Jim Smith grew up in the tenements of Govan, Glasgow, and dreamt of being a policeman as far back as he can remember. As he says, 'Thief-taking is in the blood.' Joining the police force at the age of twenty-one in 1962, he was posted to the East End of London where a career of steady selection began; one that would bring him into contact with the full range of criminals and criminal activity - including, ultimately, corruption within Scotland Yard itself. Here for the first time, he exposes the corrupt cabal in the Yard and relates how he was targeted by a small group of officers there who engineered his transfer out of that unit and

subsequently strove to malignly influence his career. With a wealth of colourful and sometimes shocking stories, Undaunted traces both Jim's police days and his work as a private investigator in the UK and abroad.

He thought Christianity was a sham. Then it

changed his life. Skeptic Josh McDowell thought Christians were out of their minds. He ridiculed and insulted them, then decided to combat them with his own thorough research to disprove the claims of Jesus Christ. To his surprise, he discovered that the evidence suggested exactly the opposite—that Jesus, instead of being simply a first-century Hebrew carpenter, truly was the God he claimed to be. Josh went on to write the inspirational work on Christian apologetics, *More Than a Carpenter*, which has sold over 15 million copies. In this revised and updated edition, with over 15 million copies in print since its original publication, *More Than a Carpenter* has changed countless lives. Now, in this revised and updated edition, Josh is joined by his son, Sean, as they tackle the questions that today's generation continues to ask: “Can I be spiritual without believing in God?” “How can I make sure that my life counts for something?” “Is it really possible to know anything for sure about God or Jesus?” This edition is an accessible read for seekers and a great

evangelism tool.

The Undaunted Baker Books

As she did so provocatively with military spouses in *Army Wives*, Tanya Biank gives us the inside story of women in today's military—their professional and personal challenges from the combat zone to the home front... Since 9/11, more than 240,000 women have fought in Iraq and Afghanistan—more than 140 have died there, and they currently make up fourteen percent of the total active-duty forces. Despite advances, today's servicewomen are constantly pressed to prove themselves, to overcome challenges men never face, and to put the military mission ahead of all other aspects of their lives, particularly marriage and motherhood. In this groundbreaking, insider's look at the women defending our nation, Tanya Biank brings to light the real issues—of femininity, belonging to an old boys' club, veiled discrimination, dating, marriage problems, separation from children, questions about life goals,

career trajectories, and self-worth—that servicewomen are facing by focusing on four individual stories. Brigadier General Angela Salinas, the Marine Corps' first Hispanic female general, faces the challenge of commanding an all-male institution. Second Lieutenant Bergan Flanagan finds herself on the frontlines in Afghanistan, serving in the same military police company as her husband. As a marine drill instructor, Sergeant Amy Stokley demands the very best from the recruits at Parris Island. And Major Candice O'Brien deals with deployment to Afghanistan, with two young children and a strained marriage back home. *Undaunted* is the story of these courageous trailblazers—their struggles, sacrifices, and triumphs in the name of serving the country they love.

....to free oneself or assist in liberating others involves taking risks, being suspicious of the status quo, leaving the safety of the shore and launching out into the deep and the unknown. This is a very lonely calling too as one immerses oneself into the whole of reality with courage to confront and listen. Yet, the calling is not to be the liberator of the oppressed but to make a commitment to fight alongside them, as Paulo Freire wrote in *Pedagogy of the Oppressed*. - Fr Gabriel Dolan From his work in Turkana, Kitale, Kapenguria and Mombasa, Father Gabriel reminds us that true transformative change comes from the people

themselves, from the bottom up. This is a challenge that the social justice/human rights practitioners must internalize and the sooner the better. The idea of being the "voice of the voiceless" must transform to facilitating, encouraging and giving space to those who suffer the indignities of injustice, violence, poverty and repression. Indeed, one of the most significant tasks for the human rights community is to devolve away from Nairobi, in real, practical, and substantive ways. It is not easy for a white man, with all the attendant privileges that brings, to become an integral part of the struggle for pro-poor transformative change in Kenya, and be subject to arrest, harassment, and repression. For those who read these memoirs, please circulate them to everyone you know. Translate them, read them in the mosques, churches and under trees so that

Kenyans can get a sense of where we have come from, what we should avoid, and what it takes to make some gains that benefit the majority of our people. - Maina Kiai

