Edumond  
Career Paths English:  
Secretarial is a new  
educational resource  
for secretarial  
professionals who want  
to improve their  
English communication  
skills in a work  
environment.  
Incorporating career-  
specific vocabulary  
and contexts, each  
unit offers step-by-  
step instruction that  
immerses students in  
the four key language  
components: reading,  
listening, speaking  
and writing. Career  
Paths English:  
Secretarial addresses  
topics including  
equipment,  
bookkeeping, business  
correspondence,  
communications and  
computers. The series  
is organized into  
three levels of  
difficulty and offers  
over 400 vocabulary

terms and phrases.  
Every unit includes a  
test of reading  
comprehension,  
vocabulary, and  
listening skills, and  
leads students through  
written and oral  
production.

*Career Paths* ELI  
ECPE Final Tests 1 and 2  
consist of ten complete tests  
each. ECPE Final Tests 3  
consists of eight complete  
tests. Each book provides  
practice in composition,  
listening comprehension,  
multiple choice cloze, multiple  
choice (I - Grammar, II -  
Vocabulary, III - Reading  
Comprehension) and speaking,  
as well as a glossary  
containing explanations of all  
vocabulary entries.

The Activity Book reinforces and consolidates the language and skills presented in the Pupil's Book.

#### Upstream

The managed flow of goods and information from raw material to final sale also known as a "supply chain" affects everything--from the U.S. gross domestic product to where you can buy your jeans. The nature of a company's supply chain has a significant effect on its success or failure--as in the success of Dell Computer's make-to-order system and the failure of General Motor's vertical integration during the 1998 United Auto Workers strike. Supply Chain Integration looks at this crucial component of

business at a time when product design, manufacture, and delivery are changing radically and globally. This book explores the benefits of continuously improving the relationship between the firm, its suppliers, and its customers to ensure the highest added value. This book identifies the state-of-the-art developments that contribute to the success of vertical tiers of suppliers and relates these developments to the capabilities that small and medium-sized manufacturers must have to be viable participants in this system. Strategies for attaining these capabilities through manufacturing extension centers and other technical assistance providers at the national, state, and local level are suggested. This book identifies action steps for small and medium-sized manufacturers--the "seed corn" of business start-up

---

and development--to improve supply chain management. The book examines supply chain models from consultant firms, universities, manufacturers, and associations. Topics include the roles of suppliers and other supply chain participants, the rise of outsourcing, the importance of information management, the natural tension between buyer and seller, sources of assistance to small and medium-sized firms, and a host of other issues. *Supply Chain Integration* will be of interest to industry policymakers, economists, researchers, business leaders, and forward-thinking executives. *Surviving Supply Chain Integration* 'Supply Chain Management' illustrates the key drivers of good supply chain management in order to help students understand

what creates a competitive advantage. It also provides strong coverage of analytic skills so that students can gauge the effectiveness of the techniques described. *Intermediate Language Practice* The series is specially designed for students from intermediate to proficiency level. Each book consists of five modules and provides systematic preparation in all four language skills - listening, speaking, reading and writing - required at these levels. The Student's Book and the Workbook are designed to be covered in approximately 100 to 120 hours of classroom work. *Upstream advanced C1* The University Writing Course has been written for prospective and current students of English speaking

---

universities whose first language is not English. It is aimed at the large group of students, undergraduate and post graduate, whose level in English may be at or around level 6 in IELTS or 550 in TOEFL, and who still need to further refine and enhance their academic writing. It can also be used with students who are at slightly lower levels than this. Adopting a general English for academic purposes approach, the units cover a broad range of key functional and textual areas. Each unit includes a range of authentic sample texts, controlled and less controlled writing exercises, and a reference list of useful phrases. A suggested answers section is included.

**Practice Exam Papers**  
The book provides systematic practice and development of students' reading, use of English and writing skills at intermediate and upper-intermediate level. The book offers excellent preparation for the revised Cambridge First Certificate Examination for December 2008, as well as any other examinations at the same level. Key Features: 10 Practice tests (Papers 1, 2 and 3) providing thorough preparation for the Reading, Writing and Use of English papers of the revised Cambridge First Certificate Examination; further practice on word distractors, key word transformation, words often confused, error correction, word formation, open cloze and multiple choice cloze; Teacher's Book provides a full key to the exercises in both the FCE Practice Exam Papers and the FCE Listening and

---

Speaking Skills, as well as tapescripts of all the Listening sections in the Student's Books and suggested answers for the speaking tests.

### Upstream

Extensive additional material in the format of a full-colour workbook, that enables students to consolidate and enrich their language and practice exam skills. This intensive course will satisfy your students' practice needs and allow them to achieve their full potential. If you want to teach your students at the level of the exam from the beginning of the year, use Expert. The material is fully revised and completely in line with the latest exam specifications.

Expert provides intensive & extensive practice in exam tasks from day one.

### Key

The definitive Tolkien companion—an indispensable guide to The Hobbit, The Lord of the Rings, and more, from the author of The Road to Middle-earth. This “highly erudite celebration and exploration of Tolkien’s works [is] enormous fun,” declared the Houston Chronicle, and Tom Shippey, a prominent medievalist and scholar of fantasy, “deepens your understanding” without “making you forget your initial, purely instinctive response to Middle-earth and hobbits.” In a clear and accessible style, Shippey offers a new approach to Tolkien, to

---

fantasy, and to the importance of language in literature. He breaks down *The Lord of the Rings* as a linguistic feast for the senses and as a response to the human instinct for myth. Elsewhere, he examines *The Hobbit*'s counterintuitive relationship to the heroic world of Middle-earth; demonstrates the significance of *The Silmarillion* to Tolkien's canon; and takes an illuminating look at lesser-known works in connection with Tolkien's life. Furthermore, he ties all these strands together in a continuing tradition that traces its roots back through Grimm's Fairy Tales to *Beowulf*. "Shippey's commentary is the best so far in elucidating Tolkien's

lovely myth," wrote Harper's Magazine. J.R.R. Tolkien: Author of the Century is "a triumph" (Chicago Sun-Times) that not only gives readers a deeper understanding of Tolkien and his work, but also serves as an entertaining introduction to some of the most influential novels ever written. Successful Writing The series is specially designed for students from intermediate to proficiency level. Each book consists of five modules and provides systematic preparation in all four language skills - listening, speaking, reading and writing - required at these levels. The Student's Book and the Workbook are designed to be covered in approximately 100 to 120 hours of classroom

---

work.

### Software Engineering

The book provides systematic development of students' listening and speaking skills. It also offers excellent preparation for the revised Cambridge First Certificate Examination for December 2008 or any other examinations at the same level. The book is divided into two parts: Part A consists of ten complete listening tests. The recordings are based on authentic listening material and make use of various accents and sound effects. Part B consists of ten speaking tests and covers a wide variety of topics such as holidays, entertainment, etc. Each Speaking Test is preceded by a Preparing for the Speaking Test section. In this section, students are familiarised with the essential language (vocabulary, useful

expressions, discourse markers, etc) and ideas necessary for the test itself. Students are also trained to organise their speech coherently and to display an appropriate variety of linguistic resources. There are also two additional Speaking Tests at the end of the book to prepare students to meet the requirements of the exam. Class Audio CDs include instructions, pauses and repeats, creating genuine exam conditions.
