underrated, as Harry Nilsson. In this first ever full-length biography, Alyn Shipton traces Nilsson's life from his Brooklyn childhood to his Los Angeles adolescence and his gradual emergence as a uniquely talented singer-songwriter. With interviews from friends, family, and associates, and material drawn from an unfinished autobiography, Shipton probes beneath the enigma to discover the real Harry Nilsson. A major celebrity at a time when huge concerts and festivals were becoming the norm, Nilsson shunned live performance. His venue was the studio, his stage the dubbing booth, his greatest triumphs masterful examples of studio craft. He was a gifted composer of songs for a wide variety of performers, including the Ronettes, the Yardbirds, and the Monkees, yet Nilsson's own biggest hits were almost all written by other songwriters. He won two Grammy awards, in 1969 for "Everybody's Talkin'" (the theme song for *Midnight Cowboy*), and in 1972 for "Without You," had two top ten singles, numerous album successes, and wrote a number of songs--"Coconut" and "Jump into the Fire," to name just two--that still sound remarkably fresh and original today. He was once described by his producer Richard Perry as "the finest white male singer on the planet," but near the end of his life, Nilsson's career was marked by voice-damaging substance abuse and the infamous deaths of

both Keith Moon and Mama Cass in his London flat. Drawing on exclusive access to Nilsson's papers, Alyn Shipton's biography offers readers an intimate portrait of a man who has seemed both famous and unknowable--until now. Under the Big Black Sun explores the nascent Los Angeles punk rock movement and its evolution to hardcore punk as it's never been told before. John Doe of the legendary band X and co-author Tom DeSavia have woven together an enthralling story of the legendary West Coast scene from 1977-1982 by enlisting the voices of people who were there. The book shares chapter-length tales from the authors along with personal essays from famous (and infamous) players in the scene. Through interstitial commentary, John Doe "narrates" this journey through the land of film noir sunshine, Hollywood back alleys, and suburban sprawl. Illustrated with 50 rare photos, this is the story of the art that was born under the big black sun.

They were almost The Pendletons--after the Pendleton wool shirts favored on chilly nights at the

beach--then The Surfers, before being named The Beach Boys. But what separated them from every other teenage garage band with no musical training? They had raw talent, persistence and a wellspring of creativity that launched them on a legendary career now in its sixth decade. Following the musical vision of Brian Wilson, the Beach Boys blended ethereal vocal harmonies, searing electric guitars and lush arrangements into one of the most distinctive sounds in the history of popular music. Drawing on original interviews and newly uncovered documents, this book untangles the band's convoluted early history and tells the story of how five boys from California formed America's greatest rock 'n' roll band.

Using a lively, anecdotal approach and pertinent quotes, the author examines the appropriate political, economic, technological, or psychological context of each topic, e.g., the relationship between Dylan's music and
