Prologue The very memory of that night was like a recurring nightmare.... The fog was cold and damp, and an icy wind blew through the shadow-cloaked forest, but Selene barely noticed the chill. Autumn trees, bare and skeletal, clawed at her as she ran frantically through the

**Greg Cox (Author of Underworld) - Goodreads**

Greg Cox writes yet another awesome book in the Underworld  
series. He fleshes out the characters and plot that the movie  
doesn't. Even though the movie rocks!! Better than the first. But  
needed more indepth characterizations from Selena and Michael.

---

But like the book, it was never boring and full of awesome vampire vs. werewolf action and adventure.
