The Heart of Business Crown

A Wall Street Journal Bestseller Named a Financial Times top title How to unleash "human magic" and achieve improbable results. Hubert Joly, former CEO of Best Buy and orchestrator of the retailer's spectacular turnaround, unveils his personal playbook for achieving extraordinary outcomes by putting people and purpose at the heart of business. Back in 2012, "Everyone thought we were going to die," says Joly. Eight years later, Best Buy was transformed as Joly and his team rebuilt the company into one of the nation's favorite employers, vastly increased customer satisfaction, and dramatically grew Best Buy's stock price. Joly

and his team also succeeded in making Best Buy a leader in sustainability and innovation. In *The Heart of Business*, Joly shares the philosophy behind the resurgence of Best Buy: pursue a noble purpose, put people at the center of the business, create an environment where every employee can blossom, and treat profit as an outcome, not the goal. This approach is easy to understand, but putting it into practice is not so easy. It requires radically rethinking how we view work, how we define companies, how we motivate, and how we lead. In this book Joly shares memorable stories, lessons, and practical advice, all drawn from his own personal transformation from a hard-charging McKinsey consultant to a leader who believes in human magic. *The Heart of Business* is a timely guide for leaders ready to abandon old paradigms and lead with purpose and humanity. It shows how we can reinvent capitalism so that it contributes to a sustainable future.

Easy and delicious recipes for busy families from the TODAY show's West Coast anchor and host of NBC's Access. As the beloved and longtime news anchor and co-host of the TODAY show, current West Coast anchor of the TODAY show, host of Access, and co-host of Access Live, as well as the mother of two young boys, Natalie Morales knows how hard it can be night after night to get a healthful dinner on the table that the whole family will enjoy. Morales was born in Taiwan to a Brazilian mother and Puerto Rican father, and she lived around the world as a child—Panama, Spain, and Brazil. That multicultural experience fed her love for good food, but it's her experience as a working mom that taught her how to cook

on the run and keep her recipes healthful. The result is a personal collection of 125 recipes Morales makes at home for her family, including Chicken in Garlic Sauce, Grilled Chimichurri Soy Steak, Sweet and Spicy Slow Roasted Pork, and Pesto Shrimp with Lemon Pepper Fettuccine. "For years I've enjoyed Natalie Morales in the mornings. With this book, I can enjoy her three meals a day."—Giada De Laurentiis "Natalie's vibrancy for life, food, and her culture make this cookbook one that everyone should own!"—Jenna Bush Hager, contributing correspondent for NBC News and editor-at-large for Southern Living "I've sat around Natalie's cozy kitchen table many times, and this book is a bog ol' dose of heart and home."—Kit Hoover, cohost on Access Hollywood Live

In boyhood, Louis Zamperini was an incorrigible delinquent. As a teenager, he channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics. But when World War II began, the athlete became an airman, embarking on a journey that led to a doomed flight on a May afternoon in 1943. When his Army Air Forces bomber crashed into the Pacific Ocean, against all odds, Zamperini survived, adrift on a foundering life raft. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. “An uncommonly powerful memoir about four decades in confinement . . . A profound book about friendship [and] solitary confinement in the United States.” —New York Times Finalist for the Pulitzer Prize and the National Book Award Solitary is the unforgettable life story of a man who served more than four decades in solitary confinement—in a 6-foot by 9-foot cell, twenty-three hours a day, in Louisiana’s notorious Angola prison—all for a crime he did not commit. That Albert Woodfox survived at all was a feat of extraordinary endurance. That he emerged whole from his odyssey within America’s prison and judicial systems is a triumph of the human spirit. While behind bars in his early twenties, Albert was inspired to join the Black Panther Party because of its social commitment and code of living. He was serving a fifty-year sentence in Angola for armed robbery when, on April 17, 1972, a white guard was killed. Albert and another member of the Panthers were accused of the crime and immediately put in solitary confinement. Without a shred of evidence against them, their trial was a sham of justice. Decades passed before Albert was finally released in February 2016. Sustained by the solidarity of two fellow Panthers, Albert turned his anger into activism and resistance. The Angola 3, as they became known, resolved never to be broken by the corruption that effectively held them for decades as political prisoners. Solitary is a clarion call to reform the inhumanity of solitary confinement in the United States and around the world.

BESTSELLER • From the star of the Netflix reality series My Unorthodox Life, a riveting, inspiring memoir of one

