Romance (Reviewer Top Pick)

The Alpha's Mate Sourcebooks, Inc.

Alpha of the Penhul pack with a human mate? Never going to happen. Addison knows grief can do strange things to people, but when he's wandering Pendle Hill and witnesses a dog leap out of thin air, he thinks he must be going crazy. When the border collie morphs into a man--a very naked man--he has to be dreaming. Only when he wakes to find himself cold and alone, locked inside a bare stone room does he wonder if it was the start of a nightmare. As the youngest alpha the Penhul pack has ever had, Drake knows he has a lot to prove. Increasing their dwindling numbers is hard enough but convincing his pack they can do so by working alongside humans is like trying to teach an old dog new tricks. He was taught, as all familiars are, that humans can't be trusted, especially not with their secret. It's no surprise, then, that he has no idea what to do when a member of his own pack brings a human prisoner to their den. But he's definitely not prepared for the reaction the human elicits from him. Can Drake put aside their differences, and Addison come to accept their similarities, to save the Penhul pack from danger? A threat that may end up costing Drake not only his life but that of his fated mate? This M/M romance from Beth Laycock features enemies to lovers, forced proximity, fated mates, sexy men that shift into adorable dogs, and of course a happy ending. Book 1 of the Penhul pack series.

Destiny of the Wolf Penguin

His pack would've killed him for his kinks and desires, but his human lover might destroy his wolf. Brandt Davis loved being part of his Michigan werewolf pack, until they found his stash of gay porn. He escaped their anger, running in wolf-form into the wilderness, but he can't live that way forever. And he can't hide in fur like a coward when an injured man needs his help. Ethan Sjulstad knows life is making him crazy when a solo hike into the Minnesota Boundary Waters seems reasonable. Then a bad fall leaves him seriously hurt and facing death. Delirious, he hallucinates being rescued by a big gray wolf and a naked woodland godling. For a man who has always loved fantasy, it's worth surviving just to find out what the hell is going on. invaders, and his eyes have opened to a new reality. In a world of sorcerers and necromancers, he's full of power and potential, but completely ignorant. Necromancer Silas, and Silas's cat familiar, Grim, are teaching him basic skills, but danger won't hold off, just because he's not ready. Silas never planned to share his life with anyone, but after a week of shared battles and shared nights, Darien has become a fixture in his home. Silas has never met anyone with more raw magical ability, or less idea what to do with it. When Silas is offered a job hunting ghosts, he's tempted to refill his depleted bank account, but reluctant to bring untrained Darien along. Darien's eager to help, though, and eventually Silas gives in. It's just a few ghosts. Nothing he hasn't handled before. What could go wrong?

Sometimes you have to fight fire with fire. Darien's ready for a quiet life—back to studying, sleeping with his ridiculously appealing necromancer, playing magical Fetch with his dog. But breaking the demon portals was only a temporary solution, when there are sorcerers out there rebuilding them. Much as he'd like to shove the rest of the job on someone else, Darien's not willing to see his world burn. Silas is ready to turn the whole hunting-dark-sorcerers mess over to the Guild. Except he doesn't trust his council members as far as he can throw them, the sorcerer Chicago has sent sets his teeth on edge, and if they get it wrong, Darien's life is at risk. So with Grim at his side, and Pip encouraging Darien, they, Jasper, and Magda will take on one more hunt to find and stop the portal-builders.
