IN THIS BOOK ARE SOME SIMPLE AND QUICK "MUST KNOW CONCEPTS" FOR A CAR BUYER TO UNDERSTAND TO BE ABLE TO PURCHASE A VEHICLE FROM A DEALER AND/OR PRIVATE PARTY SELLER AND GET THE BEST PRICE; AND/OR THE BEST INTEREST RATES; AND/OR THE BEST TERMS; AND/OR TO INSURE A QUALITY VEHICLE THAT WILL SERVE YOU WELL. This very short book will give you the ABSOLUTE confidence, from the beginning to the end of the car buying process, of how to go out and purchase a vehicle and save thousands of dollars and receive a quality vehicle that will serve you well. This book is ABSOLUTELY the way to minimize the price you pay for a vehicle; and an ABSOLUTE way to minimize the interest rate; and an ABSOLUTE way to get closer to the terms you want; and an ABSOLUTE way to insure a quality vehicle in any car buying deal. If you do not know these concepts and car buying tips, you will CERTAINLY pay more for the price of the vehicle; and/or the interest rate on the vehicle will be higher; and/or the other terms will CERTAINLY work against you; and you could possibly buy a dud (bad vehicle). FURTHER, this book is short and straight to the point. This book is also very simple to follow and all the concepts are disclosed in a way that is manageable so you can master them easily and quickly and commit them to your memory or strategy and go into the car buying process with extreme CONFIDENCE and get a great deal. By now we all are aware

that Dealers, Dealerships, Sales People, and Sellers of vehicle's make more when they sale the vehicle at a higher price. There is no secret that the seller's whole motivation is to sell you the vehicle at the highest price possible, and/or at the highest interest rates possible, and/or on the seller's terms. It is a very common practice in dealerships that the higher the sales person sales the vehicle for, the higher the sales person's commission. The higher the interest rate, the higher the sales person's commission. The more the sales person can convince you to sign the contract closer to his terms, the higher the sales person's commission. Therefore, it should not be a surprise to you that you need to gain the most knowledge you can to offset the sales person's strategies and tactics and save yourself some money. Money that you can use for other things. This is just common sense. The concepts, and the explanations of these concepts, will CERTAINLY put you at a better advantage and keep the Sales Person from "eating you alive." These concepts are a "MUST KNOW." Please read the concepts below. Then, continue reading and the following pages will explain and expound on each concept and what each means in detail; so you understand each.

3. MAKE SURE THE CAR IS SOLID AND IN GOOD MECHANICAL CONDITION BEFORE YOU START THE NEGOTIATING PROCESS.

If you are planning on buying a car, I have no doubt that you are excited and that you can't wait to start racking up the miles in your new car. However, buying a car is a high-

ticket purchase and it is very wise to know how to approach such a big purchase so that you get what you want while also getting the best price without unneeded extra costs. That is what this book is all about. I don't know anyone who looks forward to interacting with a car salesperson, or any salesperson. However, it is one of the things that inevitably have to be dealt with. In the past, car salespeople had the edge because there wasn't a lot of information out there which may, otherwise, enable the customer to have leverage in the negotiation process so that they don't get taken advantage of. However, we live in a different time in which information is abundant and ignorance is a choice. The tricks that car salespeople use are no longer a secret. For the price of a coffee, you can purchase information, such as the one within this book, that can help you to avoid paying thousands of extra dollars in the process of buying a car. Imagine what you could do with that extra cash. In this book, you can expect to learn about:

- Avoiding dealership scams
- Inspecting a car before buying it
- How to not to fall for the tricks of car salespeople
- Buying a car in ways other than through a car dealership
- And much more!

If you are ready to get through the process of buying a car as fast as possible and with minimum hassle, so that you can get to the fun part, which is the driving itself, then scrolling over to the BUY button and clicking it is the first step towards that.

From the author So, you're ready to buy a used car? Or at least you're thinking about it. Well, I'm your Uncle Wally, and I'm here to help. I've bought over a dozen cars over the last 40 years. Most people decide to buy a car, walk onto a car lot, and leave a few hours later with a huge debt and a vehicle that may or may not suit their needs. In *Buying a Used Car - Uncle Wally's Guide*, you'll walk a different path. Your car expenses - payments, maintenance, and insurance - will likely represent a significant monthly commitment. Buying a car is a major purchase for most of us, and we don't need to make a mistake. If we buy a bad meal, we just don't go back to the restaurant. If our vacation choice isn't fulfilling, we can make different plans next year. But when we buy a car, we're committing to a longer time frame. Because cars depreciate in value, mistakes can be expensive. Returning a car after two months because it doesn't fit your needs can result in a real financial blow. I wish I could be there to help you in person. Because I can't, I decided to write this book. Drive safely, and be well, my friends.

