[United Nations Security Council Resolution 1929](#) Oxford University Press

It is clear that the current crisis of the EU is not confined to the Eurozone and the EMU, evidenced in its inability to ensure the compliance of Member States to follow the principles and values underlying the integration project in Europe (including the protection of democracy, the Rule of Law, and human rights). This defiance has affected the Union profoundly, and in a multi-faceted assessment of this phenomenon, *The Enforcement of EU Law and Values: Ensuring Member States' Compliance*, dissects the essence of this crisis, examining its history and offering coping methods for the years to come. Defiance is not a new concept and this volume explores the richness of EU-level and national-level examples of historical defiance – the French Empty Chair policy–, the Luxembourg compromise, and the FPÖ crisis in Austria - and draws on the experience of the US legal system and that of the integration projects on other continents. Building on this legal-political context, the book focuses on the assessment of the adequacy of the enforcement mechanisms whilst learning from EU integration history. Structured in four parts, the volume studies (1) theoretical issues on defiance in the context of multi-layered legal orders, (2) EU mechanisms of acquis and values' enforcement, (3) comparative perspective on law-enforcement in multi-layered legal systems, and (4) case-studies of defiance in the EU.

United Nations Security Council Resolution Relating to the Situation in Yugoslavia. Resolution

740 Oxford University Press, USA

The United Nations Security Council has primary responsibility for maintaining international peace and security. In discharging its powers it must act in accordance with the Purposes and Principles of the UN, and observe the rules governing voting and procedure established in the Organisation ' s Charter. The Council adopts mandatory resolutions that may establish obligations for members and non-members, and such obligations trump conflicting obligations originating from any other international agreement. Member States must cooperate with the Organisation and among themselves, in the implementation of any action prescribed by the Council against States whose behaviour the Council considers an act of aggression, or a threat to, or breach of, international peace and security. This book analyses resistance to Security Council resolutions and puts forward a theory of lawful resistance. Sufyan Droubi takes a positivist approach to the UN Charter regarding it as a constitution. Special emphasis is placed on the construction of the Charter ' s meaning through the practice of both organs and Members of the UN and on the need to enhance the effectiveness of the Organization with due respect to the rule of law. The book proposes that nonviolent resistance to a mandatory resolution of the Security Council, on grounds that the latter is incompatible with the Charter or jus cogens norms, may be considered lawful under the Charter if some elements are present. In exploring a number of case studies of individual and collective State resistance to mandatory Council resolutions, the book proposes that resistance may function as a rudimentary instrument of accountability and protection of the Charter and jus cogens, in the absence of more mature mechanisms of judicial review. The book will be of excellent use and interest to scholars and students of constitutional international law and international relations.

The Procedure of the UN Security Council is the definitive book of its kind and has been widely used by UN practitioners and scholars for nearly 40 years. This comprehensively revised edition contains over 450 pages of new material documenting the extensive and rapid innovations in the Council's procedures of the past two decades. A one-stop handbook and guide, with meticulous referencing, this book has served diplomats, UN staff and scholars alike in providing unique insight into the inside workings of the world's preeminent body for the maintenance of international peace and security. Thoroughly grounded in the history and politics of the Council, it brings to life the ways the Council has responded through its working methods to a changing world. The book explains the Council's role in its wider UN Charter context and examines its relations with other UN organs and with its own subsidiary bodies. This includes the remarkable expansion in UN

peacekeeping, peacebuilding and political missions, sanctions and counter-terrorism bodies, and international legal tribunals. It contains detailed analysis of voting and decision-taking by the Council, as well as the place, format, and conduct of meetings. It also seeks to illuminate the personalities behind the Council's work - ranging from the diplomats who sit on the Council itself to the UN Secretary-General, and those outside the Council affected by its decisions. It concludes with reflections on the improvements that have made to the Council's procedures over many decades, and the scope for further reform.
