
Understanding Objectivism A Guide To Learning Ayn Rands Philosophy Leonard Peikoff

When somebody should go to the ebook stores, search inauguration by shop, shelf by shelf, it is truly problematic. This is why we present the ebook compilations in this website. It will agreed ease you to look guide **Understanding Objectivism A Guide To Learning Ayn Rands Philosophy Leonard Peikoff** as you such as.

By searching the title, publisher, or authors of guide you essentially want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be all best place within net connections. If you point to download and install the Understanding Objectivism A Guide To Learning Ayn Rands Philosophy Leonard Peikoff, it is categorically easy then, previously currently we extend the join to purchase and create bargains to download and install Understanding Objectivism A Guide To Learning Ayn Rands Philosophy Leonard Peikoff so simple!

Why Businessmen Need Philosophy Penguin

Ayn Rand's philosophy of Objectivism is increasingly influencing the shape of the world from business and politics to achieving personal goals. Here, Leonard Peikoff—Rand's heir—explains how you can communicate philosophical ideas with conviction, logic, and, most of all, reason. Based on a series of lectures presented by Peikoff, *Objective Communication* shows how to apply Objectivist principles to the problem of achieving clarity both in thought and in communication. Peikoff teaches readers how to write, speak, and argue on the subject of philosophical ideas—ideas pertaining to profoundly important issues ranging from the question of the existence of God to the nature and proper limits of government power. Including enlightening discussions of a wide range of Objectivist topics—such as the primacy of consciousness, the pitfalls of

rationalistic thinking, and the true meaning of the word “altruism,” as well as in-depth analysis of some of Ayn Rand's own writings—Peikoff's *Objective Communication* is essential reading for anyone interested in Ayn Rand's philosophy. *The Cause of Hitler's Germany* National Geographic Books *The Fountainhead*, which became one of the most influential and widely read philosophical novels of the twentieth century, made Ayn Rand famous. An impassioned proponent of reason, rational self-interest, individualism, and laissez-faire capitalism, she expressed her unique views in numerous works of fiction and non-fiction that have been brought together for the first time in this one-of-a-kind volume. Containing excerpts from all her novels--including *Atlas Shrugged*, *Anthem*, and *We The Living*--*The Ayn Rand Reader* is a perfect introduction for those who have never read

Rand, and provides teachers with an excellent guide to the basics of her viewpoint.

Understanding Objectivism Penguin

The Fountainhead, one of the most thought-provoking novels of the twentieth century, advocates individualism through the story of a gifted young architect who rejects the tyranny of conventional public opinion. Three personalities vividly depict the struggle for personal integrity in a world that prioritises conformity above creativity: Gail Wynand, the newspaper mogul and self-made millionaire whose power was bought by sacrificing his ideals to the lowest common denominator of public taste; and Dominique Francon, the devastating beauty whose desperate search for meaning has been twisted, through despair, into a quest to destroy the single object of her affection.

The Fountainhead Reference Guide

Penguin

This Reference Guide takes the form of a Fountainhead Encyclopedia with several independent sections: a complete character dictionary; a dictionary of relationships between characters; a lexicon of the book's buildings and media outlets; a catalogue of the novel's various groups and associations; a timeline of the book's events; a classification of Ayn Rand's symbols;

and a directory of the Fountainhead's locations. Besides organizing most of the Fountainhead's facts logically, this Reference Guide also provides a table of Ayn Rand's fiction & nonfiction, a spreadsheet of works by Objectivist Intellectuals, and a glossary of architectural terms. It also analyzes some of the book's themes with reference to plot-specifics. So that Fountainhead scholars can cite neutral book facts to support their intellectual - hopefully objectivist - positions.

Atlas Shrugged Is The
Astounding Story Of A Man

Who Said That He Would Stop
The Motor Of The World--And
Did. Tremendous In Scope,
Breathtaking In Its Suspense,
Atlas Shrugged Stretches The
Boundaries Further Than Any
Book You Have Ever Read. It Is
A Mystery, Not About The
Murder Of A Man'S Body, But
About The Murder--And
Rebirth--Of Man'S Spirit.
Introduction to Objectivist
Epistemology Penguin
Based on a series of lectures
given in 1983 by Dr.
Leonard Peikoff,
Understanding Objectivism
offers a deeper and more
profound study of Ayn
Rand's philosophy, and
outlines a methodology of
how to approach the study
of Objectivism and apply its
principles to one's life. For
the legions of readers who
treasure Atlas Shrugged and
The Fountainhead, and who
savor cogent analysis and
provocative discussion of

