Most people never grow accustomed to the big chunk of federal income tax withheld in each paycheck. The more you make, the more the IRS withholds. There are simpler and fairer ways for the government to collect taxes, which will eliminate all the complexity associated with income tax laws, reduce the time spent tracking income and expenses, and making the tax code fairer for all of its citizens. Businesses can focus on expanding their products or services rather than tracking income and expenses. Would you like to know how this is possible? In this book, "Ideas for Saving America", the author provides answers. He provides a roadmap of fundamental tax changes that are needed. He describes how to replace income taxes and discusses the significant benefits of these changes. If you are like most people, worried about the future of America, then it's time to look at new ways to solve today's problems and return America back on the road to greatness. Now is the time to take action, before it is too late for you, your children, and the country. You need to read this book to understand the changes that will solve America's financial and employment problems. The future will be

based on what we citizens do today in taking back control of our country. It is urgent that you read this book now and get behind a movement to change America. Join other Americans in a movement to save the United States of America. If not now, when? If not you, who? It is not too late!
