A Novel Harper Collins

The poems in Brittany Cavallaro's Girl-King are whispered from behind a series of masks, those of victim and aggressor, nineteenth-century madam and reluctant magician's girl, of truck-stop Persephone and frustrated Tudor scholar. This “ expanse of girls, expanding still, ” chase each other through history, disappearing in an Illinois cornfield only to reemerge on the dissection table of a Scottish artist-anatomist. But these poems are not just interested in historical narrative: they peer, too, at the past's marginalia, at its “ blank pages ” as well as its “ scrawls and dashes. ” Always, they return to “ the dark, indelicate question ” of power and sexuality, of who can rule the “ city where no one is from. ” These girls search for the connection between “ alive and will stay that way, ” between each dying star and the emptiness that can collapse everything.
