The Mahabharata Secret iUniverse

What was the true purpose of the great megalithic sites in Western Europe? In this international bestseller, the authors question the standard views of history and the development of science. They show how, in megalithic times, a civilization emerged able to build an international network of sophisticated astronomical observatories. Further, they show that recently revealed Dead Sea Scroll texts contain precise details on the building of a machine in the reconstruction of a shattered world. "From the

Saga tells the story of a Lost Civilization we until now only have been getting glimpses of through legends, conjecture and fairy tales. This also brings light onto the shadowy forces which eventually destroyed this most ancient culture. But long before that final catastrophe, and a more hostile climate, forced many from this lost Norse Civilization to migrate southwards. Eventually they became well known in the Mediterranean, not only as the Sea Peoples, including the Philistines of the Bible, but also as the Hyperboreans and Plato's people from Atlantis. In the end I think you will agree with the subtitle, that herein are indeed unlocked the greatest Mysteries at the Core of Civilization.

Twenty-two years before Technology of the Gods... Seventeen years before Fingerprints of the Gods... Fifteen years before Forbidden Archaeology... There was... Worlds Before Our Own, Brad Steiger's groundbreaking argument for the existence of a global prehistoric civilization. The evidence Steiger had amassed for such a claim was based primarily upon finds of "erratics" mysterious "man-made" artifacts found in the deepest, most primordial geological strata. When Worlds Before Our Own was first published, it was met with scathing reviews--even demands that the book be taken from the shelves and burned. Steiger's desire to determine humankind's true origins has always been one of his greatest areas of interest, and he was shocked that both the scientific and religious establishments had reacted so negatively to the theories put forward in the book. Hostile reviewers fumed that Steiger had no right to reveal archaeological discoveries that could threaten the traditional timetables of human evolution. Eventually critics began to hail the book as "mostly brilliant" and "daring," and in the past couple of decades the concepts first presented in Worlds Before Our Own have garnered tremendous critical

and popular support. This is the book that started it all. Brad Steiger's first explorations of the strange and unexplained appeared in 1956. He is the author/coauthor of 164 books in the paranormal, UFO, and prehistoric mystery fields, including such titles as Mysteries of Time and Space, Project Blue Book, Revelation: The Divine Fire, Conspiracies and Secret Societies, Strange Guests, and Shadow World." The National Aeronautics and Space Administration—NASA—was established on July 29, 1958. Ever since that day, NASA has been at the forefront of efforts to explore outerspace, resulting in the Apollo missions to the moon, the Skylab space-station, and today's space shuttle. But behind the open face of NASA, there is a much more mysterious world. NASA has been linked to a wealth of high-level cover-ups, including: Claims that the Apollo moon landings of 1969 to 1972 were faked as part of an effort to

demonstrate military and technological superiority over the former Soviet Union. NASA's role in hiding the truth about the controversial face on Mars—which many believe to be a carved structure, created in the remote past by long-extinct, indigenous Martians. NASA's deep and longstanding involvement in the famous UFO crash at Roswell, New Mexico, in the summer of 1947. Deep Throat—like NASA sources that have attempted to blow the lid on NASA's most guarded secrets concerning the U.S. Government's interactions with aliens. The NASA Conspiracies throws open all the doors that the Space Agency has kept closed for so long.

The Secret Power of Masonic Symbols
Simon and Schuster
Many people are curious about the existence of secret societies which claim to hold arcane religious or esoteric knowledge and pass it down through the generations via selected adepts. Classic Masonic writers including William Preston, Robert Gould, JSM Ward, AE Waite

and WL Wilmschurst have written about secret traditions connected to the Temple of Sion. Each has different ideas about how mystical knowledge came into Freemasonry. Some say that the Charter of Larmenius reveals an underground line of Knight Templar Grand Masters who survived down to the nineteenth century. All agree there is a Secret Lodge or House of Adepts who continue to teach "true" knowledge of the ancient mysteries and that The Craft transmits beliefs linked to the Earls of Rosslyn, the Knights Templar, and Lodge Mother Kilwinning. Masonic expert Robert Lomas has collected together this thread of belief from old Masonic writers and rewritten it in modern English to make the ideas accessible to modern readers.

