Henderson's military romance series provides a detailed passage into the world of the military and homeland heroes, and those they love. Kidnapped Baker Books In the tradition of Jennifer Robson, comes this compelling debut that weaves the fascinating story of a young woman who must risk her life as a spy to help stop Napoleon ' s invasion of Great Britain in the winter of 1803. Though the daughter of an English baronet, Lisbeth has defied convention by eloping to France with her new husband. But when he breaks her heart by abandoning her, she has nowhere to turn and must work in a local tavern. Her only hope for the future is to be reunited with her young son who is being raised by her mother-in law. A seasoned spy known by his operatives as Tidewatcher, Duncan apprenticed under Lisbeth ' s father and pledged to watch over his mentor ' s only daughter while he searches the Channel region for evidence that Bonaparte has built a fleet to invade Britain. But unpredictable Lisbeth challenges his lifelong habit of distance. Eccentric, brilliant American inventor Robert Fulton is working on David Bushnell ' s “ turtle ” —the first fully submersible ship—when he creates brand-new torpedo technology, which he plans to sell to the French Navy. But when his relationship with Bonaparte sours, he accepts Tidewatcher ' s help to relocate to the French side of the Channel, but he refuses to share his invention. With an entire army encamped in the region, blocking off all access, Tidewatcher must get that submersible, along with someone who knows how to use it, to uncover Bonaparte ' s great secret. When Lisbeth is asked to pose as a housekeeper and charm Fulton so she can learn to use the submersible before the invasion fleet sails, she will be forced to sacrifice herself for her country—but is she willing to sacrifice her heart when she ' s already lost it to another...? A fast-paced, deeply-researched, and richly imagined novel, The

Tide Watchers explores a long-hidden, chapter of Bonaparte's history.

In Dee Henderson's novella "Betrayed," Janelle Roberts is freed--thanks to people she doesn't know--after serving six years of a twenty-year sentence for a murder she did not commit. In Dani Pettrey's "Deadly Isle," Tennyson Kent is trapped on the isolated island of her childhood by a storm surge, and she is shocked when the typically idyllic community turns into the hunting grounds of a murderer. In Lynette Eason's "Code of Ethics," trauma surgeon Ruthie St. John saves the life of Detective Isaac Martinez. In the newest high-stakes historical thriller from master storyteller Davis Bunn,

skepticism vies with faith amid the grit and grandeur of post-World-War-I Europe. It's 1923, and a resilient Paris is starting to recover from the ravages of World War I and the Spanish Flu Epidemic. Enter young Muriel Ross, an amateur American photographer tasked with documenting the antiques that her employer, U.S. Senator Tom Bryan, has traveled to France in order to acquire. Although she's exhilarated to have escaped her parents and the confines of their stifling Virginia home, Muriel has lingering questions about why the senator has chosen her for this grand adventure.

Nevertheless, she blossoms in her new surroundings, soaking up Parisian culture and capturing the sights and sounds of Paris on her camera. But events

take a dangerous turn when she discovers that the senator is on a mission far more momentous--and potentially deadly--than a mere shopping trip. At the Cathedral of Notre Dame, Senator Bryan asks Muriel to photograph an astonishing artifact: a piece of the True Cross, discovered by Empress Helena--a historical figure familiar to readers of *The Pilgrim*. When rumors surface that another fragment has been unearthed, Muriel becomes enmeshed in a covert international alliance dedicated to authenticating the fragment--and protecting it from those who will stop at nothing to steal and discredit it. Commander Mark

Bishop is deliberately low-key: "I'm in the Navy." But commanding the ballistic missile submarine USS Nevada, keeping her crew trained and alert during ninety-day submerged patrols, and being prepared to launch weapons on valid presidential orders, carries a burden of command like few other jobs in the military. Mark Bishop is a man who accepts that responsibility, and handles it well. And at a time when tensions are escalating around the Pacific Rim, the Navy is glad to have him. Mark wants someone to come home to after sea patrols. The woman he has in mind is young, with a lovely smile, and very smart. She's a civilian, yet she understands the U.S. Navy culture. And he has a strong sense that life with her would never be boring. But she may be too deep in her work to see the potential in a relationship with him. Gina Gray would love to be married. She has always envisioned her

life that way. A breakup she didn't see coming, though, has her focusing all her attention on what she does best--ocean science research. She's on the cusp of a major breakthrough, and she needs Mark Bishop's perspective and help. Because what she told the Navy she's figured out is only the beginning. If she's right, submarine warfare is about to enter a new and dangerous chapter.

Darcy St. James returns to Alaska to join a journalist friend undercover on the trail of a big story. But when Darcy arrives, she finds her friend has disappeared. Troubled by the cruise ship's vague explanation,

Darcy uses her cover as a travel reporter to investigate further. The last person Gage McKenna expects to see during his summer aboard a cruise ship leading adventure excursions is Darcy. Connie August, a Christian combat medic, one who had experienced healings and miracles on the battlefield similar to those in scripture, wasn't looking to make waves back home now that she was retired from the service. She opened Connie's Pizza and settled into her chosen community, wanting to be

herself, content to lead a small group of paramedics, doctors, nurses and chaplains who were studying the scriptures and sharing their experiences from across the Chicago area. Ryan Cooper, CEO of a religious-affiliated private hospital, had seen too many of Chicago's children die from gun violence, young mothers die from cancer, and random illness take both the young and old. He wanted the vibrancy of God's healing to be a predictable experience again. A friend introduced them at a party. He wanted to understand what she'd experienced. She wanted him to give a chaplain friend a job when he retired from the service. They struck a deal that would change both their lives and soon begin to reverberate across Chicago. This is Ryan's story, Connie's, but mostly it's God's story, a God who is still amazing in his goodness.
