You'll find discussions about insurance, input from other Cessna 210 owners and pilots about the pros and cons of their aircraft and of course, you'll have my own opinions based on approximately 700 hours flying time in a Turbo Centurion. This 100+ page buyer's guide would normally sell for over \$75 in hardback with handling and delivery. I'm ...

*The World Directory of Light Aviation*

Taildragger Aircraft Magazine, two seat and single seat tail dragger aircraft. A taildragger aircraft has a number of advantages over a tricycle gear. Because of the nose high attitude of most taildragger's, and the wide gear stance they

are more suitable for rough field operations such as grass strips or dirt runways.

[Weight-Shift Control LSA Trike manufacturers](#)

Choosing your aviation trike lifestyle is the first step in deciding what trike to buy. You have to determine what you want to do first. Like a car, do you want a small bus to haul around allot of people or do you want a sports car to go fast? Buying a trike is the same.