Ayn Rand's thoughts and beliefs, *Understanding Objectivism* takes the stimulating study of Rand's philosophy to the next level. The Fountainhead Penguin Classics

Ayn Rand chose Leonard Peikoff to be her successor as the spokesman for Objectivism. And in this brilliantly reasoned, thought-provoking work we learn why, as he demonstrates how far America has been detoured from its original path and led down the same road that Germany followed to Nazism. Self-sacrifice, Oriental mysticism, racial "truth," the public good, doing one's duty—these are among the seductive catch-phrases that Leonard Peikoff dissects, examining the kind of philosophy they symbolize, the type of thinking that lured

Germany to its doom and that he says is now prevalent in the United States. Here is a frightening look at where America may be heading, a clarion call for all who are concerned about preserving our right to individual freedom.

Atlas Shrugged AuthorHouse
Based on a series of lectures given in 1983 by Dr. Leonard Peikoff, *Understanding Objectivism* offers a deeper and more profound study of Ayn Rand's philosophy, and outlines a methodology of how to approach the study of Objectivism and apply its principles to one's life. For the legions of readers who treasure *Atlas Shrugged* and *The Fountainhead*, and who savor cogent analysis and provocative discussion of Ayn Rand's thoughts and beliefs, *Understanding Objectivism* takes the stimulating study of Rand's philosophy to the next level. *The Objectivist Ethics* Penguin

In this beautifully written and brilliantly reasoned book, Ayn Rand throws a new light on the nature of art and its purpose in human life. Once again Miss Rand eloquently demonstrates her refusal to let popular catchwords and conventional ideas stand between her and the truth as she has discovered it. The Romantic Manifesto takes its place beside The Fountainhead as one of the most important achievements of our time.

Beyond Objectivism and Relativism Open Road Media

Rarely has a writer and thinker of the stature of Ayn Rand afforded us access to her most intimate thoughts and feelings. From Journals of Ayn Rand, we gain an invaluable new understanding and appreciation of the woman, the artist, and the philosopher, and of the

enduring legacy she has left us. Rand comes vibrantly to life as an untried screenwriter in Hollywood, creating stories that reflect her youthful vision of the world. We see her painful memories of communist Russia and her struggles to convey them in *We the Living*. Most fascinating is the intricate, step-by-step process through which she created the plots and characters of her two masterworks, *The Fountainhead* and *Atlas Shrugged*, and the years of painstaking research that imbued the novels with their powerful authenticity. Complete with reflections on her legendary screenplay concerning the making of the atomic bomb and tantalizing descriptions of projects cut short by her death, *Journals of Ayn Rand* illuminates the

mind and heart of an extraordinary woman as no biography or memoir ever could. On these vivid pages, Ayn Rand lives.

The Virtue of Selfishness

Penguin

The first volume to offer a comprehensive scholarly treatment of Rand ' s entire corpus (including her novels, her philosophical essays, and her analysis of the events of her times), this Companion provides vital orientation and context for scholars and educated readers grappling with a controversial and understudied thinker whose enduring influence on American (and world) culture is increasingly recognized. The first publication to provide an in-depth scholarly treatment ranging over the whole of Rand ' s corpus Provides informed contextual analysis for scholars in a variety of disciplines Presents original research on unpublished

material and drafts from the Rand archives in California Features insightful and fair-minded interpretations of Rand ' s controversial positions

A Companion to Ayn Rand

National Geographic Books

What is knowledge? How is it acquired? How are claims to knowledge to be validated? Can man achieve rational certainty, or is he doomed to perpetual doubt? How We Know presents an integrated set of answers to these and related questions, based on Ayn Rand's Objectivist philosophy, including her unique theory of concepts. Rejecting the false alternative of mysticism vs. skepticism, Harry Binswanger provides an uncompromising defense of reason, logic, and objectivity. Using vivid examples, he traces the hierarchical development of knowledge, from its base in sensory perception, to concept-formation, to logical inference, to its culmination in the principles of science and philosophy. How We Know explains how following methods

of cognition based on the facts of reality and on the nature of our cognitive equipment makes it possible to achieve rational certainty, no matter how abstract the issue.

The Romantic Manifesto Macmillan

This collection of essays was the last work planned by Ayn Rand before her death in 1982. In it, she summarizes her view of philosophy and deals with a broad spectrum of topics. According to Ayn Rand, the choice we make is not whether to have a philosophy, but which one to have: rational, conscious, and therefore practical; or contradictory, unidentified, and ultimately lethal. Written with all the clarity and eloquence that have placed Ayn Rand's Objectivist philosophy in the mainstream of American thought, these essays range over such basic issues as education, morality, censorship, and inflation to prove that philosophy is the fundamental force in all our lives.

