Since our 31st Commandant, General Charles C. Krulak, first published Marine Corps Reference Publication 6-11D, *Sustaining the Transformation*, in 1999, the Marine Corps has continued our proud tradition of making Marines, winning battles, and returning quality citizens to society. Like all previous generations, Marines today are equally as committed to our time-honored values of honor, courage, and commitment. Marines of the 21st century are among the finest we have ever forged; it is every Marine's duty to sustain that rich legacy. America trusts its Corps of Marines-we must always strive to preserve that trust. The Marine transformation is forever ingrained in our DNA, from recruit training to Officer Candidates School and throughout the rest of our lives. The transformation to becoming a Marine is often the defining moment in a person's life.

Although the technologies of war will always change, the insights of great leaders are timeless. And at no time are those lessons more important than in the heat of combat with lives on the line. The key is in preparation before a conflict. *Battle Leadership* helps you be prepared by teaching such essential skills as: How to handle different personalities under extreme stress. How to prepare your troops psychologically for combat. Insight into proven battlefield tactics (even if some of those

tactics are only still relevant for their historical insights). How to instill confidence in those following you. While military tactics change, the wisdom of true leadership invariably holds. These lessons can even be applied to running a business, non-profit or government department, but they are crucial to every military commander or aspiring officer. Find out why when lives are on the line, generations have turned to and continue to learn from Battle Leadership.

This book is a most exciting and unusual study of cultural history. The idea of the pregnant man, redolent of bawdy jokes and sexual fantasy, has inspired European literature and folklore since ancient times. Traces of the theme, both comical and disturbing, are found not only in the wealth of tales from Italy, France, Germany, Russia, Finland and other European Countries, but also in the Hebrew and Islamic traditions.

It is a rare cartoonist who can introduce new characters into a successful strip without upsetting readers. But since Wiley introduced Lucy, the lovable Pygmy-Clydesdale-with-an-attitude as the companion to Danae, Non Sequitur's cynical anti-heroine, fans have been clamoring for more of the pair.

Now readers can enjoy the adventures of Lucy and Danae in Iraq. The book highlights key Marine Corps commanders the Non Sequitur collection dedicated to their exploits, Lucy and Danae: *Something Silly This Way Comes*. Lucy's lovable equine goofiness tempers Danae's overdeveloped cynicism as Danae struggles with school, her father, and her sunny little sister, Kate. World-weary beyond her years, Danae sports a skull-in-heart T-shirt and perpetual scowl, while Lucy embodies unbridled optimism with her horsey grin. From their first meeting at summer camp, to Danae's "sneaky yet noble" plot to train Lucy as a guide horse for the blind (they do exist!), to an unplanned expedition to Santa's Workshop (in Maine, not the North Pole), Danae and Lucy turn the cliché of a sentimental girl and her horse upside down and inside out. With Lucy and Danae, Wiley Miller has found a winning combination that readers can't resist.
