After Griffin walked away because he refused to live his life in the closet, Zach put everything he had into achieving his football dreams. When he was drafted, he began to understand that Griffin had done the best thing for both of them by leaving. But that doesn't mean he's ever forgiven his first love. Now in his second season with the Wilmington Breakers, Zach's committed to keeping his head down so he can prove his rookie stats weren't a fluke. He knows his resolve will be tested when he's selected to participate in Outside the Pocket, a reality show which follows players through training camp. He's almost convinced himself it won't be a distraction when Griffin walks into the room. Distraction becomes an understatement when he's informed he will be spending nearly every waking minute for the next six weeks with the only man he's allowed to hurt him. Will Zach's love of the game be enough to keep him from being downed by contact again?

The Chronicle Casemate
How Wall Street Created a Nation: J.P. Morgan, Teddy Roosevelt, and the Panama Canal narrates the dramatic and gripping account of the beginnings of the Panama Canal led by a group of Wall Street speculators with the help of Teddy Roosevelt’s government. The result of four years of research, the book offers the real story of how the United States obtained the rights to build the Canal through financial speculation, fraud, and an international conspiracy that brought down a French republic and a Colombian government, created the Republic of Panama, rocked the invincible President Roosevelt with corruption scandals, and gave birth to U.S. imperialism in Latin America.

The Ancient History of the Jews, and of the Minor Nations of Antiquity, Etc The Landmark Thucydides
"Without trust, we have nothing." These are the words which have haunted Melanie Erickson for six years. When she walked out of the house Xavier Ross bought as their forever home, she thought she was closing that door permanently, but fate had other plans. Xavier Ross tried to keep everyone at a distance until Melanie came into his life. The more he tried to fight his feelings for her, the more he fell in love. One rash decision fractured the trust that was essential to their relationship. Six years later, she is the last person he expects to see walk through his front door. Will Xavier and Mel be able to learn to trust one another again so they can fulfill a dying woman's wish?

The Encyclopaedia Britannica Anchor
The Panama Canal was the costliest undertaking in history; its completion in 1914 marked the beginning of the “ American Century. ” Panama Fever draws on contemporary accounts, bringing the experience of those who built the canal vividly to life. Politicians engaged in high-stakes diplomacy in order to influence its construction. Meanwhile, engineers and workers from around the world rushed to take advantage of high wages and the chance to be a part of history. Filled with remarkable characters, Panama Fever is an epic history that shows how a small, fiercely contested strip of land made the world a smaller place and launched the era of American global dominance.

"The" Athenaeum London, Longmans
A selection of the Military Book Club: "A solid operational analysis" from "an established scholar of the Scandinavian theater" (Publishers Weekly). This book describes the odd coalition between Germany and Finland in World War II and their joint military operations from 1941 to 1945. In stark contrast to the numerous books on the shorter and less bloody Winter War, which represented a gallant fight of a democratic "David" against a totalitarian "Goliath" and caught the imagination of the world, the story of Finland fighting alongside a Goliath of its own has not brought pride to that nation and was a period many Finns would rather forget. A prologue brings the reader up to speed by briefly examining the difficult history of Finland, from its separation from the Soviet Union in 1917 to its isolation after being bludgeoned in 1939-40. It then examines both Finnish and German motives for forming a coalition against the USSR, and how—as logical as a common enemy would seem—the lack of true planning and preparation would doom the alliance. In this book, Henrik Lunde, a former US Special Operations colonel and author of Hitler’s Pre-emptive War: The Battle for Norway, 1940, once again fills a profound gap in our understanding of

World War II.
A Universal History of the Nations of Antiquity Penguin
antly, the pact laid the groundwork for Soviet control of Eastern Europe, a power grab that would define the post-war order. Drawing on memoirs, diaries, and official records from newly opened Soviet archives, *The Devils' Alliance* is the authoritative work on one of the seminal episodes of World War II. In his characteristically rich and detailed prose, Moorhouse paints a vivid picture of the pact's origins and its enduring influence as a crucial turning point, in both the war and in modern history.

After being transported to a strange alternate Earth, Matt Reddy and the crew of the USS Walker have learned desperate times call for desperate measures, in the return to the New York Times bestselling Destroyermen series. Time is running out for the Grand Human and Lemurian Alliance. The longer they take to prepare for their confrontations with the reptilian Grik, the Holy Dominion, and the League of Tripoli, the stronger their enemies become. Ready or not, they have to move--or the price in blood will break them. Matt Reddy and his battered old destroyer USS Walker lead the greatest army the humans and their Lemurian allies have ever assembled up the Zambezi toward the ancient Grik capital city. Standing against them is the largest, most dangerous force of Grik yet gathered. On the far side of the world, General Shinya and his Army of the Sisters are finally prepared for their long-expected assault on the mysterious El Paso del Fuego. Not only is the dreaded Dominion ready and waiting for them; they've formed closer, more sinister ties with the fascist League of Tripoli. Everything is on the line in both complex, grueling campaigns, and the Grand Alliance is stretched to its breaking point. Victory is the only option, whatever the cost, because there can be no second chances.
