This is a retelling of book 1 of Zodiac Academy from the perspective of Orion, Darius, Caleb, Seth and Max The Vega twins are alive. Those five words circle in my mind like an oncoming storm. They change everything about the future we thought had been set in stone. They challenge everything we were raised to be and the stability of the entire kingdom. They're coming to our academy looking for the life that was stolen from them, but we can't let them take it back. So much hangs in the balance and we can't risk the arrival of two naïve princesses destroying everything we worked so hard for. I have trained in dark magic, overcome all challenges and stood in the shadow of Lionel Acrux for far too long already. I won't let them come between me and his downfall. Which means they have to go before they discover how powerful they truly are. This is a retelling of the first book in the Zodiac Academy series from the point of view of Orion and the Heirs and should be read after you have finished the original story. It includes scenes from alternative points of view as well over 50k words of additional content and scenes which have never before been revealed. So prepare to step into the dark minds of the Zodiac boys and watch out for the heartbreak and carnage that will ensue.

My ruthless desire. Our fates were spun the night he tried to kill me and now he's back to destroy me for good. It's always been us verses them. The Calabresis against the Romeros. This city is ours but they vowed to take it from us. And when they couldn't, they took me instead. Now I'm chained by the cruellest of them all; the man who wrapped his hands around my throat and tried to squeeze the life from me all those years ago. But I won't fall prey to him. I'm older, fiercer and I've grown claws of my own. Rocco Romero thinks he can keep me captive, but he's about to regret bringing a sleeping tiger into his home. ROCCO She's my greatest failure. The name that always haunts me. My dirty little secret. And when I had the chance to kidnap her from her wedding, nothing on God's green earth could stop me. She's mine. I could take her life, her body or her heart if I wanted to. But my brothers refuse to believe me. So when they bet I can't make the little principessa fall in love with me, of course I step up to the challenge. And when she's down on her knees, pouring her heart out, I'll crush it in my fist. I'm lining the Calabresis up like dominoes. And she'll be the first to fall. **Beautiful Carnage is a standalone mafia bully romance between one sexy guy and girl with hot scenes and alpha men causing havoc at every turn**

This Element examines what we can learn from religious disagreement, focusing on disagreement with possible selves and former selves, the epistemic significance of religious agreement, the problem of disagreements between religious experts, and the significance of philosophy of religion. Helen De Cruz shows how religious beliefs of others constitute significant higher-order evidence. At the same time, she advises that we should not necessarily become agnostic about all religious matters, because our cognitive background colors the way we evaluate evidence. This allows us to maintain religious beliefs in many cases, while nevertheless taking the religious beliefs of others seriously.

Offbeat Bride Simon and Schuster

Corporate Social Responsibility (CSR) has become an increasingly important topic in our global society. Corporate Social Responsibility Across Europe is the first volume of its kind to bring together twenty-three national perspectives on this issue. Thirty-seven European researchers worked on the book, which provides a comprehensive and structured survey of CSR developments and progress at national levels. An overview and analysis is provided for each country. Topics addressed include business and societal mindsets in the different cultural settings, national drivers for the current development of CSR, and prospects for the individual countries in the future. Furthermore it contains three comprehensive pan-European analyses. The chapters also contain practical information and references to the Internet as well as relevant literature in order to support further research and stimulate business activities in this field. The result is a rather unique collection of essays on the topic of CSR across Europe.

Corporate Social Responsibility Across Europe

Cruel. Heartless. Quarantined. The ruthless boys of Everlake Prep never saw lockdown coming. But the virus isn't their number one enemy. I am. And as if being confined to a boarding school for the elite wasn't bad enough, now I'm stuck in isolation with the boys who hate me most too. Saint, Kyan and Blake. The Night Keepers. Or so they call themselves. They've embodied the Native American legend which lives in this valley, taking on the role of the monsters who lurk in the forest. And though they act like beasts, they may also be the most tempting creatures I've ever seen. With the virus escalating and my dad's name splashed through the news, my entire world is falling apart. What he did has cast a dark shadow over me. And the Night Keepers want to make me pay for his crimes. Then things went from bad to worse when I touched the sacred rock. A rock which supposedly holds a curse to bind me as the Night Keepers' slave. And as crazy as it sounds, I decided to play along. Because there are things about me they don't know. Things my dad has hidden from me for years. All I can be sure of is that I have to find a way to escape this school. But until then, those savage boys are making my life a living hell. As the virus sweeps through the country and the world twists into something ugly and unknown, the kings of this school become true monarchs. Even the teachers bow to them now. And I'm kinda glad about that 'stay six feet away from one another' rule, because without it, I know they'd rip me apart. At least there's a silver lining. I'm cosying up to Coach Monroe. My hot as hell, brooding P.E. teacher who has a vendetta of his own against the Night Keepers. And with his help, I may succeed at doing more than escaping the clutches of these heartless fiends. I might even destroy them along the way. My father taught me how to be strong. How to prepare for the end of the world. So this isn't going to be the end of my world, mark my words. But if I'm able to use my mind and body to bring these assholes to their knees, it might just be the end of theirs. This is a high school bully reverse harem series which means the main character will end up with multiple love interests. It may have triggers for some as it has off the charts angst, dark love-hate themes, scenes of intense bullying, sexual scenes and some violence (not aimed towards the main character) and is not for the faint of heart. Prepare to enrol at Everlake Prep. Bring your hand sanitiser, face masks and toilet paper to barter with, but don't expect to hold onto them for long. Because it's time to go into quarantine with the Night Keepers. And everything you own now belongs to them.
