“ This funny and fresh take on a classic tale manages to comment on gender roles, racial disparities, and white privilege all while creeping me all the way out. So good. ” —Zakiya Dalila Harris, author of *The Other Black Girl* Steel Magnolias meets Dracula in this New York Times best-selling horror novel about a women's book club that must do battle with a mysterious newcomer to their small Southern town. Bonus features: • Reading group guide for book clubs • Hand-drawn map of Mt. Pleasant • Annotated true-crime reading list by Grady Hendrix • And more! Patricia Campbell's life has never felt smaller. Her husband is a workaholic, her teenage kids have their own lives, her senile mother-in-law needs constant care, and she's always a step behind on her endless to-do list. The only thing keeping her sane is her book club, a close-knit group of Charleston women united by their love of true crime. At these meetings they're as likely to talk about the Manson family as they are about

their own families. One evening after book club, Patricia is viciously attacked by an elderly neighbor, bringing the neighbor's handsome nephew, James Harris, into her life. James is well traveled and well read, and he makes Patricia feel things she hasn't felt in years. But when children on the other side of town go missing, their deaths written off by local police, Patricia has reason to believe James Harris is more of a Bundy than a Brad Pitt. The real problem? James is a monster of a different kind—and Patricia has already invited him in. Little by little, James will insinuate himself into Patricia's life and try to take everything she took for granted—including the book club—but she won't surrender without a fight in this blood-soaked tale of neighborly kindness gone wrong.

BBC's immensely popular Doctor Who series, featuring an extraterrestrial Time Lord exploring the universe aboard a time machine resembling a police call box, is a significant part of British pop-culture and a cult favorite worldwide. The series has changed radically over the years, with thirteen actors portraying the Doctor to date, and with more than 50 companions joining him on his adventures. But the show's 800 televised episodes (so far) are just the tip of the iceberg, as the Doctor has referenced countless encounters never expanded upon onscreen. After five decades of time-traveling adventures, you might imagine you knew all there was to know about the greatest hero in all of time and space, but it turns out he was living another life entirely while we weren't looking. This is the story of that life. RiffTrax.com writer Matthew J Elliott, the author of Sherlock Holmes on the Air, Sherlock Holmes in Pursuit, The Immortals: An Unauthorized Guide to Sherlock and Elementary and The Throne Eternal, as well as numerous radio plays based on Sherlock Holmes, The Twilight Zone, Vincent Price Presents, Logan's Run, Perry Mason and The War of the Worlds, has accepted the Herculean task of chronicling those "stories between the stories." This is not a typical Doctor Who project-but, then, Matthew is not a typical Doctor Who fan. Beautifully designed, the book features an insightful foreword by Alan Barnes, the author of the animated Tenth Doctor adventure The Infinite Quest, and a writer and editor for Big Finish Productions' audio dramas featuring five of the Doctor's earlier incarnations.

A transcendent tale of a woman's self-discovery—the New York Times – bestselling second work of fiction by the author of *The Secret Life of Bees* and *The Book of Longings* Inside the church of a Benedictine monastery on Egret Island, just off the coast of South Carolina, resides a beautiful and mysterious chair ornately carved with mermaids and dedicated to a saint who, legend claims, was a mermaid before her conversion. When Jessie Sullivan is summoned home to the island to cope with her eccentric mother’s seemingly inexplicable behavior, she is living a conventional life with her husband, Hugh, a life “molded to the smallest space possible.” Jessie loves Hugh, but once on the island, she finds herself drawn to Brother Thomas, a monk about to take his final vows. Amid a rich community of unforgettable island women and the exotic beauty of marshlands, tidal creeks, and majestic egrets, Jessie grapples with the tension of desire and the struggle to deny it, with a freedom that feels

overwhelmingly right, and with the immutable force of home and marriage. Is the power of the mermaid chair only a myth? Or will it alter the course of Jessie’s life? What happens will unlock the roots of her mother’s tormented past, but most of all, it will allow Jessie to discover selfhood and a place of belonging as she explores the thin line between the spiritual and the erotic.