Once a royal kingdom and then part of the British Empire, Burma long held sway in the Western imagination as a mythic place of great beauty. In recent times, Burma has been torn apart and isolated by one of the most brutal dictatorships in the world. Now, Zoya of the, a young member of the Karen tribe in Burma, bravely comes forward with her astonishingly vivid story of growing up in the idyllic green mansions of the jungle, and her violent displacement by the military junta that has controlled the country for almost a half century. This same cadre has also relentlessly hunted Zoya and her family across borders and

continents. Undaunted tells of Zoya's riveting adventures, from her unusual childhood in a fascinating remote culture, to her years on the run, to her emergence as an activist icon. Named for a courageous Russian freedom fighter of World War II, Zoya was fourteen when Burmese aircraft bombed her peaceful village, forcing her and her family to flee through the jungles to a refugee camp just over the border in Thailand. After being trapped in refugee camps for years in poverty and despair, her family scattered: as her father became more deeply involved in the struggle for freedom, Zoya and her sister left their mother in the camp to go to a college in Bangkok to which they had won scholarships. But even as she attended classes, Zoya, the girl from the jungle, had to dodge police and assume an urban disguise, as she was technically an illegal immigrant and

subject to deportation. Although, following graduation, she obtained a comfortable job with a major communications company in Bangkok, Zoya felt called back to Burma to help her mother and her people, millions of whom still have to live on the run today in order to survive—in fact, more villages have been destroyed in eastern Burma than in Darfur, Sudan. After a plot to kill her was uncovered, in 2004 Zoya escaped to the United Kingdom, where she began speaking at political conferences and demonstrations—a mission made all the more vital by her father’s assassination in 2008 by agents of the Burmese regime. Like Ayaan Hirsi Ali, Zoya has become a powerful spokesperson against oppressors, undaunted by dangers posed to her life. Zoya’s love of her people, their land, and their way of life fuels her determination to survive, and in

Undaunted she hauntingly brings to life a lost culture and world, putting faces to the stories of the numberless innocent victims of Burma’s military

****THE INSTANT NEW YORK TIMES**

BESTSELLER** "John Brennan is one of

the hardest-working, most patriotic public servants I've ever seen, and our country is better off for it. As president, he was one of my closest advisors and a great friend. And in his memoir, *Undaunted*, you'll see why. I hope you'll read it." —President Barack Obama

A powerful and revelatory memoir from former CIA director John Brennan, spanning his more than thirty years in government. Friday, January 6, 2017: On that day, as always, John Brennan’s alarm

clock was set to go off at 4:15 a.m. But nothing else about that day would be routine. That day marked his first and only security briefing with President-elect Donald Trump. And it was also the day John Brennan said his final farewell to Owen Brennan, his father, the man who had taught him the lessons of goodness, integrity, and honor that had shaped the course of an unparalleled career serving his country from within the intelligence community. In this brutally honest memoir, Brennan, the son of an Irish immigrant who settled in New Jersey, describes the life that took him from being a young CIA recruit enamored with the mystique of spy work, secretly defiant enough to drive a motorcycle and sport a diamond earring, and invigorated by his travels in the Middle East to being the most powerful individual in American intelligence. He details his experiences with very different presidents and what it's been like to bear responsibility for some of the nation's most crucial and polarizing national security decisions. He pulls back the curtain on the inner workings of the Agency, describing the selfless, patriotic, and invisible work of the women and men involved in national security. He also examines the insularity, arrogance, and myopia that have, at times, undermined its reputation in the eyes of the American people and of members of other branches of government. Through topics ranging from George W. Bush's intervention in Iraq to his thoughts on the CIA's controversial use of

enhanced interrogation techniques to his eye-opening account of the planning of the raid that resulted in Bin Laden's death to his realization that Russia had interfered with the 2016 election, Brennan brings the reader behind the scenes of some of the most crucial moments in recent U.S. history. He also candidly discusses the times he has failed to live up to his own high standards and the very public fallouts that have resulted. With its behind-the-scenes look at how major U.S. national security policies and actions unfolded during his long and distinguished career—especially during his eight years in the Obama administration—John Brennan's memoir is a work of history with strong implications for the future of America and our country's

relationships with other world powers. *Undaunted: My Fight Against America's Enemies, at Home and Abroad* offers a rare and insightful look at the often-observed world of national security, the intelligence profession, and Washington's chaotic political environment. But more than that, it is a portrait of a man striving for integrity; for himself, for the CIA, and for his country. [Undaunted Trailblazers](#) Random House One of the Chinese American Librarians Association's Ten Best Books of 2010 During the infamous "Rape of Nanking," a brutal military occupation of Nanking, China, that began on December 13, 1937, it is estimated that Japanese soldiers killed between 200,000 and 300,000 Chinese and raped between 20,000 and 80,000 women. To shelter civilian refugees, a group of Westerners established a Nanking Safety Zone.

