What is the difference between justice and revenge? In this "heart-stopping thriller" (Publishers Weekly) with "plenty of action" (Kirkus Reviews) by New York Times bestselling author Lisa Unger, two wronged women on very different paths find themselves in the same dark place... Claudia Bishop's perfect life fell apart when the aftermath of a brutal assault left her with a crumbling marriage, a newborn daughter, and a constant sense of anxiety about the world around her. Now, looking for a fresh start with a home restoration project and growing blog, Claudia takes on a crumbling old house—one that unbeknownst to her has an ugly history and may hide long buried secrets. For Zoey Drake the defining moment of her childhood was the horrific home invasion murder of her parents. Years later, she has embraced the rage that fuels her. Training in the martial arts has made her strong and ready to face the demons from the past—and within. Strangers to each other, and walking very different paths in the wake of trauma, these two women are on a collision course—because Zoey's past nightmare and Claudia's dreams for her future take place in the very same house. As Zoey seeks justice, and Claudia seeks peace, both will confront the monsters at the door that are the most frightening of all. "The Red Hunter succeeds as a suspense novel on every level. *Under My Skin* presents a practicing dermatologist's sensitive and humorous reflections on medical practice, health care, bureaucrats, and the very different ways doctors and their patients look at health and disease. Besides being informative, author (and dermatologist) Dr. Alan Rockoff offers in *Under My Skin* a witty take on skin medicine, a field some people think is as superficial as the organ it works with. Rockoff begs to differ, and sets a delightful tone to describe both the gratifying and annoying moments that come with daily practice. Rockoff also tells tales both droll and touching of people who have shared with him not just their skin problems but their personal lives, quiet hopes, and deepest fears. With 30 years of medical practice under his belt, Rockoff combines wit, candor, and empathy to present a unique perspective on the ins and outs of dermatology and the patients who make practicing it worthwhile. Whether you've been a health professional or ever consulted one - or if you've worked in most any profession - you will relate to Rockoff's tales of workplace joys and follies. From embarrassing doctor's office situations to tips on using an assortment of medications, this highly enjoyable read is bound to get under any reader's skin.

*The Secret Under My Skin* Simon and Schuster

Alessandra Cecchi is not quite fifteen when her father, a prosperous cloth merchant, brings a young painter back from northern Europe to

decorate the chapel walls in the family's Florentine palazzo. A child of the Renaissance, with a precocious mind and a talent for drawing, Alessandra is intoxicated by the painter's abilities. But their burgeoning relationship is interrupted when Alessandra's parents arrange her marriage to a wealthy, much older man. Meanwhile, Florence is changing, increasingly subject to the growing suppression imposed by the fundamentalist monk Savonarola, who is seizing religious and political control. Alessandra and her native city are caught between the Medici state, with its love of luxury, learning, and dazzling art, and the hellfire preaching and increasing violence of Savonarola's reactionary followers. Played out against this turbulent backdrop, Alessandra's married life is a misery, except for the surprising freedom it allows her to pursue her powerful attraction to the young painter and his art. *The Birth of Venus* is a tour de force, the first historical novel from one of Britain's most innovative writers of literary suspense. It brings alive the history of Florence at its most dramatic period, telling a compulsively absorbing story of love, art, religion, and power through the passionate voice of Alessandra, a heroine with the same vibrancy of spirit as her beloved city.

Based on the research that race, gender, consent, and body positivity should be discussed with toddlers on up, this read-aloud board book series offers adults the opportunity to begin important conversations with young children in an informed, safe, and supported way. Developed by experts in the fields of early childhood and activism against injustice, this topic-driven board book offers clear, concrete language and beautiful imagery that young children can grasp and adults can leverage for further discussion. While young children are avid observers and questioners of their world, adults often shut down or postpone conversations on complicated topics because it's hard to know where to begin. Research shows that talking about issues like race and gender from the age of two not only helps children understand what they see, but also increases self-awareness, self-esteem, and allows them to recognize and confront things that are unfair, like discrimination and prejudice. This first book in the series begins the conversation on race, with a supportive approach that considers both the child and the adult. Stunning art accompanies the simple and interactive text, and the backmatter offers additional resources and ideas for extending this discussion.