This page-turning study of the Giza pyramids, British henges, and the megalithic measuring

system “ could completely change the way we view our remote past...and origins ” (Robert G. Bauval, author of The Orion Mystery) The suggestion that the Giza pyramids were laid out to represent the stars of Orion ' s belt, with the position of the River Nile reflecting the Milky Way, was first put forward by the renowned author Robert Bauval in his bestselling book The Orion Mystery. In Before the Pyramids, Christopher Knight and Alan Butler reveal that the British henges were arranged in the same formation—but much earlier. They also present irrefutable evidence that the astronomical calculations determining the layout of the pyramids could only have been made from the site of the henges in North Yorkshire. From this they can conclude that the pyramids of the pharaohs were conceived and planned in Britain. Their next stunning discovery takes us to modern times. They have found evidence that the whole Megalithic measuring system has survived into the 20th century. There are examples in Washington, DC—even in the

positioning and construction of the Pentagon, which was only commenced in 1942 and is an exact copy of the dimensions of Stonehenge, dating to 3,000 BC.

The Hiram Key Coronet THE MOST COMPREHENSIVE AND COMPELLING BOOK EVER WRITTEN ABOUT THE SECRET SOCIETY THAT SHAPED THE MODERN WORLD. Freemasonry, with its arcane rituals, occult symbols, and labyrinthine hierarchy, has mystified the outside world for centuries. But it has become apparent that even the most senior Freemasons do not understand its ancient origins or purpose. So what is this powerful and arcane organization really for? In this eye-opening account, two seasoned researchers show that today's Freemasons are the spiritual descendants of an ancient priesthood that was forced to act in secrecy. They predicted the birth of the coming Messiah, and Jesus Christ was part of their mission. Soon after the Crucifixion they were nearly wiped out by a program of mass genocide conducted by the Romans; later, in feudal Europe, they grew to a position of unparalleled power before being branded as heretics and forced underground. But they could not be stopped, and they continued to work in subtle, sometimes subversive, always anonymous, ways to pursue their objective—a

new world order that put God above, and yet out of, human affairs. Turning the Hiram Key Random House DISCOVER HIDDEN WORLDS AND UNDERGROUND CIVILIZATIONS British House of Lords Member Searches For Lost Atlantis Inside The Hollow Earth! In addition to being the author of numerous books on UFOs and extraterrestrial archeology, Brinsley Le Poer Trench was for several decades the editor of the prestigious British Flying Saucer Review. But, his greatest influence came about as a member of England's House of Lords. Trench, who held the title Earl of Clancarty, long campaigned in the Halls of Parliament for the Crown to "come clean" on matters related to close encounters. While the Earl strongly endorsed the theory that aliens have been coming here since the dawn of creation, toward the end of his career, his ideas took on a stranger turn, encompassing the notion that an ancient "pre-deluge" civilization existed in what we commonly refer to as the Lost Continent of Atlantis. Intermingling with this Atlantean culture were space beings arriving regularly for various reasons, some beneficial, some destructive. "The result of which," says Brinsley, "is a long

panoramic narrative in the form of legends and myths, telling us of gods that come from outer space, who ruled over Atlantis and were the progenitors of our own civilization. They also fought terrible wars, and made grotesque monsters and giants with reptilian legs (and bodies), that turned upon the gods themselves." Trench adds that the Atlanteans tried to escape the surging chaos by using thermal drills and electron ray guns to bore out a massive tunnel system that extends even to this very day from the surface to the hollow core of our planet. There the Atlanteans still lie in peace and tranquility away from the war-like elements upon the surface. In this book, the author takes the reader on an exploration like no other. Here are tales of polar openings, hidden civilizations, strange underground races, Admiral Byrd's Top Secret discoveries, the central sun, the Shaver Mystery and much more that will open your eyes to a new reality like never before! Denis Crenshaw of the Hollow Earth Insider has added a lengthy new introduction bringing the topic up to date and there are some mind blowing photos of the entrances at the North and South Poles. A MUST for hollow earth believers and those who collect all material on the Inner Earth.

