 Talk Sweetly to Me Forever
 An illuminating, indispensable analysis of a watershed moment and its possible aftermath. For people and governments around the

world, the onset of the COVID-19 pandemic seemed to place the preservation of human life at odds with the pursuit of economic and social life. Yet this naive alternative belies the complexity of the entanglements the crisis has created and revealed not just between health and wealth but also around morality, knowledge, governance, culture, and everyday subsistence. Didier Fassin and Marion

Fourcade have assembled an eminent team of scholars from across the social sciences to reflect on the myriad ways SARS-CoV-2 has entered, reshaped, or exacerbated existing trends and structures in every part of the globe. The contributors show how the disruptions caused by the pandemic have both hastened the rise of new social divisions and hardened old inequalities and dilemmas. An indispensable volume, *Pandemic*

The Return of the Earl The Duchess War Courtney Milan Emotions are back. Once at the center of the study of politics, emotions have receded into the shadows during the past three decades, with no place in the rationalistic, structural, and organizational

models that dominate academic political analysis. With this new collection of essays, Jeff Goodwin, James M. Jasper, and Francesca Polletta reverse this trend, reincorporating emotions such as anger, indignation, fear, disgust, joy, and love into research on politics and social protest. The tools of cultural analysis are especially useful for probing the role of emotions in politics, the editors and

contributors to *Passionate Politics* argue. Moral outrage, the shame of spoiled collective identities, or the joy of imagining a new and better society, are not automatic responses to events. Rather, they are related to moral institutions, felt obligations and rights, and information about expected effects, all of which are culturally and historically variable. With its look at the history of emotions in social thought,

examination of the internal dynamics of protest groups, and exploration of the emotional dynamics that arise from interactions and conflicts among political factions and individuals, *Passionate Politics* will lead the way toward an overdue reconsideration of the role of emotions in social movements and politics generally. But his mission spirals out of control when he's accused of dastardly intentions and is forced to marry a woman he's barely had time to flirt with. Camilla Worth has always dreamed of getting married, but a marriage where a pistol substitutes for “do” is not the relationship she hoped for. Her unwilling groom insists they need to seek an annulment, and she's not cruel enough to ruin a man's life just because she yearns for one person to care about her. As Camilla and Adrian work to prove their marriage wasn't consensual, they become first allies, then friends. But the closer they grow, the more Camilla's heart aches. If they consummate the marriage, he'll be stuck with her forever. The only way to

Eidsheim traces
the ways in which
sonic attributes
that might seem
natural, such as
the voice and its

qualities, are
socially produced.
Eidsheim
illustrates how
listeners measure
race through

racial
subjectivities in
vocal timbre—the
color or tone of a
voice. Eidsheim
examines singers
Marian Anderson,
Billie Holiday, and
Jimmy Scott as

technology
Vocaloid to show
how listeners
carry a series of
assumptions about
the nature of the
voice and to
whom it belongs.
Outlining how the
voice is linked to
ideas of racial
essentialism and
authenticity,
Eidsheim
untangles the

relationship between race, gender, vocal technique, and timbre while addressing an undertheorized space of racial and ethnic performance. In so doing, she advances our knowledge of the cultural-historical formation of the timbral politics of difference and the ways that comprehending voice remains central to understanding human experience, all the while advocating for a form of listening that would allow us to hear singers in a self-reflexive, denaturalized way.
