Uglies is a 2005 science fiction novel by Scott Westerfeld. It is set in a future

post scarcity dystopian world in which everyone is considered an "ugly," but then turned "Pretty" by extreme cosmetic surgery when they reach the age of 16. It tells the story of teenager Tally Youngblood who rebels against society's enforced conformity, after her friends Shay and David show her the downsides to

Ugliers (Ugliers, #1) by Scott Westerfeld

The world of Ugliers, set in our not-so-distant future, is a complex place filled with bubbly technology and lingo,

yet bogus rules about status and appearance. That's why a guide to the world of ugliers has been requisitioned from the hole in the wall.

Ugliers Summary. The super-short plot basically goes like this: Tally Youngblood wants to have the surgery that will make her pretty; but then she gets caught up in a rebellion against society and comes to appreciate a world where not everyone is pretty—and then (irony alert) she has to turn herself in to be turned pretty.

Uglies: Uglies Quartet, Book 1 Book Review

Parents need to know that Scott Westerfeld's Uglies is set in the future and deals with our culture's obsession with physical perfection and hedonism. There's some fighting and a minor character is killed, not seen. A gruesome operation is described. Girl characters especially are brave and stand up to an oppressive regime.

The book Uglies by Scott Westerfeld is a good book, i give it 5/5 stars. I like the fact that Tally goes through betrayals and side changes. The problems Tally faces are

realistic, like when she has to choose to go or to stay at the Smoke. This book also has loveable characters, like the wild David.