How a quest to crack the mystery of the Megalithic Yard led to the discovery of compelling evidence pointing to the existence of a highly advanced culture predating the earliest known civilizations There must have been a "civilization one." Knight and Butler reveal the secrets of an extraordinary, integrated measuring system which might have been lost to the world for ever. It was a system, far more advanced than anything used today, which forms the basis of both the Imperial and Metric measure systems. These ancient scientists understood the dimensions, motions and relationships of the Earth, Moon and Sun—they measured the solar system and even understood how the speed of light was integrated into the movements of our planet. Their conclusions fly in the face of everything that we thought we knew about the origins of the modern world—but the evidence is incontrovertible.

Was Jesus a Freemason? The discovery of evidence of the most secret rites of Freemasonry in an ancient Egyptian tomb led authors Chris Knight and Bob Lomas into an extraordinary investigation of 4,000 years of history. This astonishing bestseller raises questions that have challenged some of Western civilization's most cherished beliefs: Were scrolls bearing the secret teachings of Jesus buried beneath Herod's Temple shortly before the

destruction of Jerusalem by the Romans? Did the Knights Templar, the forerunners of modern Freemasonry, excavate these scrolls in the twelfth century? And were these scrolls subsequently buried underneath a reconstruction of Herod's Temple, Rosslyn Chapel in Scotland - where they are now awaiting excavation? The authors' discoveries shed a new light on Masonic ceremony and overturn our understanding of history.

Examines the Anunnaki gods' evolving relationships with humanity, their power struggles, and the details of their nuclear war on Earth

- Analyzes the crisis and rationale behind the Anunnaki decision to nuke 5 cities in the Jordan plain, resulting in the obliteration of Sumerian civilization
- Draws upon the work of Zecharia Sitchin, the *Book of Genesis*, Sumerian clay tablets, and archaeological evidence such as ancient radioactive skeletons
- Examines the Anunnakis' lack of higher consciousness, their reliance on technology, their sacred power objects and sacred geometry, and the possibility of Anunnaki bases on Mars in the distant past

The detonation of nuclear weapons in the 20th century was not the first time humanity has seen such terrible destruction. Drawing upon the work of Zecharia

Sitchin, the *Book of Genesis*, Sumerian clay tablets, and archaeological evidence such as ancient radioactive skeletons, Chris Hardy reveals the ancient nuclear event that destroyed the Sumerian civilization and the power struggles of the “ gods ” that led up to it. The author explains how the Anunnaki came to Earth from the planet Nibiru seeking gold to repair their ozone layer. Using genetic engineering, they created modern humanity to do their mining work and installed themselves as our kings and our gods. Anunnaki god Enki had a fatherly relationship with the first two humans. Then Enlil, Enki's brother, took over as Commander of Earth, instating a sole-god theocracy and a war against the clan of Enki and humanity for spoiling the Anunnaki bloodlines through interbreeding. This shift imposed a blackout not only of the very human nature of the Anunnaki “ gods ” but also of humanity's own ancient past on Earth. Two of Enlil's attacks against the Enki clan and humanity are described in the stories of the Deluge and the Tower of Babel. His final attempt, after coercing the Assembly of the Gods into voting yes, was the nuclear bombing of 5 cities of the Jordan plain, including Sodom and Gomorrah, which resulted in the destruction of the Sumerian

civilization and the Anunnakis' own civilization on Earth, including their space port in the Sinai. The author reveals how, after each attempt, humanity was saved by Enki, chief scientist Ninmah, and Enki's son Hermes. The author explores how the Anunnakis' reliance on technology and their recurrent wars caused them to lose touch with cosmic consciousness. And she reveals how we will be doomed to repeat this dynamic until humanity awakens to our true origins.

The authors of *Civilization One* return, bringing new evidence about the Moon that will shake up our world. Christopher Knight and Alan Butler realized that the ancient system of geometry they presented in their earlier, breakthrough study works as perfectly for the Moon as it does the Earth. On further investigation, they found a consistent sequence of beautiful integer numbers when looking at every major aspect of the Moon--no such pattern emerges for any other planet or moon in the solar system. In addition, Knight and Butler discovered that the Moon possesses few or no heavy metals and has no core—something that should not be possible. Their persuasive conclusion: if higher life only developed

on Earth because the Moon
is exactly what it is and
where it is, it becomes
unreasonable to cling to the
idea that the Moon is a
natural object. The only
question that remains is,
who built it?
