Going Till You're Gone encourages Christians to develop and maintain a Kingdom-focused vision that will guide the latter years of their lives. It calls for a careful examination of the use of our resources. It appeals to older soldiers to encourage younger believers in the battle and to passionately help lead the charge. It helps readers imagine what is possible when a life is sold out for Christ. Most of all, Going Till You're Gone is a plea for godly examples—for older men and women who demonstrate a Kingdom-focused vision all the way to the finish line.

David Hume wrote that Berkeley's arguments 'admit of no answer but produce no conviction'. This book aims at the kind of understanding of Berkeley's philosophy that comes from seeing how we ourselves might be brought to embrace it. Berkeley held that matter does not exist, and that the sensations we take to be caused by an indifferent and independent world are instead caused directly by God. Nature becomes a text, with no existence apart from the spirits who transmit and receive it. Kenneth P. Winkler presents these conclusions as natural (though by no means inevitable) consequences of Berkeley's reflections on such topics as representation, abstraction, necessary truth, and cause and effect. In the closing chapters Professor Winkler offers new interpretations of Berkeley's view on unperceived objects, corpuscularian science, and our knowledge of God and other minds.
