Finally, a complete print edition of US Army Field Manual 30-5.70 Survival! Unlike others, which are hurriedly put together from internet-sourced text files and low-res pictures and tables, this edition is complete and unadulterated with high-resolution graphics and images. The page count, table of contents, illustrations, photos, tables, index and appendices are all precisely where they should be in this definitive 676 page print edition. As far as military survival training manuals go, there are none to equal FM 3-05.70 Survival for sheer usefulness. When tasked with updating the old and outdated FM 21-76 Survival back in the late 1990s, those SERE experts at the US Army's John F Kennedy Special Warfare Center and School took their collective decades of field survival experience and combined it all with classic and effective survival methods; traditional bushcraft and primitive skills and wrapped it all up in a highly-practical, exhaustively-tested, scholarly and encyclopedic approach to rescue, survival psychology and living off the land in order to ensure our fighting men and women have the best chance to make it home from any given survival situation. As a result, these Special Forces SERE experts made Field Manual 3-05.70 one of the best military survival guides ever written! FM 3-05.70 Survival covers topics

such as: The psychology of survival; Survival kits; Survival planning; Survival medicine; Shelter; Water; Firecraft; Food; Wild edibles; Poisonous plants; Dangerous animals; Improvised weapons; Tools; Desert survival; Jungle survival; Cold weather survival; Survival at sea; Expedient navigation; Signaling; Evasion; Movement in hostile areas; And much, much more! Aside from the obvious military uses for the techniques described in this manual, the prepper, outdoorsman and woman will find the manual indispensable. Studying it will make you better in the bush, and as a bonus, it could save your life! This field-sized edition makes it easy to throw into your ruck while practicing the techniques in the field. Every prepper, sportsman and outdoorsman should own a proper, readable print copy of this outstanding survival reference manual.

FM 21-76 Apple Pie Publishers

The US Army Survival Manual: FM 21-76 is a good basic guide, standard reading for our troops, and unlike some survival manuals, it is fairly well written and organized.

U. S. Army Survival Manual CreateSpace

A Green Beret describes the essential skills and tools required to survive in the wilderness, including reading a compass, collecting water, signaling for help, and the basics of first aid.

Hawke's Green Beret Survival Manual Simon and Schuster

The New York Times bestselling author and survival expert covers hundreds of skills and strategies to help you be ready when disaster strikes. If you're concerned that the world is becoming increasingly unstable, you are far from alone. From natural disasters to terrorism, pandemics, and economic collapse, there are a whole host of catastrophic events to be concerned about. And preparing for the worst is going mainstream. Outdoor Life: Prepare for Anything will take you through a wide range of potential threats and how you can prepare for them, from having the right gear on hand to knowing what to do in the wake of a disaster. This is the book for the growing prepper movement, with hands-on hints, easy-to-use checklists, and engaging first-person stories to break down the crucial do's and don'ts, educate yourself on various threats, and help to ensure that you ride out whatever Mother Nature, the government, foreign powers, or modern society can throw at you. Includes vital information on: • How to prep for a natural disaster, economic collapse, or societal restructuring. • What should be stocked in your house, pantry, basement, bunker, and go-bag. • How to handle yourself and your family in the wake of disaster, from creating a plan to leading your neighborhood watch.

United States Army Survival Manual Skyhorse Publishing, Inc.

Military demolitions are the destruction by fire, water, explosive, and mechanical means of areas, structures, facilities, or materials to accomplish a military objective. The U.S. Army Explosives and Demolitions Handbook is a guide to the use of explosives in the destruction of military obstacles from the Department of the U.S. Army. This guide includes information on types, characteristics, and uses of explosives and auxiliary equipment; preparation, placement, and firing of charges; safety precautions; handling, transportation, and storage of explosives; deliberate and hasty demolition methods; and much more. Applicable to nuclear and nonnuclear warfare, and having offensive and defensive uses, the knowledge one will come away with from reading this handbook is invaluable.

US Military Pocket Survival Guide Lulu.com

If you found yourself stranded in the wilderness what would you do? Would you know how to improvise shelter, collect water, find food, and survive until rescue could arrive or you until you found your way back to civilization?
