The Alcalde UFO Library Said God to Moses, "I am who I am." Ever since, questions about God abound. Who, what, where, when, why? Even, how many? In the Christian faith tradition, what about all that "trinitarian" stuff the Father, the Son, the Holy Spirit? Is it one God? Three Gods? What's up? I AM WHO I AM is God's answer to all these questions and more. For the first time ever, God speaks out. The God of the Holy Spirit, the immanent God inside, speaks out! And all is good. I AM WHO I AM is God's answer to all these questions and more. For the first time ever, God speaks out. By overthrowing the hierarchical

Trinity (with the Father enjoying a view from the top and the Holy Spirit bringing up the rear) and by replacing it with a circular Trinity having no beginning and no end, for the first time ever, God is free to speak God's mind. The God of the Holy Spirit, the immanent God inside, speaks out! And all is good. The book is divided into six Parts (as we all know, on the seventh, God rests). After a general introduction in Part I, Parts II-IV are devoted to each persona of the Trinity offering thoughts on anything and everything: on Creation and the Creative Process; on the "mind of God;" on the need for an "extreme make-over" when it comes to God and the Holy Trinity in contemporary society; on the universality of the story of Jesus; and so much more. Speaking to the reader in non-nonsense, user-friendly terms, Part V addresses such theological topics as "The Prayer of the Preyer," "S.I.N.," Satan, Heaven, Hell, and everything in between. The final part, the Epilogue, is a return of that talking donkey out of the Book of Numbers, Balaam's Donkey, reporting from the parade route of Jesus into Jerusalem. It is something that no one should miss. Finally, an autobiography of God as seen through the lens of God! Finally, the God of the Holy Spirit gets his/her say! And all is good. (I AM WHO I AM is the first of three autobiographies featuring God, Satan, and Jesus, respectively. Stay tuned for Satan's personal story in E-MAILS FROM THE UNDERWORLD and for I AM THE WORD: AN AUTOBIOGRAPHY OF

JESUS.)

Frederick R. Bauer captures the essence of William James in *Science, God's Hard Gift*. We have all heard the word "pragmatic." It entered our everyday vocabulary as a result of a series of lectures delivered by William James, the greatest of all great American thinkers. He gave those lectures in 1906, four years before his death at age sixty-eight, in 1910. In the first of

those lectures, James described the type of person he wanted to reach, a person not unlike a large number of persons today: "He wants facts; he wants science," James said, "but he also wants a religion." James did not live to see the incredible new scientific discoveries of the 1900s. Those discoveries have led increasing numbers of experts to claim that modern science has made religion "obsolete." *Science, God's Hard Gift* celebrates this centenary of James's death by updating and expanding his ideas on pragmatism for those contemporaries who want facts and science, but also a religion. ### I Am Who I Am

This searching examination of the life and philosophy of the twentieth-century Indian intellectual Jarava Lal Mehta details, among other things, his engagement with the oeuvres of Martin Heidegger, Hans-Georg Gadamer, and Jacques Derrida. It shows how Mehta's sense of cross-cultural philosophy and religious thought were affected by these engagements, and maps the two key contributions Mehta made to the sum of human ideas. First, Mehta outlined what the author dubs a

'postcolonial hermeneutics' that uses the 'ethnotrope' of the pilgrim to challenge the philosophical hermeneutic emphasis on supplementation and augmentation. For Mehta, the hermeneutic encounter ruptures, rather than supplements, the self. Secondly, Mehta extended this concept of hermeneutics to interrogate the Hindu tradition, arriving at the concept of the 'negative messianic'. In contrast to Derrida's emphasis on the 'one to come', Mehta shows how the Hindu bhakti model represents the very opposite, that is, the 'withdrawn other,' identifying thereby the ethical pitfalls of deconstructivism's emphasis on the messianic tradition. This is

the only full-length study in English of this high-profile Hindu philosopher. *Minutes of the Annual Conferences of the Methodist Episcopal Church*
