Ramonst University Press of the Pacific
I have physical scars from past surgeries, however, I have emotional scars as well. They were buried deep inside (hidden). It wasn't until my mother died was I able to "catch my breath" and to make sense of or process the emotional pain I had endured due to her prescription drug addiction, resulting in my own addictions.

Earth Day celebrates our beautiful planet and calls us to act on its behalf. Some people spend the day planting flowers or trees.

Others organize neighborhood clean-ups, go

on nature walks, or make recycled crafts.

Readers will discover how a shared holiday can have multiple traditions and be celebrated in all sorts of ways.

"Race to the Bottom" Human Rights Watch

The text has been divided in two volumes:

Volume I (Ch. 1-13) & Volume II (Ch. 14-22). In addition to the review material and some basic topics as discussed in the opening chapter, the main text in Volume I covers topics on infinite series, differential and integral calculus, matrices, vector calculus, ordinary differential equations, special functions and Laplace transforms. Volume II covers topics on complex analysis, Fourier analysis, partial differential equations and statistics. The present book has numerous distinguishing features over the already existing books on the same topic. The chapters have been planned to create interest among the readers to study and apply the mathematical tools. The subject has been presented in a very lucid and precise manner with a wide variety of examples and exercises, which would eventually help the reader for hassle free study.

Scars, Marks & Tattoos North Star Editions, Inc.

Following the Pulitzer prize-winning collection Stag's Leap, Sharon Olds gives us a stunning book of odes. Opening with the powerful and tender "Ode to the Hymen," Olds addresses and embodies, in this age-old poetic form, many aspects of love and gender and sexual politics in a collection that is centered on the body and its structures and pleasures. The poems extend parts of her narrative as a daughter, mother, wife, lover, friend, and poet of conscience that will be familiar from earlier collections, each episode and memory burnished by the wisdom and grace and humor of looking back. In such poems as "Ode to My Sister," "Ode of Broken Loyalty," "Ode to My Whiteness," "Blow Job Ode," and "Ode to the Last Thirty-Eight Trees in New York City Visible from This Window," Olds treats us to an intimate examination that, like all her work, is universal, by turns searing and charming in its honesty. From the bodily joys and sorrows of childhood to the deaths of those dearest to us, Olds shapes the world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.

Odes Prepper Press

Despite a long history of involvement in the design and production of firearms, the Birmingham firm of Webley & Scott is probably better known to the

general public for its manufacture of airguns than for any other product. Until now, there has been no published reference that concentrates exclusively on the history and development of Webley air pistols. This book has been prepared to offer a comprehensive guide for all those interested in the subject and who appreciate the traditional British craftsmanship entailed. It embraces all models based upon the same initial patent, which were produced between the years 1924 and 1999, commencing with the original 'Mark 1' and progressing through twelve other models to the final 'Webley Tempest' introduced more than half a century later. In addition to the pistols themselves, there are sections of the book relating to pellet styles and various shooting accessories produced by the same company. The whole work is divided into twenty-two sections, the text being accompanied throughout with 226 original photographs and over 70 line illustrations, each of which has been prepared by the author.

Jett Ryder wants his motocross stunt at Niagara Falls to be his most amazing yet. But he's not sure what it should be. Then Jett and his best friend Mika come across the statue of the inventor Nikola Tesla, and the pair gets an electric idea. Can Jett pull off this never-been-done-before stunt?

Quick Calculus Scholastic Inc.

Quick Calculus 2nd Edition A Self-Teaching Guide Calculus is essential for understanding subjects ranging from physics and chemistry to economics and ecology. Nevertheless, countless students and others who need quantitative skills limit their futures by avoiding this subject like the plague. Maybe that's why the first edition of this self-teaching guide sold over 250,000 copies.