woman’s escape from an extremist religious sect and an extraordinary rise from housewife to shoe designer, to CEO and co-owner of the modeling agency Elite World Group “An irresistible read . . . Written with great intensity and rare candor, Brazen is a story of longing for more and manifesting that vision.”—Tommy Hilfiger Ever since she was a child, every aspect of Julia Haart’s life—what she wore, what she ate, what she thought—was controlled by the dictates of ultra-Orthodox Judaism. At nineteen, after a lifetime spent caring for her seven younger siblings, she was married off to a man she barely knew. For the next twenty-three years, her marriage would rule her life. Eventually, when Haart’s younger daughter, Miriam, started to innocently question why she wasn’t allowed to sing in public, run in shorts, or ride a bike without being covered from neck to knee, Haart reached a breaking point. She knew that if she didn’t find a way to leave, her daughters would be forced into the same unending servitude that had imprisoned her. So Haart created a double life. In the ultra-Orthodox world, clothing has one purpose—to cover the body, head to toe—and giving any thought to one’s appearance beyond that is considered sinful, an affront to God. But when no one was looking, Haart would pore over fashion magazines and sketch designs for the clothes she dreamed about wearing in the world beyond her Orthodox suburb. She started preparing for her escape by educating herself and creating a “freedom” fund. At the age of forty-two, she finally mustered the courage to flee the fundamentalist life that was strangling her soul. Within a week of her escape, Haart founded a shoe brand, and within nine months, she was at Paris Fashion Week. Just a few years later, she was named creative director of La Perla. Soon she would become co-owner and CEO of Elite World Group, and one of the most powerful people in the fashion industry. Along the way, her four children—Batsheva, Shlomo, Miriam, and Aron—have not only accepted but embraced her transformation. Propulsive and unforgettable, Haart’s story is the journey from a world of no to a world of yes, and an inspiration for women everywhere to find their freedom, their purpose, and their voice.

A NEW YORK TIMES BESTSELLER More people than ever before see themselves as addicted to, or recovering from, addiction, whether it be alcohol or drugs, prescription meds, sex, gambling, porn, or the internet. But despite the unprecedented attention, our understanding of addiction is trapped in unfounded 20th century ideas, addiction as a crime or as brain disease, and in equally outdated treatment. Challenging both the idea of the addict's "broken brain" and the notion of a simple "addictive personality," The New York Times Bestseller, *Unbroken Brain*, offers a radical and groundbreaking new perspective, arguing that addictions are learning disorders and shows how seeing the condition this way can untangle our current debates over treatment, prevention and policy. Like autistic traits, addictive behaviors fall on a spectrum -- and they can be a normal response to an extreme situation. By illustrating what addiction is, and is not, the book illustrates how timing, history, family, peers, culture and chemicals come together to create both illness and recovery- and why there is no "addictive personality" or single treatment that works for all. Combining Maia Szalavitz's

personal story with a distillation of more than 25 years of science and research, *Unbroken Brain* provides a paradigm-shifting approach to thinking about addiction. Her writings on radical addiction therapies have been featured in The Washington Post, Vice Magazine, The Wall Street Journal, and The New York Times, in addition to multiple other publications. She has been interviewed about her book on many radio shows including Fresh Air with Terry Gross and The Brian Lehrer show.

History / World War I / World War II / Nazi Concentration Camp Survivor / Holocaust / Biography "This book is a milestone in recording the horrors of National Socialism. It is essential reading, and I am delighted that the translation has already received such keen attention in the United States." -Heinz Fischer, president of the Republic of Austria "This book is not only an enthralling read; every detail in it has also been thoroughly researched. From a scientific point of view, it is one of the most reliable biographies of a victim of National Socialism." -Professor Walter Manoschek, political scientist, University of Vienna "You have given current and future generations a priceless gift by recording Mr. Engleitner's life story. His experiences remind us of the strength of the human will to overcome even the most horrible and challenging circumstances." -Arnold Schwarzenegger, governor of California

WHEN LEOPOLD ENGLEITNER WAS NINE YEARS OLD, an event of historical significance for the world that initiated the First World War took place in his hometown. Moreover, although Leopold Engleitner and his contemporary Adolf Hitler, who was sixteen years his senior, grew up in the same province (Upper Austria) and shared the same cultural background and educational system, the convictions and attitudes they developed were diametrically opposed. Whereas Adolf Hitler caused untold suffering to millions as a merciless mass murderer, Leopold Engleitner devoted his life to peace, refusing to buckle even in the face of death. The ordinary farmhand found the extraordinary courage to follow his conscience. He refused to serve in Hitler's army and did not even use

the Nazi greeting "Heil Hitler!" Suffering unspeakable cruelty in three concentration camps he grew so thin that he weighed less than sixty-two pounds. Yet nothing and no one could break his will. Astoundingly, he could easily have had his freedom: all he had to do was sign a paper renouncing his religious convictions as one of Jehovah's Witnesses, but he steadfastly refused. And he never lost his optimism. In the concentration camp, he even bought a suitcase for the journey home it seemed impossible he would ever make. His unshakable faith in God helped Engleitner to lead a full and happy life despite constant rejection, and he never lost his zest for life as he became the oldest and one of the best known male concentration camp survivors in the world. His unexpected rehabilitation was achieved thanks to an extraordinary friendship. Though already far advanced in years, he travelled more than ninety-five thousand miles across Europe and the USA, between 1999 and 2012, testifying as a witness of history to ensure the past is not forgotten; as such, he became a model of tolerance and peace. Letters written by Engleitner during his internment and believed lost for nearly sixty years were discovered; and their combination with original minutes of police and court proceedings, reports from the concentration camps, and personal accounts of traumatic childhood incidents from one hundred years ago constitutes an impressive firsthand history.
