If you believe some news stories, the latest iPhone update (iOS 7) is radically different and you should beware of updating! They're wrong! This book is for both new users of iPhone and those upgrading to the latest update. I'll walk you through the changes and show you why updating is nothing to be afraid of. The iPhone doesn't come with a handbook / user guide; this though doesn't mean that you have to buy someone else's handbook! iPhone does have a handbook! There are three ways to get it: 1. Download it from the Apple iBookstore (it's free) 2. Get it online by going to manuals.info.apple.com 3. Get it on your phone; if you go to your bookmarked pages on Safari, the last bookmark is for the 'iPhone User Guide'. So why do you need this book? This book was written for my parents; people who needed to know as much as possible, as quickly as possible. There are people who want to know every single little detail about the iPhone, and you will find that in Apple's comprehensive manual. If you are like my parents though, new to the iPhone and just want to learn all the basics in about 30 to 60 minutes or an hour that is, then this guide will help you. People who just want to know how to add their contacts, how to take photos, and how to email. It's not for advanced users, though if you are upgrading from the previous Apple iOS (iOS 6) then you will most probably find it useful. If you are ready to learn read on!

Missing iPhone 7/7 Plus Manual for Seniors and Dummies Guide MobileReference

The latest iPhone models were released on September 19th in the United States and the United Kingdom, and according to Apple, are the “ biggest advancements in iPhone history. ” It ’ s a clever play on words, as the new models both sport much larger screens than the iPhones of yesteryear. Whereas the iPhone 4S and below had a meager 3.5 inch screen (considered generous at the time), the iPhone 5, 5S and 5C were stretched out to 4 inches. Faced with stiff competition from Android flagships that have long featured big screens, the iPhone 6 and 6 Plus are Apple ’ s authoritative answer to the growing number of iOS fans restlessly awaiting their own big phones. The new phones are powered behind the scenes by Apple ’ s latest software release, iOS 8, which also brings many features and changes with it. This guide is designed to walk you through the most important parts of the phone, from the basics and learning how to navigate through the phone, to more advanced features like setting up email accounts and understanding what the cloud really is. Towards the end, a list of the 20 top paid and free applications will be available to add many different functionalities to your phone once you are comfortable enough with it.