Among these humanitarians was Minnie Vautrin, an American missionary and acting president of Ginling College. She and Tsen Shui-fang, her Chinese assistant and a trained nurse, turned the college into a refugee camp, which protected more than 10,000 women and children during the height of the ordeal. The *Undaunted Women of Nanking* juxtaposes day-by-day the exhausted and terrified women's wartime diaries, providing vital eyewitness accounts of the Rape of Nanking and a unique focus on the Ginling refugee camp and the sufferings of women and children. Vautrin's diary reveals the humanity and courage of a female missionary in a time of terror. Tsen Shui-fang's diary, never before published in English and translated here for the first time, is the only known daily account by a Chinese national written during the crisis and not retrospectively. As such, it records a unique perspective: that of a woman grappling with feelings of anger, sorrow, and compassion as she witnesses the atrocities being committed in her

war-torn country. Editors Hua-ling Hu and Zhang Lian-hong have added many informative annotations to the diary entries from sources including the proceedings of the Tokyo War Crimes Trial of 1946, Vautrin's correspondence, John Rabe's diary, and other historical documents. Also included are biographical sketches of the two women, a note on the diaries, and information about the aftermath of the tragedy, as well as maps and photos—some of which appear in print in this book for the first time.

Undaunted St. Martin's Griffin

In this sweeping adventure story, Stephen E.

Ambrose, the bestselling author of *D-Day*, presents the definitive account of one of the most momentous journeys in American history. Ambrose follows the Lewis and Clark Expedition from Thomas Jefferson's hope of finding a waterway to

the Pacific, through the heart-stopping moments of the actual trip, to Lewis' lonely demise on the Natchez Trace. Along the way, Ambrose shows us the American West as Lewis saw it -- wild, awesome, and pristinely beautiful. *Undaunted Courage* is a stunningly told action tale that will delight readers for generations. In 1803 President Thomas Jefferson selected his personal secretary, Captain Meriwether Lewis, to lead a voyage up the Missouri River to the Rockies, over the mountains, down the Columbia River to the Pacific Ocean, and back. Lewis was the perfect choice. He endured incredible hardships and saw incredible sights, including vast herds of buffalo and Indian tribes that had had no previous contact with white men. He and his partner, Captain William Clark, made the first map of the trans-Mississippi West, provided invaluable scientific data on the flora and fauna of the Louisiana Purchase territory, and established the American claim to Oregon, Washington, and Idaho. Ambrose has pieced together previously unknown

information about weather, terrain, and medical knowledge at the time to provide a colorful and realistic backdrop for the expedition. Lewis saw the North American continent before any other white man; Ambrose describes in detail native peoples, weather, landscape, science, everything the expedition encountered along the way, through Lewis's eyes. Lewis is supported by a rich variety of colorful characters, first of all Jefferson himself, whose interest in exploring and acquiring the American West went back thirty years. Next comes Clark, a rugged frontiersman whose love for Lewis matched Jefferson's. There are numerous Indian chiefs, and Sacagawea, the Indian girl who accompanied the expedition, along with the French-Indian hunter Drouillard, the great naturalists of Philadelphia, the French and Spanish fur traders of St. Louis, John Quincy Adams, and many more leading political, scientific, and military figures of the turn of the century. This is a book about a hero. This is a book about national unity. But it is also a tragedy. When Lewis returned to Washington in the fall of 1806, he was a national hero. But for Lewis, the expedition was a failure. Jefferson had hoped to find an all-water route to the Pacific with a short hop over the Rockies-Lewis discovered there was no such passage. Jefferson hoped the Louisiana Purchase would provide endless land to support farming-but Lewis discovered that the Great Plains were too dry. Jefferson hoped there was a river flowing from Canada into the Missouri-but Lewis reported there was no such river, and thus no U.S. claim to the Canadian prairie. Lewis discovered the Plains Indians were hostile and would block settlement and trade up the Missouri. Lewis took to drink, engaged in land speculation, piled up debts he could not pay, made jealous political enemies, and suffered severe depression. High adventure, high politics, suspense, drama, and diplomacy combine with high romance and personal tragedy to make this outstanding work of scholarship as readable as a novel.

The church needs to do a better job of speaking theologically to single Christians. Challenging prevailing evangelical assumptions about "the problem" of singleness, this book explains why the church needs single people and offers a contemporary theology of singleness relevant to all members of the church. Drawing on the examples of three important figures from the history of Christianity, the book helps today's church form a vision of life in the kingdom of God that is as theologically significant for single people as it is for those who are married.

Army Wives Orphanpetals

Army Wives goes beyond the sound bites and photo ops of military life to bring readers into the hearts and homes of today's military wives. Biank tells the story of four typical Army wives

who, in a flash, find themselves in extraordinary circumstances that ultimately force them to redefine who they are as women and wives.

This is a true story about what happened when real life collided with army convention. Army Wives is a groundbreaking narrative that takes the reader beyond the Army's gates, taking a close look at the other woman—the Army itself—and how its traditions, rules and war-time realities deeply impact marriage and home life.
