Hello, Rock Open Road Media

Ralph Moody was eight years old in 1906 when his family moved from New Hampshire to a Colorado ranch. Through his eyes we experience the pleasures and perils of ranching there early in the twentieth century. Auctions and roundups, family picnics, irrigation wars, tornadoes and wind storms give authentic color to Little Britches. So do adventures, wonderfully told, that equip Ralph to take his father's place when it becomes necessary. Little Britches was the literary debut of Ralph Moody, who wrote about the adventures of his family in eight glorious books, all available as Bison Books.

Alice Keppel, the married lover of Queen Victoria's eldest son and great-grandmother to Camilla Parker-Bowles, was a key figure in Edwardian society. Hers was the acceptable face of adultery. Discretion was her hallmark. It was her art to be the king's mistress and yet to laud the Royal Family and the institution of marriage. Formidable and manipulative, her attentions to the king brought her wealth, power, and status. Her daughter Violet Trefusis had a long tempestuous affair with the author and aristocrat Vita Sackville-West, during which Vita left her husband and two sons to travel abroad with Violet. It was a

liaison that threatened the fabric of Violet's social world, and her passion and recalcitrance in pursuit of it pitted her against her mother and society. From memoirs, diaries, and letters, Diana Souhami portrays this fascinating and intense mother/daughter relationship in *Mrs. Keppel and Her Daughter*. Her story of these women, their lovers, and their lovers' mothers, highlights Edwardian - and contemporary - duplicity and double standards and goes to the heart of questions about sexual freedoms.

An elegantly illustrated collection of ten favourite Bible stories with an interesting twist. Margaret McAllister imaginatively retells these tales from the point of view of the women involved: Noah's wife, Miriam, Ruth, Mary mother of Jesus, Pilate's wife, Mary Magdalene are among some of the women who put their side of the story forward. A stylish compilation of Bible stories with a difference, this is a perfect gift for girls and boys alike.

One brave feline, exiled from her clan, must fight to survive in this PEN Award-winning author's epic fantasy adventure about a tribe of sentient, prehistoric big cats called "the Named" have their own language, traditions, and law. Led by Meoran, the Named herd horses and deer for food. They keep order and peace, fending off predatory raiders—the UnNamed—from all sides. But, the battle has taken its toll, and the Named are skirting the edge of survival. Much to the displeasure of Meoran, a young female named Ratha discovers a powerful defense against the UnNamed. She calls it "the Red Tongue," and it is a creature of incredible power. Red Tongue is fire, a force of both life and destruction that must be at once nurtured and tamed. Sensing that Ratha's mastery of fire threatens his power, Meoran banishes her from the clan. As she travels out amongst the savage UnNamed, Ratha learns about both

them and herself. But, her tribe needs her. Can she return? Will the Named survive constant attacks without the Red Tongue? Will the power of the Red Tongue change the clan forever? Acclaimed author Clare Bell crafts a serious coming-of-age story filled with adventure, triumph, and heartbreak. Perfect for readers of Jean M. Auel's *The Clan of the Cave Bear*, *Ratha's Creature* will have readers hooked and clamoring for more stories of these big, noble cats.

David has no greater wish than to explore the mountains behind his new home in North Carolina and as he does he finds a wonder never dreamed of, the Phoenix. The Phoenix introduces David to an endless list of his friends from mythology and in the process opens David's eyes to the wide world both the unseen world and seen world. In the unseen world David and the Phoenix share many adventures all the while a scientist is trying to capture the Phoenix to prove to the world that the bird is real. The phoenix takes David on "educational field trips" to meet sea monsters, fauns and other creatures. Plus they hatch a hysterical plot to scare off an over eager scientist from the phoenix's trail. David learns some valuable lessons about life, one is that nothing remains the same as one grows up. The other is... well perhaps you should read the book yourself and find your own lessons within the pages. A well written story, "David and the Phoenix" has no particular time setting so that it could very well be placed in current time. It brings back to me memories of times when life was much simpler, more pleasant and without the problems we as adults face. It's a story of childhood and the dreams that children of every age share and which we all to soon leave behind. Of course, there is the traditional fiery death of the phoenix in the story.

"We were tired of living in a house. So we packed a bag with sweaters and socks and scarves and mittens and woolen caps. And we moved into a tree." So begins this whimsical story of four small children, a dog and a cat who decided they were tired of living in a house. They try a tree, a pond, a cave and the seashore, but in each place something unusual happens to make them move on to the next place, and finally home. Each appealing moment and every small detail are captured in the original 1969 illustrations by Doris Burn.
