questions concerning gender, race, genre, technology, consumption and social change. A coherent narrative follows Enlightenment studies of the vampire's origins in folklore and folk panics, the sources of vampire fiction, through Romantic incarnations in Byron and Polidori to Le Fanu's Carmilla. Further essays discuss the Undead in the context of

Dracula, fin-de-siècle decadence, Nazi Germany and early cinematic treatments. The rise of the sympathetic vampire is charted from Coppola's film, Bram Stoker's Dracula, to Buffy the Vampire Slayer and Twilight. More recent manifestations in novels, TV, Goth subculture, young adult fiction and cinema are dealt with in discussions of True Blood, The

Vampire Diaries and much more. Featuring distinguished contributors, including a prominent novelist, and aimed at interdisciplinary scholars or postgraduate students, it will also appeal to aficionados of creative writing and Undead enthusiasts. www.opengravesopenminds.com

Get your copy today! *People of the Black Sun* Portobello Books This collection investigates the origins of our most intriguing old-fashioned superstitions, many of which we still find ourselves abiding by today. Hundreds of the beliefs passed down

through the generations have their foundations in our ancestors' efforts to ward off evil, which they blamed for hardship, illness and injustice in times when life was, as often as not, 'nasty, brutish and short'. *Black Cats and Evil Eyes* sets these superstitions in their historical and social context, explaining how fear of the Devil, demons, evil spirits and witchcraft drove people to arm themselves with rituals and talismans to repel dark forces and allow

them to live long and healthy lives. In examining many of our common superstitions, this book illuminates the customs, beliefs and practices that link us to an ancient, and often darker, human past. delighted fantasy

readers with his

brilliant, original, and

engaging first novel, *A Shadow in Summer*. Now he has produced an even more powerful sequel, a tragedy as darkly personal and violent as Shakespeare's *Macbeth*. As a boy, Otah Machi was exiled from his family, Machi's ruling house. Decades later, he has witnessed and been part of world-changing events. Yet he has never returned to Machi. Now his father--the Khai, or ruler, of Machi--is dying and his eldest brother Biitrah has been assassinated, Otah realizes that he must return to Machi, for reasons not even he understands. Tradition dictates that the sons of a dying Khai fall upon each other until only one remains to succeed his father. But something even worse is occurring in Machi. The Galts, an expansive empire, has allied with someone in Machi to bring down the ruling house. Otah is accused, the long-missing brother with an all-too-obvious motive for murder. With the subtlety and wonderful storytelling skill of his first novel, Abraham has created a masterful drama filled with a unique magic, a suspenseful thriller of sexual betrayal, and Machiavellian politics. In this powerful book, the renowned exorcist of Rome tells of his many

experiences in his ministry as an exorcist doing battle with Satan to relieve the great suffering of people in the grip of evil. The importance of the ministry to expel demons is clearly seen in the Gospels, from the actions of the Apostles, and from Church history. Fr. Amorth allows the reader to witness the activities of the exorcist, to experience what an exorcist sees and does. He also reveals how little modern science, psychology, and medicine can do to help those under Satan's influence, and that only the power of Christ can release

them from this kind of mental, spiritual or physical suffering. *An Exorcist Tells His Story* has been a European best-seller that has gone through numerous printings and editions. No other book today so thoroughly and concisely discusses the topic of exorcism.

From Every People and Nation Simon and Schuster

Edward Abbey's first love was to write fiction, and as so many of his friends pointed out, *Black Sun* was his own personal favorite book. It

contains some of his most lyrical writing, and it is unusually gentle and introspective for him. *Killing Rites* Michael O'Mara Usati is a four year old growing up in Sunnyvale, a small, poor and remote sugar cane farming village in Trinidad in the 1940 ' s. He describes the world he sees, and captures the language and culture of the mainly illiterate peasant workers who live around him. There is widespread belief in black magic, and

nearby is the infamous silk-cotton tree which houses the evil spirits who are responsible for all the ills of the village. Usati looks after his two younger siblings. Even as a four year old he has to be a human shield for the neighbour on several occasions in the face of domestic violence. Life is hard and brutal with constant fear of violence and beatings. Following his mother ' s death the children are brought up by their grandparents, but there are further constant

upheavals within the family. Violence remains within all parts of this society, as is crime and suffering. Usati observes how his family suffers through their illiteracy and the society within which they live. Usati battles for a good education. He vows to bring literacy to the village and to fight against the cruelty that surrounds him. Usati and B started as teenage lovers, but can their love survive and endure a lifetime from the wicked curse and traumas

of the intervening years? Prayers That Rout Demons Rob J. Hayes Julia Kristeva examines melancholia across art, literature, philosophy, the history of religion and culture, and psychoanalysis. She describes the depressive as one who perceives the sense of self as a crucial pursuit and a nearly unattainable goal and explains how the love of a lost identity of attachment lies at the

very core of depression ' s dark heart. Kristeva analyzes Holbein ' s controversial 1522 painting The Body of the Dead Christ in the Tomb and considers the works of Marguerite Duras, Dostoyevsky, and Nerval. Black Sun takes the view that depression is a discourse with a language to be learned, rather than strictly a pathology to be treated. Hostage to the Devil Macmillan