Quick Calculus, Second Edition continues to teach the elementary techniques of differential and integral calculus quickly and painlessly. Your "calculus anxiety" will rapidly disappear as you work at your own pace on a series of carefully selected work problems. Each correct answer to a work problem leads to new material, while an incorrect response is followed by additional explanations and reviews. This updated edition incorporates the use of calculators and features more applications and examples. ".makes it possible for a person to delve into the mystery of calculus without being mystified." --Physics Teacher

Classic pasta dishes from America's 1st and most beloved master chef Whether you're entertaining guests or simply cooking for 1, pasta is sure to delight. The ultimate comfort food, it can be found in the cuisines of nearly every culture. James Beard, heralded by the New York Times as "the dean of American cookery" enriches our understanding of this culinary staple with his collection of recipes and commentary on store-bought versus homemade pasta, wine pairings, choosing the perfect cheese, and other insights. From familiar spaghetti entr é es to more adventurous fare, such as udon noodle soup

and sp ä tze, Beard brings meals from all over the globe into the home chef's kitchen. Under the guidance of America's original gastronomic genius, the basic noodle is elevated in dishes such as basil lasagna, Portuguese fish stew with orzo, and cheddar angel hair soufflé. *Beard on Pasta* is full of easy-to-follow recipes, along with tips on preparation, sauce, and serving that you'll be eager to try. This comprehensive cookbook provides all the tools you need to make delectable and unforgettable pasta for any occasion.

Walther Random House Business
A guide to hand-guns and shooting
Himmelwright's guide to pistol and revolver shooting will particularly interest those who collect or shoot historical firearms. Various types of hand-gun are illustrated and described as is the ammunition that accompanied them. The author discusses shooting positions, target shooting and the reloading of ammunition. First published in the early 20th century, this book contains dedicated sections on revolver practice for the police forces of the period and interesting guidance in the use of hand-guns for ladies. Leonaur editions are newly typeset and are not facsimiles; each title is available in softcover and hardback with dustjacket; our hardbacks are cloth bound and feature gold foil lettering on their spines and fabric head and tail bands.

Handbook for Shooters and Reloaders

Rimfire Rifles: A Buyer's and Shooter's Guide
Current safety trends encourage shooters to opt for guns of less power, especially CO2-powered guns. Several airgun shooters are not required to go through the traditional buying procedures of high-powered pistols and rifles, such as background checks and waiting periods. Plus, companies such as Colt, Smith & Wesson, and Walther manufacture high quality CO2 products that are visually indistinguishable from their traditional firearms. In this new guide to CO2-powered pistols and rifles, James E. House offers a comprehensive history of CO2 guns, dating back to the 1930s, and a discussion of propulsion, pellets, and sights. Beginning shooters are introduced to the market with a complete analysis on performance and accuracy of currently available products. Airgun enthusiasts are reunited with CO2 classics no longer being manufactured. This book also offers additional sections on target shooting, games, and varmints. Offers a comprehensive history of CO2 pistols and rifles dating back to the 1930s Includes a categorical review of BB pistols, .177 caliber pistols, .20 and .22 caliber pistols, and rifles Discover products currently available only on the secondary market

Guide eBook Partnership
Well-organized charts and tables with specific information on each model, make, issue, and modification. Detailed information for collectors on: Finishes Grips Serial numbers Inspector marks Barrel specifications Savage automatic pistols are the hidden treasures of gun collecting. Informed collectors agree that these well-designed, superbly crafted, high-quality American firearms have been ignored, with little new information available for the last 40 years. In *Savage Pistols*, author Bailey Brower Jr. tells the remarkable story of Savage Arms, from its humble beginnings with Arthur Savage in the late 1880s to the creation of the last pistol in the late 1920s. Bailey explains the evolution of the Savage pistol, the role of Savage pistols in World War I, and the pistol's connection to such historical figures as Buffalo Bill Cody, Bat Masterson, and William Pinkerton. This information-packed book includes hundreds of photographs of Savage pistols and rifles, cartridges, holsters, and other Savage products, as well as fascinating advertisements and illustrations touting the wonders of "the pistol that almost was." *Savage Pistols* is an indispensable resource for any collector, and an intriguing look into the history of American firearms.
