Filmmakers of the Pacific Rim have been delivering punches and flying kicks to the Hollywood movie industry for years. This book explores the ways in which the

storytelling and cinematic techniques of Asian popular culture have migrated from grainy, low-budget martial arts movies to box-office blockbusters such as The Magnificent Seven, Star Wars, The Matrix and Transformers. While special effects gained prominence, the raw and gritty power of live combat emerged as an audience favorite, spawning Asian stars Bruce Lee and Jackie Chan and martial arts-trained stars Chuck Norris and Steven Seagal. As well as capturing the sheer onscreen adrenaline rush

that characterizes the films discussed, this work explores the impact of violent cinematic entertainment and why it is often misunderstood.

Prominent Hellenistic moralists from ca. the first century CE warn that all emotions carry temptation(s) to sin or error. To be guilty of emotional sin is to allow psychosomatic feelings (or rising emotion) free reign to trump godly (rational) guidance of behavioral pursuits. Thus,

morally minded Hellenists widely view unemotional behavior as a sign of moral progress. Emotive language peppers the Markan narrative, inviting moral assessments, yet scholarship has seldom delved into a historical-literary analysis of Jesus's emotional characterization. This study proposes a working definition of emotion apropos the narrational nature of Hellenistic emotion theory. It finds that Jesus consistently vanquishes emotional temptations with “ battle ” techniques similar to those championed by the moralists. Mark characterizes Jesus in the

moral tradition of the anti-emotional exemplar, and several minor characters are liberated from destructive emotions through the mercy of Jesus's godly rationale. By recognizing the Markan Jesus as a model, this study outlines a method for persevering in emotional testing that modern readers might also emulate to resist temptation with divine help.

What is Machiavelli's place in the history of political thought? Did he seek to revive the civic virtues espoused by ancient Greek and Roman political theorists, or was he an intellectual rebel whose radical critique of the classical philosophic tradition made him a harbinger of the modern era? Almost every significant book on

Machiavelli since the beginning of the twentieth century has addressed the question of his relation to classical thought in one form or another. Yet, there has never been a comprehensive study of the relationship between Machiavelli and Xenophon, the classical political theorist whose shrewd analysis of effective politics comes closest to Machiavelli's. *Unleashed* is a detailed comparison of Machiavelli and Xenophon's political philosophy, focusing on Xenophon's *Education of*

Cyrus and *Hiero or On Tyranny* and Machiavelli's *The Prince* and *Discourses on Livy*. This study examines a number of major themes essential to both writers: the moral and political requirements of healthy republics; imperial expansion; the relationship between human nature, politics, and virtue; the role of religion in politics; the distinction between legitimate and illegitimate rule; and the influence of philosophy on politics. By elucidating the remarkable scope, depth, and

subtlety of the debate between these two great thinkers, this book offers a fresh perspective on the philosophic and political significance of Machiavelli's proto-modern break from the classical tradition.

Vladimir Jabotinsky ' s famous autobiography, published in English for the first time. Vladimir Jabotinsky is well

remembered as a militant leader and father of the right-wing Revisionist Zionist movement, but he was also a Russian-Jewish intellectual, talented fiction writer, journalist, playwright, and translator of poetry into Russian and Hebrew. His autobiography, Sippur yamai, Story of My Life—written in Hebrew and published in Tel Aviv in 1936—gives a more nuanced picture of Jabotinsky than his popular image, but it was never published in English. In Vladimir Jabotinsky ' sStory of My Life, editors Brian Horowitz and Leonid Katsis present this much-needed translation for the first

time, based on a rough draft of an English version that was discovered in Jabotinsky ' s archive at the Jabotinsky Institute in Tel Aviv. Jabotinsky ' s volume mixes true events with myth as he offers a portrait of himself from his birth in 1880 until just after the outbreak of World War I. He describes his personal development during childhood and early adult years in Odessa, Rome, St. Petersburg, Vienna, and Istanbul, during Russia ' s Silver Age, a period known for spiritual searching, but also political violence, radicalism, and pogroms. He tells of his escape to Rome as a

youth, his return to Odessa, and his eventual adoption of Zionism. He also depicts struggles with rivals and colleagues in both politics and journalism. The editors introduce the full text of the autobiography by discussing Jabotinsky ' s life, legacy, and writings in depth. As Jabotinsky is gaining a reputation for the quality of his fictional and semi-fictional writing in the field of Israel studies, this autobiography will help reading groups and students of Zionism, Jewish history, and political studies to gain a more complete picture of this famous leader.

Investigates the complex lives of famous Vikings, examining their spirituality, ambitions, and legendary adventures beyond mere conquest. Vikings. One of history's most recognizable archetypes. These hardy warriors enjoyed fighting and conquering, but there was much more to the culture than physical might. A deep sense of spirituality and purpose permeated the Norse

societies that dreamed beyond their borders. And Norse history is a tapestry of adventurers, kings, wayfarers, queens and conquerors who etched their names into legend. Norse Fighting Heroes tells the stories of some of the most (in)famous Vikings in history. From the wanderlust of Bjorn Ironside to the boundless ambition of Harald Hardrada, the lives of these people were anything but black and white. Get to the heart of their wants, loves, fears, reasons for living and dying.
