealing collection is the literary equivalent of a night out with your best friend—an unforgettable and fun adventure that you wish could last forever. Whether she's experiencing lust-at-first-sight while in the airport security line, sharing her own views on love and marriage, admitting to being an introvert, or discovering her cross-

You are a disgusting, vile, repulsive, repugnant, foul creature. Because of you, I don't believe in God anymore. No just God would allow someone like you to exist." "I'll stay with God as my lord, but you are my savior. I just finished reading your brilliant stories,

The dramatic story of explorer Douglas Mawson and "the most outstanding solo journey ever recorded in Antarctic history" (Sir Edmund Hillary, mountaineer and explorer) For weeks in Antarctica, Douglas Mawson faced some of the most daunting conditions ever known to man: blistering wind,

---

snow, and cold; the loss of his companion, dogs, supplies, and even the skin on his hands and feet. But despite constant thirst, starvation, disease, and snow blindness—he survived. Sir Douglas Mawson is remembered as the young Australian who would not go to the South Pole with Robert Scott in 1911. Instead, he chose to lead his own expedition on the less glamorous mission of charting nearly 1,500 miles of Antarctic coastline and claiming its resources for the British Crown. His party of three set out through the

mountains across glaciers in 60-mile-per-hour winds. Six weeks and 320 miles out, one man fell into a crevasse—along with the tent, most of the equipment, the dogs' food, and all except a week's supply of the men's provisions. Mawson's Will is the unforgettable story of one man's ingenious practicality, unbreakable spirit, and how he continued his meticulous scientific observations even in the face of death. When the expedition was over, Mawson had added more territory to the Antarctic map than anyone else of his

time. Thanks to Bickel's moving account, Mawson can be remembered for the vision and dedication that make him one of the world's great explorers. **Chelsea Chelsea Bang Bang** Grand Central Publishing Political provocateur Bill Maher tells it like it is in a useful and hilarious guide for the many Americans who want to do more here at home to help the war effort, but are at a loss as to what. This is the book that will help Americans make the connections between what we do and how it can help our troops and ourselves. Having always defined political correctness as the elevation of sensitivity over truth, and being an optimist, I guessed that after 9/11, Americans would judge all matters "to be an indulgence herewith unaffordable. Boy, was I wrong."
