A supernatural romance about

the powers that lie in the shadows of the mind, perfect for fans of Sarah Rees Brennan, Alyxandra Harvey, and Libba Bray. At the turn of the twentieth century, Spiritualism and séances are all the rage—even in the scholarly town of Cambridge, England. While mediums dupe the grief-stricken, a group of local fringe scientists seeks to bridge the gap to the spirit world by investigating the dark corners of the human mind. Each running from a shadowed past, Kate, Asher, and Elsie take refuge within the walls of Summerfield College. But their

peace is soon shattered by the discovery of a dead body nearby. Is this the work of a flesh-and-blood villain, or is something otherworldly at play? This unlikely trio must illuminate what the scientists have not, and open a window to secrets taken to the grave—or risk joining the spirit world themselves. Suddenly Supernatural: School Spirit Catapult
When the boundaries between the real world and the unseen world overlap and you begin getting cooking tips and dating advice from your ghostly grannies, life itself can never be the same. What do you do when you suddenly

realise that there is a whole other world out there which is opening up to you? You ride the whirlwind, hang on tight and enjoy this whole new adventure of being an Unintentional Medium. This is a story of an adventure, a step into the unknown, a collision of worlds and what happens to the unsuspecting young woman who happens to have been chosen by the spirit world to act as their messenger. The true story leads us through an eventful and often hilarious life describing events and people, both here and in the spirit world who have played such a part in this journey. A newly single girl on the London dating scene and who, after several close escapes, finally finds happiness with her

handsome Australian husband. Not only are the spirits extremely happy about this, they redouble their efforts to get their message across and pop in with increasing regularity. A cross between Bill Bryson, Brigit Jones and Ghost with a dash of Carrie Bradshaw thrown in for good measure.

An inspiring and

former business executive, Bonnie McEneaney was always skeptical of the spiritual world and all that it represents. When her husband, Eamon, died in the attacks on the World Trade Center, she thought she had lost him forever. Then Bonnie began to have experiences that convinced her that her husband, in spirit, was sending her signs—indeed messages—that he was still present and watching over his family. After talking to other families and friends of loved ones lost on 9/11, she realized she was not alone. In *Messages*, Bonnie shares the miraculous spiritual stories of numerous others connected to the tragedy while weaving in her heartfelt personal message of comfort and hope. For all who are searching for their own deeper connections, this extraordinary book is indispensable proof that love and relationships can continue . . . even after death.

Swami and Friends Penguin Oliver Reed may not have been Britain's biggest film star - for a period in the early 70s he came within a hairsbreadth of replacing Sean Connery as James Bond - but he is an august member of that small band of people, like George Best and Eric Morecambe, who transcended their chosen medium, became too big for it even, and grew into cultural icons. For the first time Reed's close family has agreed to collaborate on a project about the man himself. The result is a fascinating new insight into a man seen by many as merely a brawling, boozing hellraiser. And yet he was so much more

than this. For behind that image, which all too often he played up to in public, was a vastly complex individual, a man of deep passions and loyalty but also deep-rooted vulnerability and insecurities. Why was a proud, patriotic, intelligent, successful and erudite man so obsessed about proving himself to others, time and time again? Although the Reed myth is of Homeric proportions, he remains a national treasure and somewhat peculiar icon. Praise for other books by Robert Sellers: *Hellraisers: The Life and Inebriated Times of Richard Burton, Richard Harris, Peter O'Toole, and Oliver*

Reed: 'So wonderfully captures the wanton belligerence of both binging and stardom you almost feel the guys themselves are telling the tales.' *GQ*. Vic Armstrong: *The True Adventures of the World's Greatest Stuntman*: 'This is the best and most original behind-the-scenes book I have read in years, gripping and revealing.' Roger Lewis, *Daily Mail*. *Don't Let the Bastards Grind You Down*: '...a rollicking good read... Sellers has done well to capture a vivid snapshot of this exciting time.' Lynn Barber, *Sunday Times*.

"Impressive . . . [Cristina García's] story is about three generations of Cuban women and their separate responses to the revolution. Her special feat is to tell it in a style as warm and gentle as the 'sustaining aromas of

vanilla and almond,' as rhythmic as the music of Beny Moré.”—Time

Cristina García’s acclaimed book is the haunting, bittersweet story of a family experiencing a country’s revolution and the revelations that follow. The lives of Celia del Pino and her husband, daughters, and grandchildren mirror the magical realism of Cuba itself, a landscape of beauty and poverty, idealism and corruption. *Dreaming in Cuban* is “a

work that possesses both the intimacy of a Chekov story and the hallucinatory magic of a novel by Gabriel García Márquez” (The New York Times). In celebration of the twenty-fifth anniversary of the novel’s original publication, this edition features a new introduction by the author. Praise for *Dreaming in Cuban* “Remarkable . . . an intricate weaving of dramatic events with the supernatural and the cosmic . . . evocative and

lush.”—San Francisco Chronicle “Captures the pain, the distance, the frustrations and the dreams of these family dramas with a vivid, poetic prose.”—The Washington Post “Brilliant . . . With tremendous skill, passion and humor, García just may have written the definitive story of Cuban exiles and some of those they left behind.”—The Denver Post

