Seventy per cent of newly qualified secondary teachers say that they are well-prepared for certain aspects of teaching their specialist subject - such as planning, selecting resources and assessing their own teaching - and yet feel very much less prepared in other professional areas. This second edition tackles all the issues that new teachers find difficult. It builds on the skills and knowledge they will have learned on their initial teacher education or PGCE course and offers a planned process of professional development and includes

chapters on: managing yourself and your workload working as part of a team developing teaching and learning strategies challenging behaviour in the classroom assessing, recording and reporting values and Citizenship Education the school sixth form and the growth of vocational qualifications continuing professional development. The book can be used either as a stand alone companion for newly qualified teachers, or as a follow-on from the editors' successful text book, Learning to Teach in the Secondary School, also published by Routledge.

Commonwealth Caribbean Business Law breaks away from the traditional English approach of treating business law primarily as the law of contract and agency. It provides a broad overview of the foundation of various legal systems and goes on to examine the various areas of legal liability that may impact on business activities. These areas include tort law, criminal law, internet law and payment in business transactions. Specifically, the book targets the development of business law in several Commonwealth jurisdictions, including Canada and Australia, but with special focus on legal developments in Commonwealth Caribbean countries. The approach of the book is to present excerpts from judgments, so as to enable students to understand legal principles as espoused by the judiciary without the filtering bias of authors. This new title is essential reading for students taking the LLB and Business Degree courses in the Caribbean and other commonwealth jurisdictions.
