Principles of Management is
designed to meet the scope
and sequence requirements
of the introductory course on
management. This is a
traditional approach to
management using the

leading, planning, organizing, and controlling approach. Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters.
