One-part lively oral history, one-part meticulously researched encyclopaedia, and one-part wild ride, Southern Hoofprints colorfully conveys the story of horse racing in Southern Alberta. And in so doing, it also becomes a fascinating history of the region itself, from the late 1880s through to the present day. From racing 's rough, Wild West beginnings to the vast grandstands of modern times, this regional history of

the Sport of Kings has been deeply researched and is delivered in a unique and engaging fashion. With wry humour and occasional pulse-throbbing drama, the reader is treated to an intimate perspective on family traditions of husband and wife owners, the dynasties of multi-generational riders, the spectators, and even the horses themselves. The chronicle of the rise of women riders from the trivialized ' powder puff ' races to becoming power players on the track, and that of the First Nations people from the early days through to today, make this a completely inclusive history. It tells a distinctly Canadian story and its focus on the Southern Alberta region allows it to paint the picture in vivid detail. With its historical data enriched and enlivened through the human dimension of the oral histories, Southern Hoofprints entertainingly recounts horse-racing 's triumphs, tragedies, and continual reinvention.

Regarded by many of his contemporaries as the greatest baseball player of all time, John Peter "Honus" Wagner enjoyed a remarkable career with the Pittsburgh Pirates. His record of 17 consecutive .300-plus seasons is a mark that will probably never be broken. He led the National League eight times in hitting, six times in slugging percentage and five times in stolen bases. Known as the Flying Dutchman, he also excelled in the field, defining the shortstop position for a generation. Though one of the original inductees in the Baseball Hall of Fame, he has often been overlooked by baseball fans and historians. A humble man whose biggest

passions were hunting and fishing, the Pirate shortstop lacked the flamboyance of a Ty Cobb or Babe Ruth. He rarely smoked or drank, though sometimes he indulged in a sandlot game with the neighborhood kids. Based on contemporary newspaper accounts, family scrapbooks and correspondence, and Wagner's own vestpocket notebooks, this is the story of baseball's first superstar.

Where and how to fly fish within two or three hours of downtown Boston. Terry Tessein, a veteran of a lifetime of fishing the New England coastline, shares those years of experience in the first detailed guidebook to the multitude of fly fishing possibilities within easy reach of downtown Boston. From the shores of Rhode Island to the coastline of southern Maine, Tessein will guide the reader on where to go, when to go to find particular species, and what flies and tactics to use at each venue. Fly Fishing Boston covers both well known areas like the Joppa Flats of Newburyport, as well as the relatively unknown and underfished areas along this stretch. In addition, Tessein explains such important coastal fishing information as tides and how they affect the movement of fish. Finally, Fly Fishing Boston is detailed enough to provide even regional fly patterns unique to specific zones. It will be a book to both read in the off-season and to pack in the tackle bag when heading out for a day of fishing.

Many of the great ballplayers of the Negro League have been forgotten simply because baseball's Hall of Fame would not recognize black players until Jackie Robinson and Satchel Paige made their way into the Hall of Fame. For this book, more than 50 former Negro League players and baseball historians were asked to vote for players who they believe should have been included in the Hall of Fame, and to select an All-Time Negro League All-Star Team. In addition to presenting and discussing their choices, the book profiles the lives and careers of the players selected. Appendices include rosters of the players and historians who voted.
