Design and Construction

Standards Campus buildings and outdoor spaces play a major role in defining our institutional image and in creating an ambiance that makes

Virginia Tech unique. The quality of landscape and building design has a profound impact on the visual appearance of the campus and how the university and the surrounding community are perceived and integrated.

Purpose The creation of the Street Design Guidelines (PDF) shows the City's commitment toward designing a more attractive multimodal community. The Guidelines impart direction on how Roanoke should build new streets and retrofit existing streets in order to accommodate all street users including bicyclists and pedestrians. *City of Richmond Urban Design Guidelines* The following design guidelines are used by the UDC and its staff in

reviewing applications. These guidelines may also assist the applicant in understanding the Committee's design expectations. In a sense, these guidelines are an articulation of the Committee's design goals for the City.
