This book is open access under a CC BY 4.0 license. This textbook, endorsed by the European Society for Blood and Marrow Transplantation (EBMT), provides adult and paediatric nurses with a full and informative guide covering all aspects of transplant nursing, from basic principles to advanced concepts. It takes the reader on a journey through the history of transplant nursing, including essential and progressive elements to help nurses improve their knowledge and benefit the patient experience, as well as a comprehensive introduction to research and auditing methods. This new volume specifically intended for nurses, complements the ESH-EBMT reference title, a popular educational resource originally developed in 2003 for physicians to accompany an annual training course also serving as an educational tool in its own right. This title is designed to develop the knowledge of nurses in transplantation. It is the first book of its kind specifically targeted at nurses in this specialist field and acknowledges the valuable contribution that nursing makes in this area. This volume presents information that is essential for the education of nurses new to transplantation, while also offering a valuable resource for more experienced nurses who wish to update their knowledge.

MY LITTLE RED BOOK is an anthology of stories about first periods, collected from women of all ages from around the world. The accounts range from light-hearted (the editor got hers while water skiing in a yellow bathing suit) to heart-stopping (a first

period discovered just as one girl was about to be strip-searched by the Nazis). The contributors include well-known women writers (Meg Cabot, Erica Jong, Gloria Steinem, Cecily von Ziegesar), alongside today's teens. And while the authors differ in race, faith, or cultural background, their stories share a common bond: they are all accessible, deeply honest, and highly informative. Whatever a girl experiences or expects, she'll find stories that speak to her thoughts and feelings. Ultimately, MY LITTLE RED BOOK is more than a collection of stories. It is a call for a change in attitude, for a new way of seeing periods. In a time when the taboo around menstruation seems to be one of the few left standing, it makes a difficult subject easier to talk about, and helps girls feel proud instead of embarrassed or ashamed. By revealing what it feels like to undergo this experience first hand, and giving women the chance to explain their feelings in their own words, it aims to provide support, entertainment, and a starting point for discussion for mothers and daughters everywhere. It is a book every girl should have. Period.

A major concern among ecologists in and outside the ASEAN region is the degradation of the environment, and the overexploitation of freshwater and marine resources. There is as yet no indication that freshwater and marine resources are being managed on a sustainable basis, and loss of wetlands, whether freshwater swamps or mangrove swamps, is a major problem in the ASEAN region. Reclamation of mangrove swamps for aquaculture and agriculture seems to be a continuous activity here and the status of marine parks should also be examined in the light of recent resort development activities on small islands. This volume contains numerous recommendations for the promotion of ecological studies and regional cooperation in marine, freshwater ecology and conservation, with special emphasis on the common water masses like the Strait of Malacca, Gulf of Thailand and the South China Sea.

Enigmatic American Don Nichols, D-Day paratrooper, Army counter-intelligence officer and controversial entrepreneur, went on to create a racing marque that seems as cloaked as the man himself. Shadow was the only US-based team to win a Can-Am championship, and one of only three to score a victory in Formula 1. Yet history lavishly celebrates his nominal rivals Dan Gurney and Roger Penske, while Nichols has long remained, yes, a shadowy figure -- despite staying the difficult international course far longer, for 11 racing seasons, 1970 to 1980. But at last Pete Lyons, who was there in the day, lifts the veil from this secretive man and the innovative, extraordinary, magnificent racing cars and world-class team he created.

Expanded for the occasion of ZZ Top's 50th anniversary, Billy F Gibbons: Rock + Roll Gearhead throws wide Gibbons' garage and studio doors for an exclusive look at his exquisite collection of cars and guitars. Love cars, guitars, and ZZ Top? This visually stunning tour through this Grade-A Texas gearhead's weird, wild life, vintage and way-out custom guitars, and influential hot rods and custom cars is mandatory education. From the near-mythical '59 Les Paul sunburst known as "Pearly Gates" and the "Furry One" of MTV renown to cars like the Eliminator, CadZilla, and Kopperhed, they're all here--more than 60 guitars and 15

astounding vehicles, all expounded upon by BFG himself and shown in commissioned color and artistic black-and-white photography. Cars and guitars that have made their way to light since the book's first publication in 2005 are included: Cars: Mexican Blackbird 1958 Thunderbird Quintana '50 Ford Custom El Camino Grocery-Getter custom Whiskey Runner '34 Ford Coupe '51 Willys Wagon Guitars: Party Peelers John Bolin Customs Neiman Marcus BFG SG Nacho Telecaster John Bolin "Think Buck" T-style Mexican Blackbird solidbody Mojo Maker Tone Bender Zemaitis custom Marconi Lab Guitar 1929 Dixie Ukelele 1939 Rickenbacker Frying Pan ...and more! While BFG's cars 'n' guitars are the stuff of legend, no less intriguing are the tales behind his incredible music career. From teenage Houston garage rocker to the Rock and Roll Hall of Fame, the whole story is between these covers, told in the Good Reverend Willie G's own words and illustrated with photos and memorabilia from his personal archive. As with many rockers, Billy F Gibbons' jones for hot rods and customs is the stuff of legend. But beyond this bona fide bluesman's mastery of the six-string and unrepentant love for internal combustion is a noted collector whose own designs have manifested themselves in hundreds of mind-bending cars and guitars. This is the definitive and official record of that genius.