You leave us alone; we'll

leave you alone. When Elaine Mercado and her first husband bought their home in Brooklyn, N. Y., in 1982, they had no idea that they and their two young daughters were embarking on a thirteen-year nightmare. Within a few days of moving in, Elaine and her older daughter began to experience the sensation of being watched. Then came scratching noises and weird smells, followed by voices whispering, maniacal laughter,

shadowy figures scurrying along baseboards, and small balls of light bouncing along the ceilings. From the beginning of the haunting, "suffocating dreams" were experienced by everyone except the younger daughter. These eventually accelerated to physical aggression directed at Elaine and both the girls. This book is the true story of how one family tried to cope with living in a haunted house. It also describes how, with

the help of parapsychologist Dr. Hans Holzer and medium Marisa Anderson, the family discovered the tragic and heartbreaking secrets buried in the house at Grave's End. I struggle to open my eyes, but achieve nothing but frustration and failure. I am not asleep. I am fully conscious, in a state of panic unthinkable during the day intolerable in the dark of night, held prisoner by some tortured, invisible presence, insistent on

abruptly invading my slumber. The more I struggle toward freedom, the more I am pushed into the mattress, perspiring, heart palpitating, a scream involuntarily silenced within my throat. Some nights I experience my skin being stroked while I fight to regain control of my body, my sight. Thank God, this was not one of those nights. Tonight it lets me open my eyes, shaken but unviolated, frightened, but not as frightened as I know I can become. First

A compassionate, shame-free guide for your darkest days "A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that

depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.”—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn’t cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you’re left wondering if God has abandoned you. You just want a way out. But there’s hope. In

I Love Jesus, But I Want to Die, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, I Love

Jesus, But I Want to Die offers a path toward a rich, hope-filled life in Christ, even when healing doesn’t look like what you expect.

It is an undeniable truth: give evil a name and everyone's happy. Give it two names and...why, they're even happier. Intrepid necromancers Bauchelain and Korbal Broach, scourges of civilization, raisers of the dead, reapers of the souls of the living, devourers of hope, betrayers of faith, slayers of the innocent, and modest personifications of evil, have a lot to answer for and answer they will. Known as the

Nehemoth, they are pursued by countless self-professed defenders of decency, sanity, and civilization. After all, since when does evil thrive unchallenged? Well, often—but not this time. Hot on their heels are the Nehemothanai, avowed hunters of Bauchelain and Korbal Broach. In the company of a gaggle of artists and pilgrims, stalwart Mortal Sword Tulgord Vise, pious Well Knight Arpo Relent, stern Huntsman Steck Marynd, and three of the redoubtable Chanter brothers (and their lone sister) find themselves faced with the cruelest of choices. The legendary Crack'd Pot Trail, a stretch of harsh wasteland

between the Gates of Nowhere and the Shrine of the Indifferent God, has become a tortured path of deprivation. Will honor, moral probity, and virtue prove champions in the face of brutal necessity? No, of course not. Don't be silly. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

R. K. Narayan (1906—2001) witnessed nearly a century of change in his native India and captured it in fiction of

uncommon warmth and vibrancy. Swami and Friends introduces us to Narayan's beloved fictional town of Malgudi, where ten-year-old Swaminathan's excitement about his country's initial stirrings for independence competes with his ardor for cricket and all other things British. Written during British rule, this novel brings colonial India into intimate focus through the narrative gifts of this master of literary realism.

Suddenly Supernatural: Crossing Over Black Cat
"A wonderful nightmare of a book: tender and frightening, disturbing but compassionate. Fever Dream is a triumph of Schweblin's outlandish imagination." –Juan Gabriel Vasquez, author of *The Sound of Things Falling* and *Reputations*
A young woman named Amanda lies dying in a rural hospital clinic. A boy named David sits beside her. She's not his mother. He's not her child. Together, they tell a haunting story of broken souls, toxins, and the power and desperation of family. *Fever Dream* is a nightmare come to life, a ghost story for the real

world, a love story and a cautionary tale. One of the freshest new voices to come out of the Spanish language and translated into English for the first time, Samanta Schweblin creates an aura of strange psychological menace and otherworldly reality in this absorbing, unsettling, taut novel.
