"One of the best texts, if not the best text, for teaching undergraduate administration and management of criminal justice organizations. Its service quality approach is remarkable." —Emmanuel Amadi, Mississippi Valley State University Rethink management in criminal justice.
Administration and Management in Criminal Justice: A Service Quality Approach, Third Edition emphasizes the proactive techniques for administration professionals by using a service quality lens to address administration and management concepts in all areas of the criminal justice system. Authors Jennifer M. Allen and Rajeev Sawhney encourage readers to consider the importance of providing high-quality and effective criminal justice services. Readers will develop skills for responding to their customers—other criminal justice professionals, offenders, victims, and the community—and learn how to respond to changing environmental factors. Readers will also learn to critique their own views of what constitutes management in this service sector, all with the goal of improving the effectiveness of the criminal justice system. New to the Third Edition: Examinations of current concerns and management trends in criminal justice agencies make readers aware of the types of issues they may face, such as

workplace bullying, formal and informal leadership, inmate-staff relationships, fatal police shootings, and more. Increased discussions of a variety of important topics spark classroom debate around areas such as homeland security – era policing, procedural justice, key court personnel, and private security changes. Expanded coverage of technology in criminal justice helps readers see how technology such as cybercrime, electronic monitoring and other uses of technology in probation and parole, body-worn cameras, and police drones have had an impact on the discipline. Updated Career Highlight boxes demonstrate the latest data for each career presented. More than half the book has been updated with new case studies to offer readers current examples of theory being put into practice. Nine new In the News articles include topics such as Recent terrorist attacks Police shootings Funding for criminal justice agencies New technology, such as police drones and the use of GPS monitoring devices on sex offenders Cybercrime, cyberattacks, and identity theft Updated references, statistics, and data present readers with the latest trends in criminal justice.

The Key to Client Change Jones & Bartlett Publishers

This unique resource discusses the core concepts of self-evaluation and the WDEP system of reality therapy, and answers the commonly asked question: "How do I intervene with clients who appear to be unmotivated to make changes in their behavior?" Choice theory/reality therapy expert Robert Wubbolding provides mental health professionals with skill-building strategies for helping clients better self-evaluate, embrace the change process, and make more effective life choices. Detailed interventions and sample counselor – client dialogues throughout the book illustrate work with clients dealing with posttraumatic stress, anger issues, grieving and loss, self-injury, antisocial behavior, career concerns, relationship problems, and more. Dr. Wubbolding's techniques are readily applicable to mental health and educational settings,

with cross-cultural application to clients of various ages. *Requests for digital versions from the ACA can be found on wiley.com. *To request print copies, please visit the ACA website here.

This text focuses student-learning on the key communication competencies recommended by the National Communication Association. With applied examples and a vibrant and engaging design, this text covers all the expected topics in an introductory course (foundations of communication, interpersonal communication, small group communication, and public speaking - plus a special appendix on interviewing). Scenarios begin each chapter with a problem to which students can relate and then solve as they learn about the concepts discussed in each chapter. A concentrated focus on careers in communication, highlighted in a two-page spread near the end of each chapter, brings home the relevance of communication outside the classroom and helps students learn more about how studying communication can help them throughout their lives. Additional emphasis on topics such as ethics, culture, gender, and technology is found throughout the text.

Principles of Management Cengage Learning

Management is a robust foundations text providing a balance of broad, theoretical content with an engaging, easy-to-understand writing style. It covers the four key management functions - planning, organising, leading and controlling - conveying to students the elements of a manager's working day. Real-life local and international examples showcase the ongoing changes in the management world. Focusing on a 'skills approach', they bring concepts to life for students, supporting motivation, confidence and mastery. Each part concludes with a contemporary continuing case study, focusing on car company Toyota as it faces managerial challenges and opportunities in the region.

Communicating for Success Cengage Learning

Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach. Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters.