Objectivism Penguin

Ayn Rand is one of the most polarizing authors of the 20th century. Best known for novels "The Fountainhead" and "Atlas Shrugged," which used characters intent on exercising their individualism over conformity, Rand became a pop philosopher in the 1950s. Her work upholds the virtues of a philosophy that she and Nathaniel Branden called Objectivism. This book examines both her life and her work; it follows her humble origins and shows exactly how her books have influenced everyone from political figures to celebrities. Finally, it gives a nutshell recap of her most important philosophical contribution: objectivism. If you've never really understood why Ayn Rand was important, or if you have appreciated her books and just want to know

more, then this book is for you. LifeCaps is an imprint of BookCaps(tm) Study Guides. With each book, a lesser known or sometimes forgotten life is recapped. We publish a wide array of topics (from baseball and music to literature and philosophy), so check our growing catalogue regularly to see our newest books.

With Charity Toward None
Penguin

A collection of essays that sets forth the moral principles of Objectivism, Ayn Rand's controversial, groundbreaking philosophy. Since their initial publication, Rand's fictional works—Anthem, The Fountainhead, and Atlas Shrugged—have had a major impact on the intellectual scene. The underlying theme of her famous novels is her philosophy, a new morality—the ethics of rational self-interest—that offers a robust challenge to altruist-collectivist thought. Known as Objectivism, her divisive

philosophy holds human life—the life proper to a rational being—as the standard of moral values and regards altruism as incompatible with man's nature. In this series of essays, Rand asks why man needs morality in the first place, and arrives at an answer that redefines a new code of ethics based on the virtue of selfishness. More Than 1 Million Copies Sold!

Ayn Rand Universe Penguin

Today man's mind is under attack by all the leading schools of philosophy. We are told that we cannot trust our senses, that logic is arbitrary, that concepts have no basis in reality. Ayn Rand opposes that torrent of nihilism, and she provides the alternative in this eloquent presentation of the essential nature--and power--of man's conceptual faculty. She offers a startlingly original solution to the problem that brought about the collapse of modern philosophy: the problem of universals. This brilliantly

argued, superbly written work, together with an essay by philosophy professor Leonard Peikoff, is vital reading for all those who seek to discover that human beings can and should live by the guidance of reason. The DIM Hypothesis Penguin Human beings can relate to one another with either mutual respect and freedom or mutual attempts to control and force. Objectivists idealize the former; most of America practices the latter. Though Objectivists are fundamentally against relating to their fellow human beings with various methods of control (bribery, threats, manipulation, slavery), many do not hesitate to relate in that way to the young human beings we temporarily refer to as children. In this short book, Ross examines the contradiction and proposes a theory of Objectivist parenting.

Ominous Parallels Penguin

An in-depth and evenhanded

examination of Ayn Rand ' s philosophy as expressed in her novels and nonfiction writings. In *With Charity Toward None*, William F. O ' Neill addresses the fundamentals of objectivism and the full meaning of an objectivist point of view. He delves into the social implications of putting such a philosophy into action. Neither fawning nor dismissive, O ' Neill forgoes the popular controversy surrounding Rand, focusing instead on rational and semantic analysis of her work. Divided into two major sections, the first part of this book summarizes the three basic areas of Randian philosophical inquiry: (1) knowing and the known, (2) personal value and the nature of man, and (3) the ethics of objectivism. The second part consists primarily of a critical analysis of the ideas presented in the earlier pages.

The Contested Legacy of Ayn Rand Penguin

Ayn Rand wrote and lectured on economic concepts and topics. This volume addresses the economic and business aspects of her writings. The authors of this

anthology are from a variety of fields and all of them are enthusiastic supporters of her ideas.

A Theory of Objectivist Parenting Penguin

Today man's mind is under attack by all the leading schools of philosophy. We are told that we cannot trust our senses, that logic is arbitrary, that concepts have no basis in reality. Ayn Rand opposes that torrent of nihilism, and she provides the alternative in this eloquent presentation of the essential nature--and power--of man's conceptual faculty. She offers a startlingly original solution to the problem that brought about the collapse of modern philosophy: the problem of universals. This brilliantly argued, superbly written work, together with an essay by philosophy

professor Leonard Peikoff, is vital reading for all those who seek to discover that human beings can and should live by the guidance of reason.
