"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the

American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

United States History Simon and Schuster Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, Give Me Liberty! delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool.

In The American South, William J. Cooper, Jr. and Thomas E. Terrill demonstrate their belief that it is impossible to divorce the history of the south from the history of the United States. Each volume includes a substantial biographical essay—completely updated for this edition—which provides the reader with a guide to literature on the history of the South. Coverage now includes the devastation of Hurricane Katrina in 2005, up-to-date analysis of the persistent racial divisions in the region, and the South's unanticipated role in the 2008 presidential primaries.

Since 1976, newcomers and natives alike have learned about the rich history of the magnificent place they call home from *Colorado: A History of the Centennial State*. In the fifth edition, coauthors Carl Abbott, Stephen J. Leonard, and Thomas J. Noel incorporate recent events, scholarship, and insights about the state in an accessible volume that general readers and students will enjoy. The new edition tells of conflicts, shifting alliances, and changing ways of life as Hispanic, European, and African American settlers flooded into a region that was already home to Native Americans. Providing a balanced treatment of the entire state's history—from Grand Junction to Lamar and from Trinidad to Craig—the authors also reveal how Denver and its surrounding communities developed and gained influence. While continuing to elucidate the significant impact of mining, agriculture, manufacturing, and tourism on Colorado, the fifth edition broadens and focuses its coverage by consolidating material on Native Americans into one chapter and adding a new chapter on sports history. The authors also expand their discussion of the twentieth century with updated sections on the environment, economy, politics, and recent cultural conflicts. New illustrations, updated statistics, and an extensive bibliography including Internet resources enhance this edition.

A Concise History of Modern Europe John Wiley & Sons

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of

most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

This book presents brief summaries and places in perspective key American men, women, and events from the post-Civil War era, through the course of the twentieth century, and concluding with today's post 9/11 crisis. For more than a decade, titles in this handy, quick study series have helped many college freshmen and others taking introductory 101-level college courses. Designed to be compatible with virtually all standard textbooks in their target subjects, EZ-101 Study Keys outline and organize subject material so that it resembles classroom lecture notes taken by attentive students. As such, these books provide a general overview of course material, and are ideal for brush-up and review study sessions before taking examinations or writing class papers.

AP US History Premium Research & Education Assoc.

Highlighting the most important events, ideas, and individuals that shaped modern Europe, *A Concise History of Modern Europe* provides a readable, succinct history of the continent from the Enlightenment and the French Revolution to the present day. Avoiding a detailed, lengthy chronology, the book focuses on key events and ideas to explore the causes and consequences of revolutions—be they political, economic, or scientific; the origins and development of human rights and democracy; and issues of European identity. Any reader needing a broad overview of the sweep of European history since 1789 will find this book, published in a first edition under the title *Revolutionary Europe*, an engaging and

cohesive narrative.

The American Yawp Simon and Schuster

One of the classic studies of the Great Depression, featuring a new introduction by the author with insights into the economic crises of 1929 and today. In the twenty-five years since its publication, critics and scholars have praised historian Robert McElvaine's sweeping and authoritative history of the Great Depression as one of the best and most readable studies of the era. Combining clear-eyed insight into the machinations of politicians and economists who struggled to revive the battered economy, personal stories from the average people who were hardest hit by an economic crisis beyond their control, and an evocative depiction of the popular culture of the decade, McElvaine paints an epic picture of an America brought to its knees—but also brought together by people's widely shared plight. In a new introduction, McElvaine draws striking parallels between the roots of the Great Depression and the economic meltdown that followed in the wake of the credit crisis of 2008. He also examines the resurgence of anti-regulation free market ideology, beginning in the Reagan era, and argues that some economists and politicians revised history and ignored the lessons of the Depression era.
