OIT Design Guide -Design Guide. At VA's Office of Information and Technology (OIT), our four core principles lay the foundation of our culture: transparency, accountability, innovation, and teamwork. The way we express these principles through design creates a positive, memorable impression of our brand — a world-class IT organization that keeps the Veteran at the core of all we do.

### **Va Design Guidelines**

The Office of Construction & Facility Management (CFM) has the responsibility for planning, designing, constructing, leasing, and renovating these facilities for the service and care of the Nation's veterans. Initially established for the post World War II need for additional hospital construction for returning veterans, with the dynamic changes in health care delivery nationwide, FM has taken a very pro-active role by anticipating and providing strategic asset management during these times ...
