A Guide Book for the Test of Academic English Proficiency

(TAEPTM) is written to fulfill the learners' need to achieve a good score in TAEPTM. TAEPTM is a standardized test designed to measure the English proficiency of non-native speakers of English in non-English speaking countries. This book encompasses a variety of materials covering Listening Comprehension, Grammar, and Reading Comprehension. Every unit presents pre test, post test, and the materials for the tests. The tests are constructed to measure learners' capabilities before and after experiencing using the book. Meanwhile, the materials are completed with explanation, practical strategies and the practices. To improve the quality of this Guidebook for TAEPTM, criticisms, and suggestions for better editions are highly welcomed.

Crash Course in Digital Technology teaches the basics of digital electronics theory and circuits in an easy-to-understand format. Each chapter includes learning objectives, clear explanations and examples, and an end-of-chapter self-quiz. The drill-and-review software included with the book allows learners to test themselves on the contents of each chapter, providing a second reinforcement of the material. A final chapter teaches the basics of troubleshooting digital circuits. With the two other Crash Course books, Electronics Technology and Microprocessor Technology, this book forms a complete course in electronics and microcomputer technology appropriate for technical schools, industrial training, and hobbyists. Louis Frenzel is an experienced electronics engineer and educator, as well as the author of many magazine articles and texts. He is currently an instructor at Austin Community College in Austin, Texas. Drill-and-review software included Clear, easy format Self-paced introduction to digital electronics

Cambridge Global English (1-6) is a six-level Primary course following the Cambridge Primary English as a Second Language Curriculum Framework developed by Cambridge English Language Assessment. Activity Book 3 provides additional

practice activities to consolidate language skills and content material introduced in Learner's Book 3. Nine units correspond with the topics, texts and language input of Learner's Book 3 with each lesson of the Learner's Book supported by two pages in the Activity Book. Learning is reinforced through activities clearly framed within the 'I can' objectives of the course, opportunities for personalisation and creative work and a higher level of challenge to support differentiation. Each unit in the Activity Book ends with a quiz or review, offering further assessment for learners. CEFR Level: towards A1.
