Renewing Destruction examines how wind energy projects impact people and their environments. Wind energy development, in Mexico and most countries, fall into a ‘roll out’ neoliberal strategy that is justified by climate change mitigation programs that are continuing a process of land and wind resources grabbing for profit. The result has been an exaggeration of pre-existing problems in communities around land, income-inequality, local politics and, contrary to public relations stories, is devastating traditional livelihoods and socio-ecological relationships. Exacerbating pre-existing social and material problems in surrounding towns, wind energy development is placing greater stress on semi-subsistence communities, marginalizing Indigenous traditions and indirectly resulting in the displacement and migration of people into urban centers. Based on intensive fieldwork with local groups in Oaxaca, Mexico, this book provides an in-depth study, demonstrating the complications and problems that emerge with the current regime of ‘sustainable development’ and wind energy projects in Mexico, which has wider lessons to be drawn for other regions and countries. Put simply, the book reveals a tragic reality that calls into question the marketed hopes of the green economy and the current method of climate change mitigation. It shows the variegated impacts and issues associated with building wind energy parks, which extends to recognizing the destructive effects on Indigenous cultures and practices in the region. The book, however, highlights what to consider or, more importantly, what to avoid if one

is working with industrial-scale wind energy systems.

For James Thomas Brudenell, 7th Earl of Cardigan, leading the Light Brigade at Balaclava was but one incident in a life of sensation and notoriety. Donald Thomas ’ s biography, originally published in 1977, and based on new material when originally published, shows this most controversial Victorian against a panorama of regimental intrigue and aristocratic luxury. Dismissed from the army for ‘ revolting ’ conduct, Cardigan bought the command of the 11th Hussars (the ‘ Cherry Bums ’) for £ 40,000 a few years later. Regimental rivalries led to the ‘ Black Bottle ’ scandal of 1840 and to a duel in which he shot a brother officer. Charged with attempted murder, Cardigan was the only Victorian peer to be tried by the House of Lords. Nonetheless, his seductions of other men ’ s wives rivalled his regimental misdemeanours in press reports. He was jeered int he streets, hissed at the theatre and burnt in effigy. It took the glory and the folly of Balaclava to turn ‘ this plague-spot of the British army ’ into ‘ the most popular soldier in England ’ . Greeted everywhere by cheering crowds, their new hero fought duels and libel actions against those who denied his bravery before the Russian guns. For all his misbehaviour, Cardigan remains warm-blooded, generous, impulsive and courageous, as well as obstinate, proud and sometimes ridiculous. Hated by numerous men, and adored by many women, his elopement with the beautiful Adeline Horsey de Horsey was a triumph of his old age.

For the past three decades, many history professors have allowed their biases to distort the way America ’ s past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America ’ s patriots and the achievements of “ dead white men. ” As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. A Patriot ’ s History of the United States corrects those doctrinaire biases. In this groundbreaking book, America ’ s discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America ’ s true and proud history.

In a test case for the study of epichoric Greek history (that not centered on Athens and Sparta), Thomas Figueira deploys a range of disciplinary methodologies to explore the political history of the ancient island city-state of Aigina, down to the Roman conquest of Greece. Excursions in Epichoric History combines previously published articles, revised and updated, and new essays to provide a set of alternative perspectives on the course of Greek foreign policy and institutional history.

Perkins, a former chief economist at a Boston strategic-consulting firm, confesses he was an "economic hit man" for 10 years, helping U.S. intelligence agencies and multinationals cajole and blackmail foreign leaders into serving U.S. foreign policy and awarding lucrative contracts to American business.

The ancient history of the Egyptians, Carthaginians [&c.]. Transl. 1 vol. [in 2]. Oxford University Press, USA

When she was a girl, Lisa See spent summers in the cool, dark recesses of her family's antiques store in Los Angeles' Chinatown. There, her grandmother and great-aunt told her intriguing, colourful stories about their family's past - stories of missionaries, concubines, tong wars, glamorous nightclubs, and the determined struggle to triumph over racist laws and discrimination. They spoke of how Lisa's great-great-grandfather emigrated from his Chinese village to the United States, and how his son followed him. As an adult, See spent five years collecting the details of her family's remarkable history. She interviewed nearly one hundred relatives and pored over documents at the National Archives, the immigration office, and in countless attics, basements, and closets for the intimate nuances of her ancestors' lives. The result is a vivid, sweeping family portrait that is at once particular and universal, telling the story not only of one family, but of the Chinese people in America - and of America itself, a country that both welcomes and reviles its immigrants like no other culture in the world.