Inside the Minds of Car Dealers is a new book written by Ray Lopez, a former car salesman with thirty years of experience in numerous dealerships. Inside the Minds of Car Dealers is, as the title suggests, a 118-page insight into the mind of a car salesman, and contains engagingly-written explanations of what goes on behind the curtain at a car dealer, so to speak. Inside the Minds of Car Dealers offers tips on how to find a good dealer before you even leave the house, explains the head games salesmen play and how they can spot a so-called "auto expert" a mile away-and take him or her for even more money than they will the average consumer.

Reading Inside the Minds of Car Dealers, I saw exactly what was going on when I bought my Miata...and my Saab...and my Escort. Midwest Book Review Library Bookwatch December 2009 5 out of 5 stars A PROFESSIONAL, INFORMATIVE AND USEFUL GUIDE! In 2003, I walked into a Chevrolet showroom to purchase a new car for my daughter. As I look back now, I remember being there from opening to closing. After signing the contract and going through with the deal, I realized that I wasn't prepared, and I could have saved a lot of money. Since that sale, I've read many books and did some research on how to buy a new car, or used car, and what we should know about trading in your car. In comparison to THE CAR BUYER'S BIBLE, HOW TO BUY A CAR, and BUYING A CAR FOR DUMMIES, I found "INSIDE THE MINDS OF CAR DEALERS" to be the most informative guide on this subject. If you want expert advice on buying a car, then it would be logical to obtain information from someone who spent thirty years as a car salesman, who served an estimated 2,800 customers per year. Ray Lopez worked for many top-notch leading dealerships such as Chrysler, Cadillac, and Nissan. Through the experience of his thirty year career, knowledge, and expertise, the author can educate the public on how to be a wise car buyer. I highly recommend this book to anyone who is contemplating on buying a car, or trading in your used car. The author provides excellent information that is extremely helpful in purchasing a car, or trading one in. This book is easy to read and understand, many tips are provided on how to obtain the best deal, and many crucial

factors are included as to what to do, and what not to do. Did you ever go to a showroom, and buy a car that you didn't want? Were you ever told by a salesman that you can afford to buy their car? Were you ever disrespected, or mistreated by a car salesman? Were you ever lured into a factory discount? Ever gone for a test drive, but told you can't drive it off the lot due to insurance liability? Ray Lopez can answer these questions and many more, while showing you every trick of the trade that can be used against you, through manipulative schemes. The author reveals the biggest secrets in the car buying industry in this unique, professionally written, informative guide. "INSIDE THE MINDS OF CAR DEALERS" is something you may want to read again-and-again, before walking into that showroom as a potential buyer. You will indeed be prepared, and informed on how to become a composed car buyer. Ray Lopez encourages you to do research, includes resources of what to be aware of, and how to detect signs of being taken advantage of. By Geraldine Ahearn "Author Geri Ahearn" October 5, 2009 (Phoenix, AZ) 5.0 out of 5 stars Very Impressive Amazon Verified Purchase. I bought the book because I wanted to find out the right way to buy a car. I'm going to be ready for a new one in a few months. So I might as well start now on learning all I can about car salesmen. I can't trust them. My goal was to buy one, read it, then buy another, and so on, as long as they had high recommendations and were reasonably priced. I figured I'd spend about \$75 on 5 books. By then I could probably learn everything about how they always end up screwing you. And if it cost me \$75 but saved me \$1000 or more, it would be a worthwhile investment. I saw this book and I liked the title so I thought, why not? I'll take a chance. I'm really glad I did. Inside The Minds Of Car Dealers has everything you'll ever need to know on how to get a really good deal. There was stuff in it that I never even dreamed of that goes at the dealership. And it's not just with the salesman. It's with the sales manager, the way the showroom is laid out and even the dealership's ads for salesmen! Who would've ever thought to start researching there first? But it does make sense. This book explains why you never want to go on the lot with an attitude like you know how to deal. I just found out why my friend ended up paying more for his Focus than I did a couple years ago. We bought ours a few days apart. He told them he knew the exact price they paid for the car and he wouldn't pay anything over that. He ended up paying \$1378 more than me. And the reason is in this book. Too bad for him the book wasn't

available back then. There's so much great information in it and it's so easy to read too. None of the sales lingo. Just plain English. And it uncovers even more than you'd ever expect. I'm going to read it a few more times before I get my new car. And I recommend to everyone to buy *Inside The Minds Of Car Dealers*. It will save you money and a lot of time. And like the title says, you can *Buy Your Next Car Without Fear*. By Radio Guy
